

ISBEDEL AYAA KU SOO SOCDA RAINIER AVE S!

2019

Beddelka jihada jidka ee qaybaha iyo hagaajinta isgoosyada si wax looga qabato qaababka shilalka

2020

In la dhamaystiro qaabka jidka cusub ee aagga mashruuca si loo hagaajiyo ammaanka iyo helitaanka basaska

Hagaajinta amniga iyo socodka basaska ee ku socda Rainier Ave S

SABABA?

Rainier Ave S waa wadada ugu shilalka badan Seattle. Wuxaan ka shaqeyneyaa sidiin uga dhigi lahayn mid amaan u ah qof walba. Sannadkii 2014, waxaan biloownay geedi socod wada shaqeyn si loo hagaajiyo Rainier oo qayb ka ah barnaamijka Vision Zero ee Seattle si loo yareeyo dhimashada gaadiidka ee shilalka iyo dhaawacyada culus 2030. Wajiga 1aad, waxaan dib u hagaajinay waddada udhaxeysa S Alaska St iyo S Kenny St oo si guul leh kor loogu qaaday ammaanka. Sannadkan iyo sanadka soo socda waxaan dhameyn doonaa Wajiga 2 inta u dhaxeysa S Kenny St iyo S Henderson St.

MAXAA SOO SOCDA?

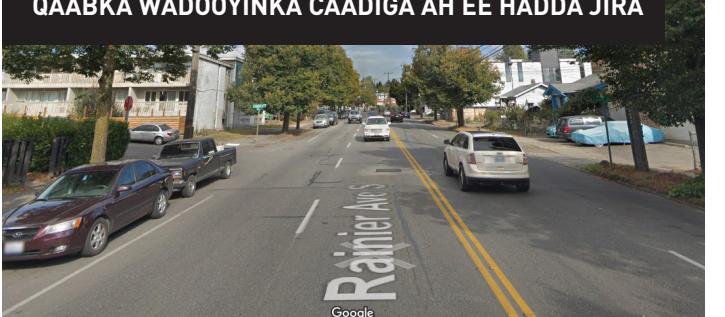

Sannadka 2017, waxaan ku weydiinay jawaab-celintaada isbeddellada suurtagalka ah. Mowduucyada ugu sarreeya ee aynu maqalnay waxay ahaayeen taageero si loo hagaajiyo ammaanka iyo basaska inay si joogto ah u socdaan.

Ka dib markii dib loo eegay jawaab celinta beesha, la shaqeynay wadaagayaasha King County Metro, iyo sameyn ta qaabaynta gaadiidka, sanadkan, waxaan ku sameeynaynaa horumarin weyn isgoyska kasta (eeg khariidada). Waxa kale

QAABKA WADDOOYINKA MUSTAQBALKA

QAABKA WADDOOYINKA CAADIGA AH EE HADDA JIRA

oo aanu qorshaynaynaa habayn cusub oo waddooyinka ah sanadkan qaybaha iyo dhammaan mashruuca guud ee sanadka soo socdana (ka eeg hoos).

WADADU SIDEEDAYA U EKAAN DOONTA?

Fikradda qaabka waddooyinka ayaa sida caadiga ah waxaa ka mid ah wadiiqada baarkinka (ama dhanka galbeedka ama midka bariga waddada), hal dhinac oo wadista oo jiha kasta ah, xariiqaa gadaal u leexashada, iyo qadka basaska. Waxaan sii wadeynaa ilaa 70% goobta baabuur dhigashada, laakiin wadooyinka qaar waxaa ku jiri doona qadka baska iyo meel u dhow xariiqda baarkinka. Waxaan gaareynaa deriska xaafadaha ku yaala si aan uga helno isbeddelka habka jidka.

Kulamada waxaa ka mid ah in ka badan 1,200 oo jawaab wax-ka-qabasho ah oo luqado badan, dhowr kulamo lala yeeshay dadka deggaanka iyo ganacsadayaasha, iyo ka qaybgalka dhacdooyinka kala duwan ee beesha. Waxaan sii wadeynaa inaanu ku soo daro ganacsatada degaanka nagu dhow iyo dadka degaaanka anagoo kula kulmayna guryahood iyo kulanada kooxaha bulshada. Nala soo xiriir si aad wax dheeraad ah uga ogaato!

