TRƯỚC HIỀN NHÀ | BALBALADA HORE**

Maple Wood Park is a front yard to the neighborhood. Before I5 was built, streets connected through the park and houses lined the streets. Reinforcing the community connection, the Front Porch brings the neighborhood into the park – a place to feel at home to watch games, have picnics, BBQ, exercise, and play.

**FLIGHT PATH | 航行轨迹 | TRAZO AÉREO
ĐƯỜNG BAY | WADOOYINKA DU**

Planes fly over Beacon Hill in all directions, charting the course to Seattle airports and beyond. Taking cues from the flights overhead and the views from the park, Flight Path transforms the park experience with landforms to create dynamic places to gather, to take advantage of views, and for creative play.

**MEANDER | 蜿蜒 | EL MEANDRO |
UỐN KHÚC | QALOOCA**

The wetland in Maple Wood forest was once connected to the Duwamish River as it wove and curved through the valley. Meander uses the language of the river to create a place that differentiates it from the city. Paths weave through the forested park, carve out play areas, form gathering places, build mounds, and create a clearing in the woods for a play field.
