▼ Report Information

Today's Date:

Please review the Grant Summary provided at the time of application below.

Please provide a summary project description (3-4 sentences) that tells us what your project has accomplished. This section should answer the who, what, and where aspects of your project. For example: who did the project serve, when did the project happen, what were the project goals/outcomes, and where did the project occur.

How did your project advance digital equity?

What were your challenges during the project and how did you address them? This may be about project design, implementation, outcomes, impact.

What new programs, if any, were launched because of this project?

What digital equity programs or services will you continue to offer as a result of this grant funding?

If you provided digital skills training, provide the total number of trainings offered in each category.
