Section A – Summary of Benefits

To All Eligible Employees

This booklet describes the Group Dental Plan available to employees and dependents of the City of Seattle. Currently the City pays all or a major portion of the costs of the plan for enrolled employees and their dependents. Enrolled employees may be required to contribute to the plan on a cost-sharing basis or may not be eligible for certain benefits in accordance with collective bargaining agreements.

The Delta Dental of Washington Incentive Plan described in this booklet is designed to encourage you and your dependents to utilize the services of a dentist each year. Through such usage you receive greater benefits.

You are urged to have regular checkups and preventive treatment to promote continuing dental health for yourself and your family.

How to use your Plan

The best way to take full advantage of your dental Plan is to know its features. You can learn them by reading this benefit booklet before you go to the dentist. This benefit booklet is designed to give you a clear understanding of how your dental coverage works and how to make it work for you. It also answers some common questions, or if you do not understand something, give us a call at 800-554-1907. We're more than happy to help.

Consult your provider regarding any charges that may be your responsibility before treatment begins.

Who Is Covered?

All enrolled employees and their enrolled dependents are covered.

What Is Covered?

Your plan provides basic dental care necessary for good dental health. It does not allow all procedures. If you desire care not covered by your plan, you must arrange this between yourself and your dentist. The basic plan will assist you in meeting additional costs through payment of the basic cost.

How Do I Apply?

An application form must be completed by you and returned to your Department Human Resources or Payroll Representative. All eligible family members are to be listed on the application form.

Whenever a change occurs in the number of dependents becoming eligible or ineligible, or if your name changes, a revised application form listing current dependents, or the name change, should always be submitted to your Department Human Resources or Payroll Representative.

Coinsurance

DDWA will pay a percentage of the cost of your treatment and you are responsible for paying the allowable balance. The part you pay is called the coinsurance. You are responsible for the coinsurance even after a deductible is met.

Please see your "Reimbursement Levels for Allowable Benefits" under the "Summary of Benefits" section for details on the coinsurance required by your plan.

Benefit Period

Most dental benefits are calculated within a "benefit period," which is typically for one year. For this Plan, the benefit period is the 12-month period starting the first day of January and ending the last day of December.

Is there A Plan Maximum?

Yes. The maximum amount payable by DDWA for Class I, II & III Covered Dental Benefits for each eligible person is \$2,500 per calendar year (January 1 through December 31). Charges for dental procedures requiring multiple treatment dates shall be considered incurred on the date the service is completed. Amounts paid for such procedures will be applied to the plan maximum based on such incurred date.

Orthodontic benefits are limited to a \$3,000 lifetime maximum and such benefits are in addition to the \$2,500 calendar year maximum.

If Both Husband and Wife are Covered by DDWA, either as City Employees or by Different Employers, What is the Calendar Year Maximum?

In such instances the calendar year maximum for each of the enrolled employees and for an enrolled dependent of both employees will equal the total of the maximum(s) specified in each of the two plans.

In either of the situations above, the amount paid by DDWA, together with amounts from other group plans, will not exceed 100 percent of dental expenses incurred.

Is there A Plan Deductible?

No.

How the Plan Works

This plan is designed to encourage regular dental care. Each calendar year (January 1 through December 31) DDWA pays an increasing share of dental costs. The calendar year is also referred to as your benefit period.

Please be sure to consult your provider regarding any charges that may be your responsibility before treatment begins.

Reimbursement Level for Class I, Class II Procedures and Crowns

The payment level for covered and allowable Class I (diagnostic and preventive), Class II (basic) procedures and Crowns for the first incentive period is set by your employer at the minimum payment level. This payment level increases 10 percentage points each successive incentive period in which the covered person uses the benefits under this Plan up to the maximum incentive level. Once you reach your maximum level, the plan will stay at the maximum level if you use your benefit during each consecutive incentive period.

If a covered person fails to use benefits during an incentive period, the payment level will be decreased by 10 percentage points from the level you were at when you last used your benefits. An additional 10 percentage point decrease will happen for each successive incentive period during which benefits are not used until you reach the minimum payment level set by your employer.

Each Enrolled Person establishes his or her own payment levels through utilization during incentive periods.

Reimbursement Levels for Class III Procedures

The payment level for covered and allowable Class III Procedures is 50 percent. The incentive provision described above does not apply to Class III Procedures.

Reimbursement Levels for Other Procedures

The payment level for covered Orthodontic procedures is 50 percent. The incentive provision described above does not apply to Orthodontic procedures.

Not more than \$1,500 of the maximum, or one-half of DDWA's total responsibility shall be payable at the time of initial banding. The final payment of DDWA's responsibility shall be made during the 7th month following the initial banding.

Additionally, payment for Orthodontic benefits is based upon eligibility. If individuals become dis-enrolled prior to the payment of benefits, subsequent payment is not made.

