

EAGLE SCOUT CANDIDATE INFORMATION SHEET

Welcome to working with Seattle Parks and Recreation on your Eagle Scout Project.

- Eagle Scout Projects support department initiatives and districts' work plans.
- We advise you to start planning early as an Eagle Scout Candidate.
- Projects on the Eagle Scout Project list require scouts to contact staff 90 days before the project or four months for a new trails project.
- We are looking forward to your follow through and completion of this very important step.

To accomplish this you will:

- 1) Look at the **Eagle Scout Project List**: <http://seattle.gov/parks/volunteers/default.htm>
- 2) Contact the Park's staff listed on the Eagle Scout Project list. Set up a meeting to discuss the project. In this meeting you will talk about the project and how you will achieve your goals. If the Parks' lead approves, you may prepare your written proposal.
- 3) Register as a volunteer by going to the Parks webpage: <http://www.seattle.gov/parks/volunteers>. Click on the "online Green Space Application" link, complete form and click submit.
- 4) You are also responsible for posting the Eagle Scout Work Party on the Citywide Calendar. Please go to: <http://www.seattle.gov/calendar/submit.htm>
- 5) After the project is completed, you will send a copy of your report, including the completed Group Sign-In Sheet to your Parks' contact.
