

WE HAVE MANY OPTIONS FOR YOU

# SEATTLE FIRE DEPARTMENT JOBS

## **FIREFIGHTER/EMT**

All firefighters are EMT certified, which means they can work on a fire engine, ladder truck and aid car, and provide Basic Life Support services to patients.

## **TECHNICAL TEAMS & OTHER OPPORTUNITIES**

Firefighters can choose to apply for special operation positions and receive additional training and responsibilities: rescue, marine, hazardous materials and aviation. Members also have the opportunity to apply for and deploy with Urban Search & Rescue or the wildland team, and work on the department's new Health One rigs to serve the City's most vulnerable populations.

## **FIREFIGHTER/PARAMEDIC**

Paramedics are trained in Advanced Life Support so they can respond to life-threatening emergencies.

## **FIREFIGHTER/DISPATCHER**

Dispatchers work at the Fire Alarm Center and send resources to incidents.

## **FIRE INVESTIGATOR**

Investigators respond to fire incidents to determine how the fire started.

## **FIRE PREVENTION DIVISION**

There are many firefighter positions at the Fire Prevention Division, including code compliance, special events and more.

## **TRAINING DIVISION**

Trains new recruits and ensures the department maintains certifications and required training.

## **PROMOTIONS**

Firefighters can promote to an officer, all the way up to the Chief of the department.

## **CIVILIAN POSITIONS**

There are many civilian positions which do not require you to be a firefighter, including career paths such as finance, public relations, human resources, etc. These opportunities are listed on the City of Seattle's job website.