Should there be a disagreement regarding the interpretation of such benefits, the subscriber shall have the right to Appeal the determination in accordance with the non-binding Appeals process in this benefit booklet and may seek judicial review of any denial of coverage of benefits.

Necessary vs. Not Covered Treatment

Your Dentist may recommend a treatment plan that includes services which may not be covered by this Plan. DDWA does not specify which treatment should be performed, only which treatment will be paid for under your Plan. While a treatment may be appropriate for managing a specific condition of oral health, it must still meet the provisions of the dental Plan in order to be a paid Covered Dental Benefit. Prior to treatment, you and your Dentist should discuss which services may not be covered as well as any fees that are your responsibility. For further information see the "Confirmation of Treatment and Cost" section.

Confirmation of Treatment and Cost

A Confirmation of Treatment and Cost, also known as a predetermination of benefits, is a request made by your Dentist to DDWA to determine your benefits for a particular service. This Confirmation of Treatment and Cost will provide you and your Dentist with general coverage information regarding your benefits and your potential out-of-pocket cost for services.

A Confirmation of Treatment and Cost is not an authorization for services but a notification of Covered Dental Benefits available at the time the Confirmation of Treatment and Cost is made and is not a guarantee of payment (please see the "Initial Benefit Determination" section regarding claims requirements).

A standard Confirmation of Treatment and Cost is processed within 15 days from the date of receipt of all appropriate information. If the information received is incomplete, DDWA will notify you and your Dentist in writing that additional information is required in order to process the Confirmation of Treatment and Cost. Once the additional information is available your Dentist should submit a new request for a Confirmation of Treatment and Cost to DDWA.

In the event your benefits are changed, terminated, or you are no longer covered under this Plan, the Confirmation of Treatment and Cost is no longer valid. DDWA will make payments based on your coverage at the time treatment is provided.

Urgent Confirmation of Treatment and Cost Requests

Should a Confirmation of Treatment and Cost request be of an urgent nature, whereby a delay in the standard process may seriously jeopardize life, health, the ability to regain maximum function, or could cause severe pain in the opinion of a physician or Dentist who has knowledge of the medical condition, DDWA will review the request within 72 hours from the receipt of the request and all supporting documentation. When practical, DDWA may provide notice of the determination orally with written or electronic confirmation to follow within 72 hours.

Immediate treatment is allowed without a requirement to obtain a Confirmation of Treatment and Cost in an emergency situation subject to the Contract provisions.

Section C – Choosing a Dentist

Your Provider Network is: Delta Dental PPO Network.

You may select any licensed Dentist to provide services under this Plan; however, if you choose a Dentist outside of the Delta Dental PPO Network, your costs may be higher than if you were to choose a Delta Dental PPO Dentist. Dentists that do not participate in the Delta Dental PPO Network have not contracted with DDWA to charge our established PPO fees for covered services. As a result, your choice of Dentists could substantially impact your out-of-pocket costs.

Once you choose a Dentist, tell them that you are covered by a DDWA dental plan and provide them the name and number of your Group and your member identification number. Your Group information can be found on your identification card which can be accessed by logging in to your MySmile® account at www.DeltaDentalWA.com. You may also obtain your Group information and your member identification number by calling our Customer Service Department at 800-554-1907.

DDWA uses randomly selected identification numbers or universal identifiers to ensure the privacy of your information and to help protect against identity theft.

Please note that ID cards are not required to see your Dentist but are provided for your convenience.

Delta Dental Participating Dentists

Dentists who have agreed to provide treatment to patients covered by a DDWA plan are called 'Participating' Dentists. For your Plan, Participating Dentists may be either Delta Dental Premier Dentists or Delta Dental PPO Dentists. You can find the most current listing of Participating Dentists by going online to the DDWA website at www.DeltaDentalWA.com. You may also call us at 800-554-1907.

Delta Dental Premier Dentists

Our Premier Dentists have agreed to provide services for their Filed Fee under our standard agreement.

Delta Dental PPO Dentists

Our PPO Dentists have agreed to provide services at a fee lower than their original Filed Fee. Because of this, selecting a PPO Dentist may be a more cost-effective option for you.

If you select a Delta Dental Participating Dentist, they will complete and submit claim forms and receive payment directly from DDWA on your behalf. You will not be charged more than the Participating Dentist's approved fee. You will be responsible only for stated Coinsurances, Deductibles, any amount over the Plan Maximum and for any elective care you choose to receive outside the Covered Dental Benefits.

Non-Participating Dentists

If you select a Dentist who is not a Delta Dental Participating Dentist, you are responsible for ensuring either you or your Dentist completes and submits a claim form. We accept any American Dental Association-approved claim form that you or your Dentist may provide. You can also download a claim form by logging on to your MySmile® account on our website at www.DeltaDentalWA.com or obtain a form by calling us at 800-554-1907.

