

CLIMATE PLEDGE ARENA IS COMING

Learn more about projects in your neighborhood!

- The Climate Pledge Arena is scheduled to open late Summer 2021
- The new Arena is eventually expected to have up to 250 large events per year with capacity for 17,100 for NHL to 18,100 for basketball games
- Look Inside 
 - Opportunity to provide feedback about curbside modifications
 - Learn more about how people will get around the neighborhood and to the arena through transit, bicycle and pedestrian improvements
 - Virtual drop-in sessions to learn more about how the Climate Pledge Arena will help improve multi-modal transportation options in the neighborhood

CLIMATE PLEDGE ARENA RELATED-PROJECTS

ACCESS AND PARKING IN UPTOWN

Let us know what you think!

- SDOT needs your feedback in designing curbside regulations to support residents and businesses and prevent gridlock in Uptown
- Curbside modifications will be designed to ensure access for area residents, businesses, employees and visitors
- Curbside changes should be in place before the Arena opens

What are the next steps?

- We are collecting feedback through September 15, 2020 by survey, email, and phone
- Get more information at www.seattle.gov/transportation/uptownaccess
- Let us know what you think by filling out this survey: www.surveymonkey.com/r/UptownAccess
- Our goal is to create a draft proposal to present to the community in late fall

CLIMATE PLEDGE ARENA MULTIMODAL IMPROVEMENTS

The Arena's goal is to be the most progressive, responsible, and sustainable arena in the world. Part of that relates to being a leader for responsible, efficient, multimodal transportation choices.

What to expect:

- Improvements for people walking, biking and taking transit along Queen Anne Ave N and 1st Ave N
 - Bus-only lanes
 - Protected bicycle lanes
 - Curb extensions
 - Two new signals
- Modifications to the intersection of 2nd Ave and Denny Way
- Street improvement construction to begin at the end of 2020

SEATTLE CENTER TO WATERFRONT WALKING AND BIKING CONNECTION

We're designing an important walking and biking connection between Seattle Center and Myrtle Edwards Park via W Harrison St. We expect to start construction in early 2021.

What's new?

- Community input resulted in strong support for an expanded walking/biking path on 3rd Ave W at the base of the Thomas St pedestrian overpass
- The bike route will travel along W Harrison St between 3rd Ave W and Queen Anne Ave N to connect to planned protected bike lanes and will include some parking removal primarily on the north side of W Harrison St
- For a better pedestrian experience, we're adding new all-way stops at four intersections along W Thomas St and 2nd Ave W
