Dear Mr Barnett ,

I believe that CM Mosqueda and CM Gonzalez are using their positions as council members for personal gain .  
A recent council Bill was introduced by CM Mosqueda . This particular council bill is a proposed budget item asking for \$4,200,000 for a day care facility to be placed within city hall .

CM Mosqueda proposed this bill shortly after becoming pregnant and CM Gonzalez is pregnant now.

Both council members should not be allowed to use their seats on the council to gain special services , services that other work places are not privy to.

Please investigate this potential violation .

Sincerely ,

Jennifer Aspelund
