Seattle Office of Labor Standards Pre-Work Written Notice (Sample)

Commercial hiring entities must provide self-employed Independent Contractors covered by Seattle's Independent Contractor Protections Ordinance (ICP) with a written notice that identifies the proposed terms and conditions of work and the terms and conditions of payment before the Independent Contractor begins the work. The pre-work written notice must be provided in English and the primary language of the Independent Contractor receiving the information.

After issuing the initial Pre-Work Written Notice, hiring entities may provide piece-meal notice of changes (i.e., notice separate from the original pre-work written notice). However, if changes are made to more than six of the items required in the Pre-Work Written Notice, hiring entities must issue a revised single document with all the required items.

For more information contact Seattle Office of Labor Standards at (206) 256-5297 or see https://www.seattle.gov/laborstandards.
