**ORDINANCE (C.B. 116507)**

AN ORDINANCE related to the Restricted Parking Zone program to update and clarify the program; amending Sections 3.12.120, 11.14.515, 11.16.120(F) and (G), 11.16.315, 11.16.317, 11.16.319, 11.23.440, 11.28.010(D), 11.31.121, 11.72.351, 11.76.015, 15.04.112 and 23.44.041(A) of the Seattle Municipal Code; adding new Section 11.16.316; and repealing Sections 15.04.112 (B) and (C), 11.73.010-.040, and 11.73.080.

WHEREAS, Ordinance 108354 established the Restricted Parking Zone program in 1979, for many years known generally as the residential parking zone program (or RPZ program) to help ease parking congestion in residential neighborhoods, and Ordinance 122853 amended the resident identification permit fees to cover the increased cost of administration; and

WHEREAS, restricted parking zones (RPZs) are often located adjacent to generators of high traffic demand, such as universities, high schools, hospitals, transit stations or stops, and business districts in order to limit the impact of employees, transit commuters, and students parking their vehicles for lengthy time periods and thereby using parking that might otherwise be used by residents and area visitors; and

WHEREAS, as of March 2009, Seattle has 27 restricted parking zones that operate seven days a week at varying days and hours, and the Seattle Department of Transportation (SDOT) issues approximately 17,000 RPZ permits annually; and

WHEREAS, as part of this ordinance to update and clarify the RPZ program, Seattle Municipal Code Sections 11.73.010-.040 and 11.73.080 are repealed; however, while the Director of SDOT continues to have the authority to create, modify or dissolve RPZs as needed, repeal of SMC 11.73.010-.040 and 11.73.080 is not intended to affect the validity of existing RPZs ~~zones~~, which the SDOT Director intends to retain as valid RPZs ~~zones~~. The boundaries of these zones can be reviewed at the SDOT RPZ permit counter; and

WHEREAS, SDOT initiated a major policy review starting in 2007 to redesign the existing RPZ program to better achieve the City of Seattle's goals in areas of parking management, transportation, economic development, social equity, and sustainability; and

WHEREAS, SDOT conducted a broad-based community engagement effort to generate feedback on draft recommendations issued in August 2008. As part of this effort, SDOT disseminated draft RPZ policy review recommendations to citizens, sought feedback from a broad range of stakeholders to help inform decisions, and, after an 80-day comment period, received over 500 comments from variety of residents, business owners and others;

1 WHEREAS, exceptions may be needed to the four-permit per household limit for those land use  
2 zones that permit dwelling units that allow well in excess of eight unrelated occupants to  
3 reside as part of one household unit; and

4 WHEREAS, the proposed amendments to the RPZ program are intended to support the  
5 following four objectives: reduce traffic impacts to neighborhoods from commuters who  
6 park around large parking demand generators; support mixed-use neighborhoods and  
7 local business districts by creating a pilot program for businesses and institutions and by  
8 broadening the community engagement program; continue to encourage a reduction in  
9 overall energy use and vehicle emissions by discouraging non-residents from parking in  
10 RPZ areas; and implement simple rules that are easily understood and clearly applied;  
11 and, NOW, THEREFORE,

26 and receive restricted parking zone permits to park in a restricted parking zone in the Initial  
27

1 Segment LINK Light Rail transit station areas, including Rainier Beach, Othello, Columbia City,  
2 Mount Baker, Beacon Hill, SODO and Stadium stations. This is in addition to permits issued to

6 qualifying businesses and institutions, permit use, and alternate eligibility procedures as needed,  
7 following the goals set forth in subsection D.

8 C. To inform communities about the intended creation of an RPZ in the LINK station  
9 areas and to obtain public comment, Seattle Department of Transportation shall convene a series  
10 of community meetings for the proposed zones prior to installation.

11 D. The purpose of the pilot program is to determine whether issuance of RPZ permits  
12 to businesses or institutions and their employees assists the Seattle Department of Transportation  
13 in reaching the following goals: reduce neighborhood traffic impacts by large parking demand  
14 generators; support mixed-use neighborhoods and local business districts; continue to reduce  
15 overall energy use and vehicle emissions; **keep demand by residents and businesses**  
16 (including institutions) from exceeding available on-street parking spaces in residential  
17 areas; and, implement a customer-oriented permit program.

4 Transportation or his or her designee shall~~will~~ present a report to the City Council **two (2) and**  
5 **four (4) years after the pilot program becomes effective. The report shall ~~that~~ evaluates the**  
6 **pilot program relative to goals listed in subsection D. The biennial reports are intended to**

8 **institutions located within the RPZs in the Initial Segment LINK Light Rail transit station**  
9 **areas, including Rainier Beach, Othello, Columbia City, Mount Baker, Beacon Hill, SODO**  
10 **and Stadium stations.**

11           H. The Seattle Department of Transportation will annually monitor and survey

13 and area businesses and institutions within each of the pilot RPZs. The Seattle Department  
14 of Transportation shall cease to renew RPZ permits for businesses and institutions in the  
15 next RPZ cycle for an RPZ, excluding the SODO and Stadium station RPZs, when the  
16 annual monitoring or survey of the RPZ indicate that twenty-five (25) percent or more of  
17 streets within any particular RPZ have the following conditions: (1) at least seventy-five  
18 (75) percent of the capacity of the street available for parking is generally occupied and (2)  
19 more than thirty-five (35) percent of the vehicles parked on the street are owned by non-  
20 residents of the designated area. In this subsection, the term “non-resident” includes  
21 businesses and institutions located in the area.