MAXAA LOO YAREEYAY TIRADA XARIJIMAHAFARKA?
Yareynta tiradda guud ee xarijimaha safarka guud ee socdaalka ayaa la xaqiijiay inay yareeyso xawaaraha - waa arrin muhiim u ah xawaaraha iyo darnaanta shilalka.

Ku darida xariiqaa laynka dhexe ayaa hagaajin doonta ganacsiga iyo gaadiidka xaafadaha iyo ku darida waddooyinka basaska waxay sii wadi doonaa dhaqaqa qida basaska. Waxaan si taxadar leh ula socon doonaa xawaaraha iyo tiradda gaadiidka agagaaraha mashruuca waxaanu sameyn doonaa isbedel marka loo baahdo.

AMMAANKA IYO HAGAAJINTA BASKA

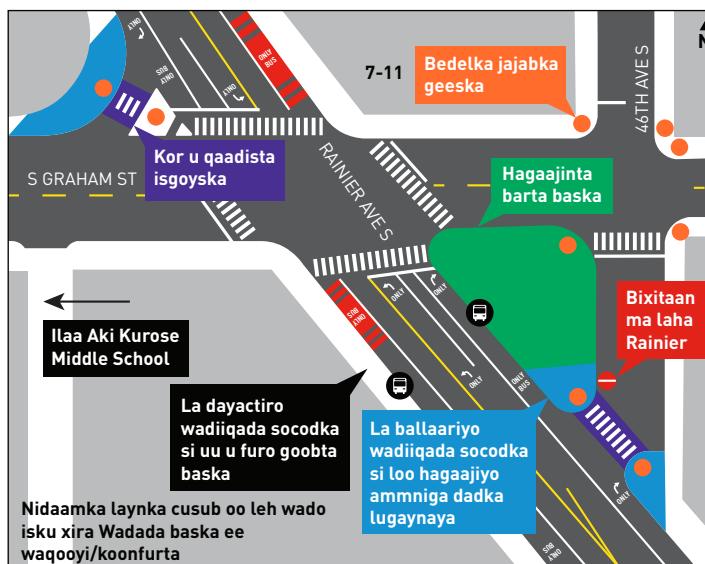

Maxay yihiin isbedeladaan?

Waxaan baarnay sida u dhacaan shilalka dhammaan isgoosyadda waaweyn. Horumarintaan waxaa loogu talagalay in ay hoos u dhigto xawaaraha socodka, sii wadaan basaska, iyo inay fududeeyaan socodka Rainier.

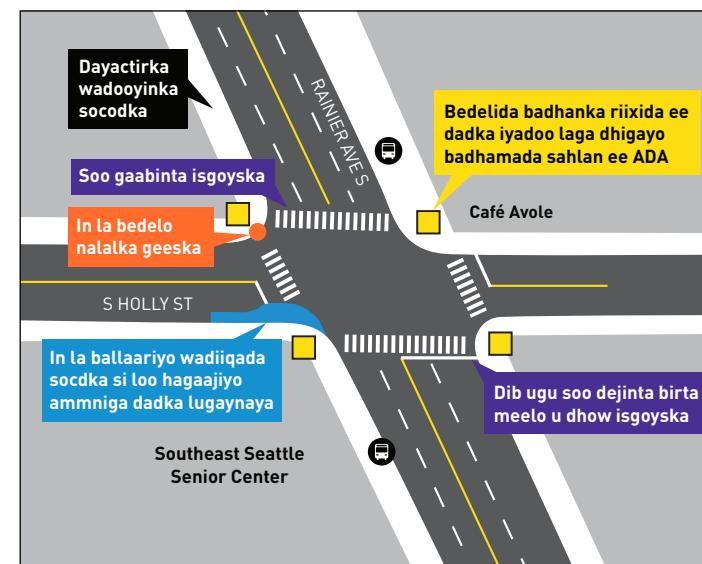

Sideen u akhriyaa khariidada?

Nambarada jaalaha ee khariidadda mashruuca waxay u dhigantaa khariidadda xuddunta u ah isgoosyada. Falaaraha guduudan ayaa muujinaya halka aan wax ka bedelayno habka waddooyinka ee sanadkan. Waxaan dhameystirnaa habka cusub ee jidka loo maro meheradda mashruuca sanadka soo socda.