Payment for services performed by a Non-Participating Dentist will be based on their actual charges or DDWA's Maximum Allowable Fees for Non-Participating Dentists, whichever is less. You will be responsible for paying any balance remaining to the Dentist. Please be aware that DDWA has no control over Non-Participating Dentist's charges or billing practices.

Out-of-State Dentists

If you receive treatment from a Non-Participating Dentist outside of the state of Washington, your Coinsurance amounts will be based on the Coinsurance percentage established for a Delta Dental PPO Dentist. Allowable amounts paid for covered services will be based on the Maximum Allowable Fee for a Participating Dentist in that state, or their actual fee, whichever is less.

Out-of-Country Coverage

Dentists who are located outside of the United States (this does not include US Territories – Guam, Puerto Rico, and the US Virgin Islands) are Non-Participating Dentists. If you receive treatment outside of the United States, you are responsible for ensuring either you or your Dentist completes and submits a claim form. We will accept an “Out of The Country Claim Form” which can be downloaded from our website at www.DeltaDentalWA.com or obtained by calling us at 800-554-1907. You may submit the claim by email at outofcountry@deltadentalwa.com, by mail at the following address: Delta Dental of Washington, P.O. Box 75983, Seattle, WA 98175-0983, or by fax at 509-685-6599. When submitting the claim, you must include a copy of the payment receipt showing treatment has been paid. For more information, please call us at 800-554-1907.

Section D – Eligibility and Termination

Employee Eligibility

You are in an Eligible Class if you: (a) work at least 80 hours per month and are an active, regular full-time employee or a temporary employee in a benefits-eligible assignment and work at least 80 hours per month, or (b) are a temporary employee who is not in a benefits-eligible assignment, but have worked at least 1,040 cumulative non-overtime hours and at least 800 non-overtime hours in the previous 12 month period. You must not be represented by a bargaining group for which a separate Summary of Coverage is available. Your Employer will provide you with this information.

Your Eligibility Date is the effective date of this Plan if you were a regular employee in an Eligible Class on the date the Plan became effective. Otherwise, coverage begins for you and your dependents on your first day of employment if that date is: (a) the first calendar day of the month designated as a City business day, or (b) the first calendar day of the month designated/recognized as the first working day for the shift to which you are assigned, whichever is later. If your employment begins after said date, your coverage will begin the following month.

Your Eligibility Date if you are a temporary employee in an Eligible Class but not in a benefits-eligible assignment, is the first day of the calendar month following the date application is made and the rate is paid, or the date designated by your Employer if application is made during an open enrollment period. If you are a temporary employee in a benefits-eligible assignment, your coverage begins the first calendar day of the month designated as a City business day. If your employment begins after said date, your coverage will begin the following month.

An employee for whom coverage already became effective, but who is absent without pay on the first day of the calendar month and returns by the 15th of the month will not have a lapse in coverage. Coverage for an employee who returns after the 15th of the month will begin the first day of the following calendar month. However, an employee who is absent without pay for 15 consecutive calendar days or less will not have a lapse in coverage.

Employee Termination

Eligibility and Coverage terminates at the end of the month in which you cease to be an employee, or at the end of the month for which timely payment of monthly Premiums was made by Group on your behalf to DDWA, or upon termination of Group's Contract with DDWA, whichever occurs first.

In the event of a suspension or termination of compensation, directly or indirectly as a result of a strike, lockout, or other labor dispute, an Enrolled Employee may continue coverage by paying the applicable Premium directly to your employer for a period not to exceed six months. Payments of Premiums must be made when due, or DDWA may terminate the coverage. If continued coverage is needed after the six-month period, please see the "Conversion Option" section.

The benefits under your DDWA dental Plan may be continued provided you are eligible for Federal Family and Medical Leave Act (FMLA), or Washington State's Paid Family Medical Leave (PFML) and you are on a leave of absence that meets the appropriate criteria. For further information, contact your employer.

Dependent Eligibility

Eligible Dependents include:

- ◆ The employee's legal spouse/state registered domestic partner or non-registered domestic partner named on the Affidavit of Marriage/Domestic Partnership on file with the City.
- ◆ Natural, adopted, legally placed ward or stepchild from birth through 25. Spouses and children of married dependents are not eligible for coverage under this plan.
- ◆ In the case of divorced parents, children are eligible and may be enrolled by the parent (an eligible employee) who is legally responsible for health care benefits, regardless of whether or not the child is primarily dependent upon the employee for support. The child shall be eligible from birth through 25
- ◆ A child will be considered an Eligible Dependent as an adopted child if one of the following conditions are met:
1) the child has been placed with the eligible Enrolled Employee for the purpose of adoption under the laws of

the state in which the employee resides; or 2) the employee has assumed a legal obligation for total or partial support of the child in anticipation of adoption. When additional Premium is not required, we encourage enrollment as soon as possible to prevent delays in the claims processing. See the "Special Enrollment" section for additional information.

