INTRODUCTION

The Seattle Fire Department is pleased to provide this activity booklet with three important safety lessons:

- **Fire Safety at Home – Make a plan**
 - o Teaching tip: Have children share what they found or what they did to make their home safer.
 - o Teaching tip: Demonstrate the sound of a smoke alarm or have children draw their fire escape plan.
- **Match and Lighter Safety – Make good choices**
 - o Teaching tip: Have each child practice giving matches or lighters to an adult or tell a story of what they did to keep others safe.
- **911 Emergency – Know what to do**
 - o Teaching tip: Have children practice making an emergency call to report a fire or medical emergency. Ask them to include the problem, their name and home address.

We hope this collection of fun, educational worksheets will help reinforce fire and life safety into your regular learning activities. The activities are designed to engage children and encourage safety at home and play.

Thank you for your commitment to helping children develop valuable skills to keep themselves and others safe!

Sincerely,

Feature Firefighter

Meet Firefighter Kyle Shoecraft

Kyle is a firefighter. He's a fun guy. He loves to snowboard. Firefighter Kyle likes riding his bike. He always wears his helmet. Hiking is another fun thing Firefighter Kyle does. He hikes with his dogs. Their names are Baxter and Chocolate.

Firefighter Kyle works hard. He is an Inspector. He inspects buildings. He makes sure they follow fire safety rules. Firefighter Kyle says "the best way to stay safe from fire is to stop a fire before it starts." He prevents fires. He keeps people safe. He keeps firefighters safe.

Staying safe is important to Firefighter Kyle. He prevents fires at his house. He tests his smoke alarms. He practices his fire drill. He keeps things that can burn away from heaters. Keeping his home safe is important. He loves Baxter and Chocolate and wants them to have a safe home.
