## Schedule of benefits

---

This schedule of benefits lists the **deductibles** and **copayments/payment percentage**, if any, that apply to the services you receive under this plan. You should review this schedule to become familiar with your **deductibles** and **copayments/payment percentage** and any limits that apply to the services.

### How to read your schedule of benefits

- When we say:
  - “In-network coverage”, we mean you get care from **network providers**.
  - “Out-of-network coverage”, we mean you can get care from **out-of-network providers**.
  - “Other health care coverage”, we mean you can get care from an **out-of-network provider** when you could not reasonably get the services and supplies needed from a **network provider**. This includes when you get care from **out-of-network providers** during your **stay** in a **network hospital**.
- The **deductibles** and **copayments/payment percentage** listed in the schedule of benefits below reflect the **deductibles** and **copayment/payment percentage** amounts under your plan.
- Any **payment percentage** listed in the schedule of benefits reflects the plan **payment percentage**. This is the amount the Plan pays. You are responsible to pay any **deductibles**, **copayments**, and the remaining **payment percentage**.
- You are responsible for full payment of any health care services you receive that are not a **covered benefit**.
- This plan has maximums for specific **covered benefits**. For example, these could be visit, day or dollar maximums. They are combined maximums between **network providers** and **out-of-network providers** unless we state otherwise.
- At the end of this schedule you will find detailed explanations about your:
  - **Deductible**
  - **Maximum out-of-pocket limits**
  - **Maximums**

#### Important note:

All **covered benefits** are subject to the Calendar Year **deductible** and **copayment/payment percentage** unless otherwise noted in the schedule of benefits below.

### Important Information about Your Cost Share as it Applies to Aexcel Designated Network Specialists, Non-Designated Network Specialists and All Other Network Providers

This plan provides access to covered services and supplies through a network of health care providers. The plan is designed to lower your out-of-pocket costs when you use **network providers** for **covered expenses**. Your cost-sharing will generally be lower when you use **network providers**.

*In addition to the **network providers** described above,* this plan provides access to **covered expenses** through designated network of specialty **physicians** that are unique to your plan. These **network providers** are shown as **Aexcel designated specialists and non-designated specialists** and all other network providers. Your cost sharing will be lower when you use the **Aexcel designated network specialists**. The **Aexcel designated network specialists, non-designated network specialists,** and "all other network provider groups" are identified in the printed **directory** and the on-line version of the **directory** via provider search at [www.aetna.com](http://www.aetna.com). Please be sure to look at the appropriate **directory** that applies to your plan, since different **Aetna** plans use different networks of providers. Your plan includes different benefit levels based upon the type of **network provider** that you use (designated, non-designated or all other network provider) or if you choose to see an **out-of-network** provider. The Aexcel designated specialists include 12 medical specialties which are listed below.

The *Aexcel* medical specialties include:

- Cardiology
- Cardiothoracic surgery
- Gastroenterology
- General surgery
- Neurology
- Neurosurgery
- Obstetrics and Gynecology
- Orthopedics
- Otolaryngology/ENT
- Plastic surgery
- Urology
- Vascular surgery

#### Important Notes:

1. **Aexcel Designated Network Specialists** can be found in the paper **directory** with an asterisk and on the on-line version of the **directory** via provider search with a blue star.
2. If you obtain covered services and supplies from an **Aexcel designated network specialist**, separate cost sharing applies to these types of providers. If your **PCP** is also an **Aexcel designated network specialist** or a **non-designated network specialist**, in this situation, you will be subject to the applicable **specialist copay** (if any) that applies to these types of providers and *not* the **copay** that applies to **PCP's** under this Plan. The cost sharing amounts are described later in this *Schedule of Benefits*.

**Important Note:**

If you live in an area with an "Aexcel" network, for maximum savings, you must select an Aexcel designated network specialist for specialty care in these Aexcel specialties. If you select a non-designated network specialist for your specialty care, your out-of-pocket expenses will be higher than if you selected an Aexcel designated network specialist in that same specialty or certain benefits may not be covered under this Plan. *Carefully read the details on cost-sharing provided later in this Schedule of Benefits.*

**Important Note:**

- As **out-of-network providers** do not have a contract with us the **provider** may not accept payment of your cost share, (**deductible, copayment and payment percentage**), as payment in full. You may receive a bill for the difference between the amount billed by the **provider** and the amount paid by this plan. If the **provider** bills you for an amount above your cost share, you are not responsible for paying that amount. You should send the bill to the address listed on your ID card, and we will resolve any payment dispute with the **provider** over that amount. Make sure the member's ID number is on the bill.
- A separate hospital emergency room **copayment/payment percentage** will apply for each visit to an emergency room. If you are admitted to a hospital as an inpatient right after a visit to an emergency room, your emergency room **copayment/payment percentage** will be waived and your inpatient **copayment/payment percentage** will apply.

## General coverage provisions

---

This section provides detailed explanations about the:

- **Deductible**
- **Maximum out-of-pocket limits**
- **Maximums**

that are listed in the first part of this schedule of benefits.

