Invoice Review Checklist

The City intends to pay you promptly. Below is a checklist to ensure your payment will be processed quickly. Please check the box next to each item to indicate if you have completed the item.

- Send the invoice to the correct address.
- City Department Address/Invoice Recipient:
- Validate that the time period for services performed is within the Contract Begin Date and Contract End Date.
- Ensure invoice items have not been previously billed or paid, given the time period for which services were performed.
- Ensure enough money remains on the contract (including amendments), to pay the invoice.
- Ensure the Labor Rates match the most current approved rate sheet.
- Ensure the Overhead Rate and Fee used in calculating personnel costs match the most current approved rate sheet.
- Ensure the Direct Charges on the invoice are allowable by contract.
- Eliminate unallowable costs (e.g. Traveling Business or First Class, Alcoholic Beverages, etc.)
- Verify that personnel named are explicitly allowed for within the contract or most current approved rate sheet.
- Ensure W9/ABC certification is provided to the City and/or entered into the City on-line system.
- Check the math.
- Ensure back-up documentation is adequate and complete.
- Verify invoice number and make sure it is not a duplicate or previously submitted. Outstate invoices will confuse and delay your payment. Contact the City if you think a duplicate invoice is needed, before you send one.

- Definitions**
- Services: Deliverables or work performed by the consultant including analysis, writing, recommendations, report preparation, design development, and other specialized services.