- ◆ An enrolled dependent is an Eligible Dependent that has completed the enrollment process.

A new family member, with the exception of newborns and adopted children, will be enrolled on the first day of the month following the date they qualify as an Eligible Dependent.

A newborn shall be covered from and after the moment of birth, and an adopted child or child placed in anticipation of adoption shall be covered from the date of assumption of a legal obligation for total or partial support or upon placement of the child in anticipation of adoption.

When additional Premium is required for a newborn or adopted child or child placed in anticipation of adoption, enrollment must be received by DDWA within the timeframe listed under "Marriage, Birth or Adoption" section, which is no less than 60 days from the date of the qualifying event.

When additional Premium is not required for a newborn or adopted child or child placed in anticipation of adoption, we encourage enrollment as soon as possible to prevent delays in claims processing but coverage will be provided in any event. Dental coverage provided shall include, but is not limited to, coverage for congenital anomalies of infant children.

Enrolled employees who choose not to enroll an Eligible Dependent during the initial enrollment period of the dental Plan may enroll the Eligible Dependent only during an Open Enrollment Period, except under special enrollment. See the "Special Enrollment Periods" section for more information. An Enrolled Dependent is an Eligible Dependent that has completed the enrollment process.

Dependent Termination

Enrolled Dependent coverage terminates at the end of the month in which the Enrolled Employee's coverage terminates, or when the dependent ceases to be eligible, whichever occurs first.

Unless otherwise indicated, an Enrolled Dependent shall cease to be enrolled in this Plan on the last day of the month of the Enrolled Employee's employment, or when the person no longer meets the definition of an Eligible Dependent, or the end of the calendar month for which Group has made timely payment of the monthly Premiums on behalf of the Enrolled Employee to DDWA, or upon termination of Group's Contract with DDWA, whichever occur first.

A Dependent may be enrolled or terminated from coverage or reinstate coverage under this Plan during an Open Enrollment Period or during a Special Enrollment Period following a qualifying event as defined in the "Special Enrollment Periods" section.

Coverage for Temporary Employees

Temporary employees may in certain circumstances be eligible to participate in this plan on a self-pay basis. A temporary employee who a) is in a benefits-eligible assignment, and works at least 80 hours per month is eligible to obtain City-paid contributions for coverage or b) has worked at least 1,040 hours cumulative non-overtime hours and at least 800 non-overtime hours in the previous 12-month period is eligible to purchase dental benefits.

Enrollment for temporary employees begins the first of the calendar month following the date application is made and the rate is paid, or the date designated by the Group if application is made during an open enrollment period. Enrollment for eligible temporary employees in a benefits-eligible assignment will begin the first calendar day of the month designated as a City business day. If employment begins after said date, the coverage for the temporary employee in a benefits eligible assignment will begin the following month. See your Department Human Resources or Payroll Representative for further information.

Other Dependent Eligibility Topics

Coverage for an Enrolled Dependent child who attains the limiting age while covered under this Plan will not be terminated if the child is and continues to be both 1) incapable of self-sustaining employment by reasons of

developmental disability (attributable to intellectual disability or related conditions which include cerebral palsy, epilepsy, autism, or another neurological condition which is closely related to intellectual disability or which requires treatment similar to that required for intellectually disabled individuals) or physical disability; and 2) chiefly dependent upon the Enrolled Person for support and maintenance. Continued coverage requires that proof of incapacity and dependency be furnished to DDWA within 31 days of the dependent's attainment of the limiting age. DDWA reserves the right to periodically verify the disability and dependency but not more frequently than annually after the first two years.

Pursuant to the terms of a Qualified Medical Child Support Order (QMCSO), the Plan also provides coverage for a child, even if the parent does not have legal custody of the child or the child is not dependent on the parent for support. This applies regardless of any enrollment season restrictions that might otherwise exist for dependent coverage. A QMCSO may be either a National Medical Child Support Notice issued by a state child support agency or an order or judgment from a state court or administrative body directing the company to cover a child under the Plan. Federal law provides that a QMCSO must meet certain form and content requirements to be valid. If the parent is not enrolled in the Plan, the parent must enroll for coverage for both the parent and the child. If the Plan receives a valid QMCSO and the parent does not enroll the dependent child, the custodial parent or state agency may do so. A child who is eligible for coverage through a QMCSO may not enroll dependents for coverage under the Plan.

