

## Construction continues into early 2019 at N 100th St and Greenwood Ave N

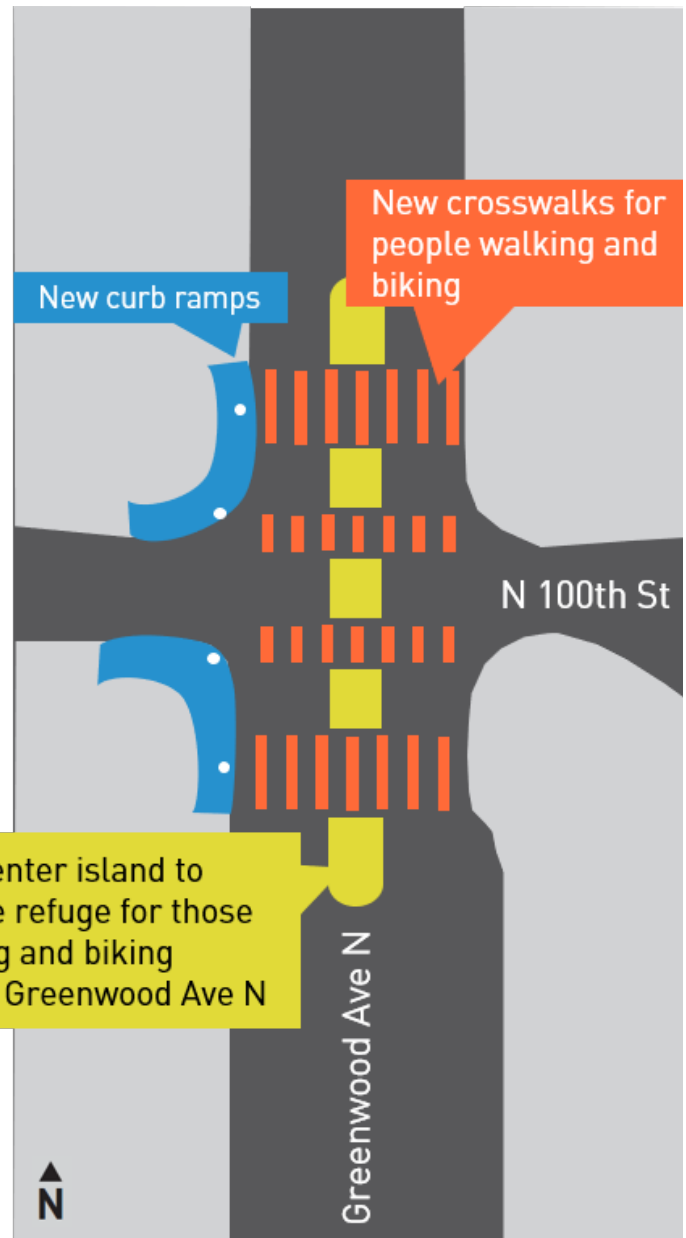

### WHAT'S HAPPENING NOW

Initial demolition on both sides of Greenwood Ave N and N 100th St is largely complete. Work will now continue into early 2019 to install curb ramps and the pedestrian island (see map). The schedule is weather-dependent and subject to change. We apologize for any inconvenience.

For the safety of everyone using the street, please follow posted detour signs and avoid residential streets unless you live there or have business in the area. It's important to drive slowly and be aware in work areas.

This work is part of the North Seattle Neighborhood Greenway that will provide safer, calmer residential streets that prioritize people walking and biking. Once complete, those driving will no longer be able to cross Greenwood Ave N at N 100th St.

For future updates, please check the sign at the intersection, sign up for our list serv on the project webpage, or contact us using the information below.

### WHAT TO EXPECT

- Work in the street on weekdays from 7 AM to 4 PM
- N 100th St at Greenwood Ave N will be open for local access only
- Temporary restrictions to on-street parking, posted 72 hours in advance
- 2-way traffic on Greenwood Ave N will be maintained; people biking will be directed to merge with traffic
- Detours for people walking and biking to get you around work zones
