How to use this Calendar:

- Each training or exercise is hyperlinked to its respective registration page or platform.
- Clicking on a training or exercise will take you to a new page where you can learn more information, including further information about dates and times, required experience and pre-requisites, and how to register.
- If a training or exercise is not linked, check back at a later time as this calendar will be regularly updated with new details and information.
- Courses administered by FEMA require an additional FEMA Student ID.
- Click on the Regional Training Calendar Icons to be linked to agency specific training and exercise calendars

For questions regarding the calendar or the included trainings and exercises, please reach out to Seattle OEM Training & Exercise Coordinator Jordan Bright (jordan.bright@seattle.gov)