<b>Deductible provisions</b>
<b>Eligible health services</b> applied to the out-of-network <b>deductibles</b> will be applied to satisfy the in-network <b>deductibles</b> . <b>Eligible health services</b> applied to the in-network <b>deductibles</b> will be applied to satisfy the out-of-network <b>deductibles</b> .
The <b>deductible</b> may not apply to certain <b>eligible health services</b> . You must pay any applicable <b>copayments/payment percentage</b> for <b>eligible health services</b> to which the <b>deductible</b> does not apply.
<b>Individual</b> This is the amount you owe for in-network and out-of-network <b>eligible health services</b> each Calendar Year before the plan begins to pay for <b>eligible health services</b> . This Calendar Year <b>deductible</b> applies separately to you and each of your covered dependents. After the amount you pay for <b>eligible health services</b> reaches the Calendar Year <b>deductible</b> , this plan will begin to pay for <b>eligible health services</b> for the rest of the Calendar Year.
<b>Family</b> This is the amount you and your covered dependents owe for in-network and out-of-network <b>eligible health services</b> each Calendar Year before the plan begins to pay for <b>eligible health services</b> . After the amount you and your covered dependents pay for <b>eligible health services</b> reach this family Calendar Year <b>deductible</b> , this plan will begin to pay for <b>eligible health services</b> that you and your covered dependents incur for the rest of the Calendar Year.
To satisfy this family <b>deductible</b> limit for the rest of the Calendar Year, the following must happen: <ul style="list-style-type: none"><li>▪ The combined <b>eligible health services</b> that you and each of your covered dependents incur towards the individual Calendar Year <b>deductibles</b> must reach this family <b>deductible</b> limit in a Calendar Year.</li></ul>
When this occurs in a Calendar Year, the individual Calendar Year <b>deductibles</b> for you and your covered dependents will be considered to be met for the rest of the Calendar Year.

\*See *How to read your schedule of benefits* at the beginning of this schedule of benefits

<p><b>Common Accident Deductible</b></p> <p>This limit applies when two or more family members are injured in the same accident. The common accident deductible limit places a limit on your <b>deductible</b> expenses when covered expenses are applied toward the separate Calendar Year <b>deductibles</b>. When this occurs, and all covered expenses related to the accident in that Calendar Year exceed the common accident deductible limit, your plan will then pay the excess amount based on the plan <b>payment percentage</b>. The added benefit will be reduced by any family deductible limit benefit amount paid for the same covered expenses.</p>
<p><b>Deductible carryover</b></p> <p>Any amounts that you paid for <b>eligible health services</b> in the last three months of a Calendar Year that apply toward that year's Calendar Year <b>deductibles</b> will also count toward the following year's Calendar Year <b>deductibles</b>.</p>
<p><b>Per Admission Deductible</b></p> <p>Separate <b>deductibles</b> may apply per facility. These <b>deductibles</b> are in addition to any other <b>deductibles</b> applicable under this plan. They may apply to each <b>stay</b> or they may apply on a per day basis up to a per admission maximum amount.</p> <p><b>Eligible health services</b> applied to the per admission <b>deductible</b> cannot be applied to any other <b>deductible</b> required in this plan. ## Maximum out-of-pocket limits provisions

**Eligible health services** applied to the **out-of-network maximum out-of-pocket limit** will be applied to satisfy the in-network **maximum out-of-pocket limit** and **eligible health services** applied to the in-network **maximum out-of-pocket limit** will be applied to satisfy the out-of-network **maximum out-of-pocket limit**.

The **maximum out-of-pocket limit** is the maximum amount you are responsible to pay for **copayments/payment percentage** and **deductibles** for **eligible health services** during the Calendar Year. This plan has an individual and family **maximum out-of-pocket limit**. As to the individual **maximum out-of-pocket limit** each of you must meet your **maximum out-of-pocket limit** separately.

### Individual

Once the amount of the **copayments/payment percentage** and **deductibles** you and your covered dependents have paid for **eligible health services** during the Calendar Year meets the individual **maximum out-of-pocket limit**, this plan will pay 100% of the **negotiated charge** or **recognized charge** for **covered benefits** that apply toward the limit for the rest of the Calendar Year for that person.

### Family

Once the amount of the **copayments/payment percentage** and **deductibles** you and your covered dependents have paid for **eligible health services** during the Calendar Year meets this family **maximum out-of-pocket limit**, this plan will pay 100% of the **negotiated charge** or **recognized charge** for such **covered benefits** that apply toward the limit for the remainder of the Calendar Year for all covered family members.

To satisfy this family **maximum out-of-pocket limit** for the rest of the Calendar Year, the following must happen:

- The family **maximum out-of-pocket limit** is a cumulative **maximum out-of-pocket limit** for all family members. The family **maximum out-of-pocket limit** can be met by a combination of family members with no single individual within the family contributing more than the individual **maximum out-of-pocket limit** amount in a Calendar Year.

The **maximum out-of-pocket limit** may not apply to certain **eligible health services**. If the **maximum out-of-pocket limit** does not apply to a covered benefit, your **copayment/payment percentage** for that covered benefit will not count toward satisfying the **maximum out-of-pocket limit** amount.

Certain costs that you incur do not apply toward the **maximum out-of-pocket limit**. These include:

- All costs for non-covered services
- Amounts you pay toward a **deductible**
- **Copayment**
- Any out of pocket costs for non-emergency use of the emergency room
- Any out of pocket costs for outpatient **prescription drugs**
- As it applies to out-of-network coverage: Charges, expenses or costs in excess of the **recognized charge**

<b>Maximum provisions</b>
<b>Eligible health services</b> applied to the <b>out-of-network</b> maximum will not be applied to satisfy the network maximum and <b>eligible health services</b> applied to the network maximum will not be applied to satisfy the <b>out-of-network</b> maximum.
<b>Calculations; determination of recognized charge; determination of benefits provisions</b>
Your financial responsibility for the costs of services will be calculated on the basis of when the service or supply is provided, not when payment is made. Benefits will be pro-rated to account for treatment or portions of stays that occur in more than one Calendar Year. Determinations regarding when benefits are covered are subject to the terms and conditions of the booklet.