Special Enrollment Periods

Enrollment or termination of you or your Eligible Dependent is allowed during an Open Enrollment Period, and during Special Enrollment Periods, which are triggered by the following situations:

Loss of Other Coverage

If you and/or your Eligible Dependents involuntarily lose coverage or are no longer eligible under another dental Plan, you may apply for coverage or make changes under this Plan if the following applies:

- ◆ You declined enrollment in this Plan.
- ◆ You lose eligibility in another health Plan, or your coverage is terminated due to the following:
 - ◇ Legal separation or divorce
 - ◇ Cessation of dependent status
 - ◇ Death of Employee
 - ◇ Termination of employment or employer contributions
 - ◇ Reduction in hours
 - ◇ Loss of individual or Group market coverage due to moving away from the Plan area or termination of benefit Plan
 - ◇ Exhaustion of COBRA coverage
- ◆ The enrollment process must be completed within 31 days of losing other coverage. Coverage will be effective the first day of the month following receipt of application.

If these conditions are not met, you must wait until the next Open Enrollment Period, or the occurrence of another valid qualifying election event, to apply for coverage.

DDWA or Group may require confirmation that when initially offered coverage the Eligible Person submitted a written statement declining because the Eligible Person or Eligible Dependent has other coverage. DDWA requests that the application for coverage under this Plan must be made within 31 days of the termination of previous coverage. If an additional Premium for coverage is required and enrollment and payment is not completed within the 31 days, such Eligible Dependent may be enrolled during the next Open Enrollment or upon the occurrence of another valid qualifying election change event.

Marriage, Birth or Adoption

If you declined enrollment in this Plan, you may apply for coverage for yourself and your Eligible Dependents in the event of marriage, birth of a child(ren), or when you or your spouse assume legal obligation for total or partial support or upon placement of a child(ren) in anticipation of adoption.

- ◆ **Marriage or Domestic Partner Registration** – The enrollment process must be completed within 30 days from the qualifying event. If enrollment and payment are not completed within the timeframe established, any changes to enrollment can be made during the next Open Enrollment Period or upon the occurrence of another valid qualifying election change event.

DDWA considers the terms spouse, marriage, marital, husband, wife, widow, widower, next of kin, and family to apply equally to domestic partnerships or individuals in domestic partnerships, as well as to marital relationships and married persons. References to dissolution of marriage will apply equally to domestic partnerships that have been terminated, dissolved, or invalidated. Where necessary, gender-specific terms such as husband and wife used in any part of this benefit booklet will be considered as gender neutral and applicable to individuals in domestic partnerships. DDWA and the Group will follow all applicable state and federal requirements, including any applicable regulations.
- ◆ **Birth** – A newborn shall be covered from and after the moment of birth. The enrollment process must be completed within 60 days of the date of birth. If an additional Premium for coverage is required and enrollment and payment is not completed within the 60 days, any changes to enrollment can be made during the next Open Enrollment Period or upon the occurrence of another valid qualifying election change event.
- ◆ **Adoption** – The enrollment process must be completed within 60 days of the date of assumption of a legal obligation for total or partial support or upon placement of the child in anticipation of adoption. If an additional Premium for coverage is required and enrollment and payment is not completed within the 60 days, any changes to enrollment can be made during the next Open Enrollment Period or upon the occurrence of another valid qualifying election change event.

Uniformed Services Employment & Re-Employment Rights Act (USERRA)

Enrolled Employees who join a branch of military service have the right to continue dental coverage as established by Group by paying the monthly Premiums. For further information on your rights under this act, please contact your legal counsel.

Family and Medical Leave Act (FMLA) and Paid Family and Medical Leave (PFML)

The benefits for an enrolled member under this DDWA dental Plan may be continued during a leave of absence that qualifies under the Federal Family and Medical Leave Act (FMLA) or Washington State's Paid Family and Medical Leave (PFML). Coverage will be maintained under the same terms as for active employees, including employer contributions, if applicable. For further information on these programs and any other employer approved leaves that may be available to you, contact your employer.

Consolidated Omnibus Budget Reconciliation Act (COBRA)

DDWA supports the Federal Health Benefit Continuation Provisions of The Consolidated Omnibus Budget Reconciliation Act known as "COBRA" which are applicable to this Plan.

An employee and any enrolled family members affected by the above law should be aware of the following terms, conditions and Limitations as they apply to temporary continuation of Group dental care coverage upon the occurrence of certain qualifying events.

An employee covered by this Group dental care Plan has a right to choose this continuation coverage if Group dental care coverage is lost because of reduced employment hours or terminated of employment for reasons other than gross misconduct on the part of the employee.

The dependents of an employee covered by a Group dental care Plan have the right to choose continuation coverage, if Group coverage under the Group dental care Plan is lost for any of the following five reasons:

- 1) The death of the employee;
- 2) A termination of the employee's employment (for reasons other than gross misconduct) or reduction in the employee's hours of employment;
- 3) Divorce, legal separation, or dissolution of domestic partnership from the employee;
- 4) The employee becomes entitled to Medicare; or
- 5) The dependent ceases to be an "Eligible Dependent" under the Group dental care Plan.

