

- 1. Parking expansion at Community Center**
 - Double the capacity of the existing parking lot. This work includes required frontage improvements at Dakota Street. The work would be completed with the skateboard park due to necessary construction access.
- 2. Basketball Courts**
 - Expand and add an additional basketball court at the community center. The work would be completed with the skateboard park due to necessary construction access.
- 3. Plaza and Water feature**
 - Complete the community plaza space adjacent to the community center. This space can be used for the Beacon Hill festival. Work also includes completion of the water feature identified on the master plan
- 4. Promenade extension to Asa Mercer**
 - This would complete the promenade pathway indicated on the master plan, linking the community center to Asa Mercer Middle School and the community beyond. Work includes pathway lighting
- 5. Complete lighting for loop promenade**
 - Continuation of the pathway lighting installed in phase 1 on the upper portion of the park.
- 6. Picnic Shelters**
 - Provide up to 3 picnic shelters at locations throughout the park. Locations could include the sports meadow, Jefferson playfield and the great lawn area.
- 7. Jefferson Playfield**
 - Provide an improved playfield adjacent to Asa Mercer Middle School.
- 8. Dakota Street Parking**
 - Open up the City Horticulture parking lot for shared parking during off hour use. Includes improvements to the lot and perimeter fence revisions
- 9. Develop the Terrace**
 - Expand the park to the west, out to 15th. Improvements would include more pathways, trees, lawn, regrading. Possible elements discussed in the past include an “arboretum-like” planting approach with a variety of interesting species appropriate to a city park.
- 10. Perimeter streetscape**
 - Clean up the park edges along S Spokane Street and 15th Ave NE. A wide sidewalk and street trees would be provided. Clearing blackberries and improving views into the park are included
- 11. Beacon Mountain Play Area - Phase 1**
 - Provide basic infrastructure for beacon mountain. Phase 1 includes slides, splash park, amphitheater, and selected play elements.
- 12. Beacon Mountain Play Area - Full build out**
 - Installs the full concept for the Beacon Mountain play area.