1           **I. The pilot program is intended to be in place no longer than four (4) years after**  
2 **its creation. In determining whether to continue the pilot, either as a pilot or permanent**  
3 **program, or discontinue it at the end of the four year period, the Council will consider the**

7 **Initial Segment LINK Light Rail transit station areas, including Rainier Beach, Othello,**  
8 **Columbia City, Mount Baker, Beacon Hill, SODO and Stadium stations.**

9

13 **restricted parking zones**

14           **A. The Director of Transportation or his or her designee shall consider whether a**  
15 **restricted parking zone, within a designated area, would promote certain benefits or would result**  
16 **in adverse impacts.**

17           **1. Benefits that may lead to establishing an RPZ may include, but are not limited to:**  
18 **increased access for area residents, reduced traffic congestion, increased traffic or pedestrian**  
19 **safety, reduced air or noise pollution, reduced commuter parking in neighborhoods, prevention**  
20 **of blighted areas, and promoting the use of alternative modes of transportation.**

21           **2. Adverse impacts that may prevent implementation include, but are not limited to:**  
22 **transferring a parking problem to a different area, inability to effectively enforce program**  
23

1 restrictions, lack of alternative transportation modes, and availability of simpler, cheaper or more  
2 effective solutions.

3 3. Regardless of potential benefits or adverse impacts that may result from creating an  
4 RPZ in any downtown zone including all zones contained in Map 1A of Ch. 23.49 SMC, the  
5 Seattle Department of Transportation will not install RPZs in such zones, in part, because of high  
6 demand and multiple, competing needs for on-street parking.

7  
8  
9 ~~((A-))~~ B. The Director of Transportation may establish a new or expand an existing  
10 restricted parking zone whenever seventy-five (75) percent or more of the capacity of the streets

12 designated area is generally occupied; ~~((during regular business hours or any consecutive eight~~

15 vehicles parked on the street in the area ~~((during such hours))~~ are not owned by residents of the  
16 designated area; ~~((a petition signed by, or))~~ a strong and effective community engagement effort  
17 ~~((survey))~~ indicating that ~~((;))~~ generally ~~((a majority of the residents))~~ stakeholders in the

19 **could include a petition signed by a majority of the residents in the designated area in**  
20 **support of the restricted parking zone;** and the public interest would be served. In cases  
21 where the criteria listed above are not ~~((all))~~ met, the Director of Transportation is authorized to  
22 establish a restricted parking zone when, in his or her judgment, the parking problem will be  
23 ameliorated by a restricted parking zone and the public interest would be served.  
24  
25  
26  
27  
28

1           C. The Director of Transportation or his or her designee is authorized to engage  
2 affected and interested community stakeholders to review and assist in refining any future RPZ  
3 proposals.

4

6 presentations to business and community organizations, information distribution through the  
7 City's web site, news releases and related media, direct mailings of informational materials,  
8 facilitated meetings, sounding boards, walking tours, surveys, and other techniques as  
9 appropriate to the scale of the proposal.

10  
11           2. Prior to the Director of Transportation's decision to establish or not to  
12 establish, or dissolve an RPZ, or to expand or reduce an RPZ by more than two (2)  
13 contiguous blocks, the Seattle Department of Transportation shall hold an administrative  
14 public hearing where it will provide interested persons an opportunity to submit written  
15 and spoken comment into the public record.

16  
17           3. The Seattle Department of Transportation shall mail a copy of a notice of  
18 hearing at least twenty (20) days prior to the public hearing. The notice of hearing must  
19 contain a statement of the hearing time and location and it must be sent to all owners,  
20 commercial lessees and residents of property that lies within three hundred feet (300') of  
21 the affected restricted parking zone.

22  
23           4. The Seattle Department of Transportation shall publish the notice of hearing in  
24 a local newspaper that states the hearing time and location at least twenty (20) days prior  
25 to the public hearing.

1 ~~**D. Any new or expanding major institution as defined in SMC 23.84A.025**~~  
2 ~~**applying for a major institution plan or seeking any expansion of an approved major**~~  
3 ~~**institution after January 1, 2010 that results in the installation of an RPZ shall pay the cost**~~

9  
10 ((B-))E. The Director of Transportation's decision to establish or not to establish, or to  
11 expand, reduce, or dissolve a restricted parking zone may be subject to ((review or))  
12 reconsideration within fifteen (15) days of publication in ((the Seattle Daily Journal of  
13 Commerce and/or)) a local newspaper. Requests for ((review or)) reconsideration may be  
14 initiated, in writing, by residents, business owners, employees or volunteers in or adjacent to the  
15 proposed RPZ. On ((review or)) reconsideration, the Director ((, or his or her designee,)) shall  
16 ((conduct a public hearing before the Director makes a final decision)) designate a review  
17 officer, who shall, after reviewing the reconsideration materials and other relevant information,  
18 make a recommendation to the Director. The Director may, at his or her discretion, stay  
19 implementation of a decision pending review. The Director's decision on reconsideration shall  
20 be final. Grounds for ((review or)) reconsideration may include the validity of ((the)) any  
21 parking study ((; the stringency of the parking restrictions; the boundaries of the restricted

11 provided, that vandalism or destruction of parking control signs shall not affect the validity of a  
12 restriction upon parking on any street segment designated by the Director of Transportation if  
13 other signs or traffic control devices give notice that parking in the street segment is restricted.  
14  
15

16           H. The Director may initiate dissolution of an RPZ when he or she determines that it  
17 best serves the public interest and meets at least one of the following criteria, including but not  
18 limited to, low permit sales in a zone, a small number of blocks with RPZ signs, or the original  
19 traffic generator no longer exists. The zone would be removed at the beginning of a new permit  
20 cycle.