Under the law, the employee or a family member has the responsibility to inform the employer of a divorce, legal separation, dissolution of domestic partnership or of a child losing dependent status under the Group dental care Plan.

COBRA coverage begins on the date that coverage would otherwise have ended due to a qualifying event. Coverage will end at the end of the maximum period as defined below.

When the employer is notified of a qualifying event, the employer in turn notifies the employee of their right to choose continuation coverage. The employee then has at least 60 days from the date they are furnished election notice, or the date that coverage would have ended, whichever is later, to inform the employer that continuation coverage has been chosen. The employer is required to notify the dental care Plan within 30 days of an employee's death, termination, reduction of hours or entitlement to Medicare.

If continuation coverage is not chosen, the Group dental care coverage will end.

Covered employees are eligible to continue coverage for 18 months when coverage is lost due to termination of employment or from reduction in hours. If continuation of coverage is chosen, the employer is required to provide coverage that, as of the time coverage is being provided, is identical to the coverage provided under the Plan to similarly situated employees or family members.

If the covered employee's eligibility under this Contract ends when they become entitled to Medicare benefits, then COBRA coverage may not be continued for that employee. If a dependent is actively participating in COBRA and the covered employee becomes entitled to Medicare benefits, then coverage may not be continued for the employee; however, COBRA coverage may be continued for any dependent's for up to 36 months from the covered employee's Medicare entitlement date. If the covered employee's eligibility under the Contract continues beyond Medicare entitlement, but later ends upon termination of employment or retirement, then any dependents may continue coverage for up to 1) 36 months from the covered employee's Medicare entitlement date, or 2) 18 months from the date the insured person's employment ended, whichever is later.

Employees or dependents who are disabled at the time the employee terminates employment or reduces hours or if they become disabled at any time during the first 60 days of COBRA coverage, are eligible for an additional 11 months of continued coverage from the date of the qualifying event. The total continued coverage period will not exceed 29 months from the date of the qualifying event. The individual must be determined as disabled by the Social Security Administration and must notify Group within 60 days of Social Security's determination date.

If the covered employee has a child or adopts a child during the period of COBRA coverage, such employee may elect to cover that child.

Generally, COBRA participants lose coverage when they become eligible under another Group plan. However, if the new Plan has pre-existing Limitations or Exclusions, affected individuals may continue coverage under the former Plan until the pre-existing condition(s) is no longer limited or the continuation coverage period ends, whichever is earlier.

COBRA payments are due within 45 days from the date of application. Payments must be made retroactively from the date of COBRA eligibility up through the current month of eligibility.

Dependents experiencing second qualifying events while under COBRA may extend coverage for an additional 18 months.

Continuation coverage may be ended for any of the following reasons:

- 1) The employer no longer provides Group dental care coverage to any of its employees;
- 2) The Premium for continuation coverage is not paid, or not paid on time, as provided by law;

- 3) You became covered under another Group dental care Plan after the date you elect COBRA coverage. If, however, the new Plan contains an exclusion or limitation for a pre-existing condition (as explained above), coverage does not end for this reason until the exclusion or limitation no longer applies;
- 4) You become entitled to Medicare after the date you elect COBRA coverage, or
- 5) The spouse is divorced from a covered employee and subsequently remarries and is covered under any Group dental care Plan unless a pre-existing condition described above takes precedence.

Proof of insurability is not required to choose continuation coverage. However, the employee may have to pay all or part of the Premium for the continuation coverage.

Section E – Claim Review

Claim Forms

American Dental Association-approved claim forms may be obtained from your Dentist. You may also download a claim form by logging on to your MySmile® account on our website at www.DeltaDentalWA.com or by calling us at 800-554-1907 to have forms sent to you.

DDWA is not obligated to pay for treatment performed for which claim forms are submitted for payment more than 12 months after the date of such treatment. For orthodontia claims, the initial banding date, which is the date the appliance is placed, is the treatment date used to start this 12-month period.

Initial Benefit Determinations

An initial benefit determination is conducted at the time of claim submission to DDWA for payment modification or denial of payment. In accordance with regulatory requirements, DDWA processes all clean claims within 30 days from the date of receipt. Clean claims are claims that have no defect or impropriety, including a lack of any required substantiating documentation, or particular circumstances requiring special treatment that prevents timely payments from being made on the claim. Claims not meeting this definition are paid or denied within 60 days of receipt.

