

Join us at the upcoming Hiawatha Halloween Carnival!

WE NEED YOUR INPUT FOR THE NEW HIAWATHA PLAYFIELD PLAY AREA

Seattle Parks and Recreation is planning to relocate and replace the play area at Hiawatha Playfield. The project will transfer the location of the play area from the north end of the park to the grass area just south of the wading pool. The project includes new play equipment and restoration of the old play area site. It will improve visibility and access for all.

Community involvement is essential in developing this new play area, and we need to hear from you. Please join us to learn about the plans and provide your play area input. Following this October meeting, we will develop site and play equipment options. These options will be presented at a second community meeting. The preferred design will be presented at a third and final community meeting.
