## Seattle Urban Forest Stewardship Plan 2016 Work Plan

| Strategy  | <b>2016 Actions</b><br>(Lead department)  | 2016<br>Estimated Budget        |
|---|---|---------------------------------|
| Community Approach  |   |                                 |
| Inspire, inform, and engage the<br>community in active stewardship<br>of Seattle's urban forest     | Strengthen public outreach, education, and engagement,<br>building on efforts already underway.<br>(reLeaf)   | Included in current budget      |
|   | New urban forestry outreach brand to launch. (UF Core Team)   | Included in current budget      |
|   | Update City urban forestry websites through<br>interdepartmental effort to ensure a coordinated approach<br>and public usability (OSE, reLeaf, IDT)                         | Within existing staff resources |
|   | Maintain outreach and education programs provided by the Green Seattle Partnership (Parks, SPU, OSE)  | Within existing staff resources |
|   | Provide volunteer stewardship opportunities through the<br>Green Seattle Partnership, "Friends of" groups, Tree<br>Ambassador, and other programs (Parks, SPU, OSE, reLeaf) | Within existing staff resources |
|   | Work closely with the Urban Forestry Commission on development of policies and programs to implement and achieve UFSP goals (OSE, Urban Forest IDT)                         | Within existing staff resources |
|   | Core Team to host the interdepartmental 2016 Arbor Day celebration (Core Team)  | Within existing staff resources |
| Ecological Approach   |   |                                 |
| <b>Understand</b> the character and complexity of the urban forest resource                         | Undertake comprehensive LiDAR-based canopy cover assessment (OSE, IDT)  | \$30,000                        |
|   | Work with local universities and research institutions to pursue the Research Agenda. (OSE, IDT)  | Within existing staff resources |
| Resource Management Approach  |   |                                 |
| <b>Coordinate</b> interdepartmental and interagency communication, cooperation, and decision-making | Produce recommendation to enhance urban forestry efforts<br>in response to OSE's management leadership proposal (OSE,<br>Core Team)   | Within existing staff resources |

| Strategy                          | <b>2016 Actions</b><br>(Lead department)   | 2016<br>Estimated Budget                          |
|-----------------------------------|--|---|
|                                   |  |   |
|                                   | Convene Urban Forest Interdepartmental Team as the   | Within existing staff resources                   |
|                                   | group primarily responsible for working on strategies and  |   |
|                                   | tactics to support UFSP goals, share information on day-to-  |   |
|                                   | day operations, and elevate issues to the core Team. (OSE, IDT)  |   |
|                                   | Convene the Urban Forest Core Team formed by staff from  | Within existing staff resources                   |
|                                   | key departments (Parks, SPU, SDOT, SCDI, SCL and OSE) and  |   |
|                                   | tasked with crafting the work plan to deliver on the sub-  |   |
|                                   | cabinet's identified priorities and rapid response to  |   |
|                                   | emerging situations. (OSE, Core Team)  |   |
|                                   | Convene the Urban Forest Sub-cabinet consisting of   | Within existing staff resources                   |
|                                   | Directors of all eight departments with urban forestry   |   |
|                                   | mandates, tasked with meeting twice a year to set citywide   |   |
|                                   | priorities on trees that all departments work to achieve.  |   |
|                                   | (OSE, Sub-cabinet)   | Within ovicting staff recourses                   |
|                                   | Monitor UFSP performance and issue an annual report.<br>(OSE)  | Within existing staff resources                   |
| Preserve, restore, and enhance    | Produce the Street Tree Master Maintenance Plan (SDOT)   | Within existing staff resources                   |
| the urban forest on City property |  |   |
|                                   | Trees planted and maintained by the City:  | Included in current budget                        |
|                                   | Plant two trees for each tree removed across all   |   |
|                                   | departments (All Departments – report on number of trees   |   |
|                                   | planted and number of trees removed)   |   |
|                                   | Plant 100 trees in Developed Parks (Parks)<br>Plant 200+ trees under BTG and Capital Projects (SDOT)     |   |
|                                   |  |   |
|                                   | Trees funded by the City, planted, and maintained by   | \$90,000  |
|                                   | residents:   |   |
|                                   | Assist community members in residential areas with low   |   |
|                                   | canopy cover to plant and care for 1,000 trees through the Trees for Neighborhoods project. (SPU reLeaf) |   |
|                                   | Continue restoration on 1,200 acres of forested parkland.  | \$2.1M - direct funding \$458K - project specific |
|                                   | Begin restoration on 100 new acres. (Parks)  | funding   |
|                                   | Maintain 1,500 trees per year. Inventory 1,500 trees for risk.<br>(Parks)                                | \$1.0M  |
|                                   | Maintain 3,000 trees/year (SDOT)   | \$695,000   |

| Strategy  | <b>2016 Actions</b><br>(Lead department)   | 2016<br>Estimated Budget |
|---|--|--------------------------|
|   | Prune trees away from 480 miles of electrical distribution for electrical safety and reliability. (SCL)                                | \$3.4M                   |
| <b>Regulate</b> private property to<br>ensure minimum standards for<br>care of the urban forest | Work on the 10-year update of the Right-of-way<br>Improvements Manual (SDOT)   | \$250,000                |
|   | Undertake a tree regulations research project to determine<br>whether current tree protection regulations are effective<br>(OSE, SDCI) | \$15,000                 |
