

Construction on NE 110th St begins as soon as June 27, 2017

OVERVIEW

Construction for the John Rogers Safe Routes to School Project on NE 110th St between 39th Ave NE and 40th Ave NE will begin as soon as Tuesday, June 27, 2017.

This project will add sidewalk, curb ramps, and other roadway shoulder improvements to make it safer and easier for kids to walk and bike to school.

SCHEDULE & SEQUENCING

We expect work to last through early September 2017. Crews will work to reduce impacts to school traffic as much as possible by starting after the last day of school this June and finishing most major activities before school resumes in September, weather permitting.

Crews plan to start by mobilizing equipment to the site, surveying, then clearing vegetation, and sawcutting before working on the storm drains on the north and south sides of the street.

Upcoming work on the curbs, gutters, and roadway may require a temporary construction detour for up to 2 weeks due to the narrow width of the street. Through-traffic will be detoured, but we will maintain local access to homes in the work area. Please stay tuned for details.

WE WANT TO KEEP YOU INFORMED

Please sign up for construction email updates at the website listed below. Thanks for your patience while we work to improve safety and mobility in your neighborhood!

WHAT TO EXPECT DURING CONSTRUCTION

HOURS

- Typical weekday work hours from 7 AM – 5 PM

TRAFFIC IMPACTS

- Traffic restrictions, including flaggers to maintain two-way traffic on NE 110th St
- Potential temporary closure and detour of NE 110th St for up to 2 weeks
- On-street parking restrictions; crews will post temporary "No Parking" signs at least 72 hours before the start of a restriction

NOISE

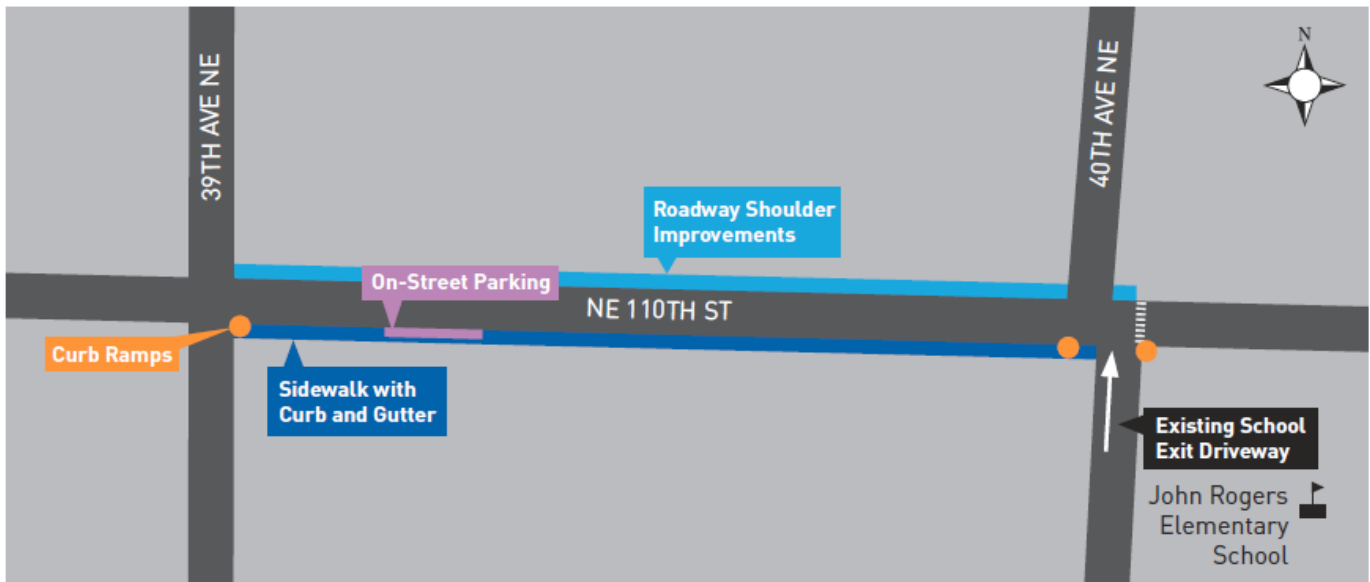

- Typical construction noise, dust, and vibration from heavy construction machinery

PEDESTRIAN & BICYCLE ACCESS

- Pedestrian detours will be in place around construction zones; please follow posted signs
- Bicyclists should follow signed pedestrian detours or merge with traffic

ACCESS

- Crews will maintain access to homes and businesses
- We'll notify impacted neighbors individually about temporary driveway restrictions
