

EMMA SCHMITZ MEMORIAL OVERLOOK SEAWALL PROJECT KICK-OFF

Please join the U.S. Army Corps of Engineers (USACE) and Seattle Parks and Recreation in a conversation to learn the latest on the Emma Schmitz Memorial Overlook Seawall Project. Redside Construction is preparing to begin staging equipment in the coming days, as suppliers have been able to produce key project materials ahead of schedule.

The USACE Seattle District awarded the construction contract for the Alki Seawall at Emma Schmitz Memorial Overlook in West Seattle to Redside Construction. The project will replace the existing 500-foot-long seawall at Emma Schmitz Memorial Overlook, 4503 Beach Dr. SW, Seattle, WA 98116, that was constructed in the 1920s and has experienced significant erosion and damage from storm events.