If a claim is denied, in whole or in part, or is modified, we will send you an Explanation of Benefits (EOB) that will include the following information:

- ◆ The specific reason for the denial or modification
- ◆ Reference to the specific plan provision on which the determination was based
- ◆ Your Appeal rights should you wish to dispute the original determination

Appeals of Denied Claims

If your claim or Confirmation of Treatment and Cost has been completely or partially denied, or you have received any other adverse benefit determination, you have the right to initiate an Appeal. An appeal is a request for DDWA to reconsider the prior determination, and your opportunity to provide us with any additional comments or information you would like us to consider. The Appeals process includes two levels of review, informal and formal. An informal review of your Appeal is when DDWA staff evaluates the claim and the terms of your Plan to determine if the claim processed consistently with the terms of your Plan. A formal review of your Appeal is when our Appeals Committee evaluates your claim, the terms of your Plan, any existing or new information, all correspondence and communications between you and DDWA, and any clinical considerations in order to determine if a claim processed consistently with the terms of your plan.

How to contact us

We will accept notice of an Appeal if made by you, your covered dependent, or an authorized representative of you or your covered dependent by contacting us via email at memberappeals@deltadentalwa.com, by mail at the following address: Delta Dental of Washington, P.O. Box 75983, Seattle, WA 98175-0983. You may also contact us by telephone at 800-554-1907 for assistance submitting an Appeal, or for more information. When submitting an Appeal, you may include any written comments, documents, or other information that you believe supports your claim.

Authorized Representative

You may authorize another person to represent you or your dependent and receive communications from DDWA regarding you or your dependent's specific Appeal. The authorization must be in writing and signed by you. If an Appeal is submitted by another party without this authorization, a request will be made to obtain a completed authorized representative form. The Appeal process will not commence until this form, or appropriate written authorization in another format, is received. Should the form, or any other document confirming the right of the individual to act on your behalf, i.e., power of attorney, not be returned, the Appeal will be closed.

Informal Review

Your first step in the Appeal process is to request an informal review of the decision. Either you, or your authorized representative (see the “Authorized Representative” section), must submit your request for a review within 180 days from the date of the adverse benefit determination (please see your EOB form). A request for a review may be made orally or in writing and must include the following information:

- ◆ Your name, the patient’s name (if different) and ID number
- ◆ The claim number (from your EOB)
- ◆ The name of the Dentist

DDWA will review your request and send you a notice within 14 days of receiving your request. This notice will either be the determination of our review or a notification that we will require an additional 16 days, for a total of 30 days. When our review is completed, DDWA will send you a written notification of the review decision and provide you information regarding any further Appeal rights available should the result be unfavorable to you. Upon request, you will be granted access to, and copies of, all relevant information used in making the review decision. Informal reviews of wholly or partially denied claims are conducted by persons not involved in the initial claim determination.

Formal Review

If you are dissatisfied with the outcome of the informal review, you may request a formal review for your Appeal. Your formal Appeal will be reviewed by the DDWA Appeals Committee. This Committee includes only persons who were not involved in either the original decision or the previous review.

Your request for a formal review by the Appeals Committee must be made within 90 days of the date of the letter notifying you of the informal review decision. Your request should include the information submitted with your informal review request plus a copy of the informal review decision letter. You may also submit any other documentation or information you believe supports your case.

The Appeals Committee will review your claim within 30 days of receiving your request. Upon completion of their review the Appeals Committee will send you written notification of their decision. Upon request, you will be granted access to, and copies of, all relevant information used in making the review decision.

Whenever DDWA makes an adverse determination and delay would jeopardize the covered person’s life or materially jeopardize the covered person’s health, DDWA shall expedite and process either a written or an oral Appeal and issue a decision no later than 72 hours after receipt of the Appeal. If the treating Licensed Professional determines that delay could jeopardize the Eligible Person’s health or ability to regain maximum function, DDWA shall presume the need for expeditious review, including the need for an expeditious determination in any independent review consistent with applicable regulations.

How to Report Suspicion of Fraud

If you suspect a dental provider, an insurance producer, or an individual might be committing insurance fraud, please contact DDWA at 800-554-1907. You may also want to alert any of the appropriate law enforcement authorities including:

- ◆ The National Insurance Crime Bureau (NICB). You can reach the NICB at 800-835-6422 (callers do not have to disclose their names when reporting fraud to the NICB).
- ◆ The Office of the Insurance Commissioner (OIC). You can reach the OIC at 800-562-6900 or go to www.insurance.wa.gov for more information.

Conversion Option

If your dental coverage stops because your employment or eligibility ends or the Group Contract ends, you may apply directly to DDWA to obtain coverage under a Delta Dental Individual and Family plan. The benefits and Premium costs of a Delta Dental Individual and Family plan may be different from those available under your current plan. To avoid any potential waiting periods, your new coverage must be effective within 63 days of any prior coverage. You may

learn about our Individual and Family plans and apply for coverage online at www.DeltaDentalCoversMe.com or by calling 888-899-3734.

Extension of Benefits

In the event a person ceases to be eligible for enrollment, or ceases to be enrolled, or in the event of termination of this Plan, DDWA shall not be required to pay for services beyond the termination date. An exception will be made for the completion of procedures requiring multiple visits that were started while coverage was in effect, are completed within 30 days of the termination date and are otherwise benefits under the terms of this Plan.

Coordination of Benefits

When you have dental coverage under more than one plan, those plans work together to provide you the benefit of that additional coverage. That is called coordination of benefits.

General Information

The rules regarding coordination of benefits are very detailed. The full information is contained below, but here is some general information that can help you get the most out of your plan.

- ◆ If someone covered under your plan has more than one plan covering them, you should let both plans know so that they can coordinate benefits.
- ◆ The benefit of having coverage under more than one plan is to help you with payment of your out-of-pocket costs. Each dental benefit plan does not pay less when you have more than one plan. Your Dentist does not get more money.
- ◆ Based on the rules set out by the State of Washington, the plans determine which plan pays first, and which pays second.
- ◆ The plan that pays first will pay as if there is no other plan. The plan who pays second will pay any amounts that the other plan did not pay, up to the amount they would pay if they were the first plan.
- ◆ Once your claim is paid in full, including all of your out-of-pocket cost, if the plan who pays second does not need to pay as much as they would have if they were first, they will set aside that amount of credit for your use later. This is called COB Savings.

If you have any questions about payment of claims when you have more than one plan, contact us or the other plan directly and ask to speak with a customer service specialist.

Notice to Covered Persons

If you are covered by more than one dental benefit plan, and you do not know which is your primary plan, you or your Dentist should contact any one of the dental plans to verify which plan is primary. The dental plan you contact is responsible for working with the other dental plan to determine which is primary and will let you know within 30 calendar days.

CAUTION: All dental plans have timely claim filing requirements. If you, or your Dentist, fail to submit your claim to a secondary dental plan within the plan's claim filing time limit, the plan can deny the claim. If you experience delays in the processing of your claim by the primary dental plan, you or your Dentist will need to submit your claim to the secondary dental plan within its claim filing time limit to prevent a denial of the claim.

To avoid delays in claims processing, if you are covered by more than one plan you should promptly report to your Dentists and plans any changes in your coverage.

Full Coordination of Benefits Information

Coordination of this Contract's Benefits with other Benefits: The coordination of benefits (COB) provision applies when a person has dental coverage under more than one plan. Plan is defined below.

The order of benefit determination rules govern the order in which each plan will pay a claim for benefits. The plan that pays first is called the primary plan. The primary plan must pay benefits according to its policy terms without regard to the possibility that another plan may cover some expenses. The plan that pays after the primary plan is the secondary

plan. The secondary plan may reduce the benefits it pays so that payments from all plans do not exceed 100 percent of the total Allowable Expense.

Definitions: For the purpose of this section, the following definitions shall apply:

- A. A **“plan”** is any of the following that provides benefits or services for dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts. However, if COB rules do not apply to all contracts, or to all benefits in the same contract, the contract or benefit to which COB does not apply is treated as a separate plan.

(1) Plan includes: group, individual or blanket disability insurance contracts, and group or individual contracts issued by health care service contractors or health maintenance organizations (HMO), Closed Panel Plans or other forms of group coverage; medical care components of long-term care contracts, such as skilled nursing care; and Medicare or any other federal governmental plan, as permitted by law.

(2) Plan does not include: hospital indemnity or fixed payment coverage or other fixed indemnity or fixed payment coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for nonmedical components of long-term care policies; automobile insurance policies required by statute to provide medical benefits; Medicare supplement policies; Medicaid coverage; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under the above points is a separate plan. If a plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate plan.

- B. **“This Plan”** means, in a COB provision, the part of the contract providing the dental benefits to which the COB provision applies, and which may be reduced because of the benefits of other plans. Any other part of the contract providing dental benefits is separate from this Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.
- C. The order of benefit determination rules determine whether this Plan is a primary plan or secondary plan when the person has dental coverage under more than one plan.

When this Plan is primary, it determines payment for its benefits first before those of any other plan without considering any other plan's benefits. When this Plan is secondary, it determines its benefits after those of another plan and must make payment in an amount so that, when combined with the amount paid by the primary plan, the total benefits paid or provided by all plans for the claim equal 100 percent of the total Allowable Expense for that claim. This means that when this Plan is secondary, it must pay the amount which, when combined with what the primary plan paid, totals 100 percent of the highest Allowable Expense. In addition, if this Plan is secondary, it must calculate its savings (its amount paid subtracted from the amount it would have paid had it been the primary plan) and record these savings as a benefit reserve for the covered person. This reserve must be used to pay any expenses during that calendar year, whether or not they are an Allowable Expense under this Plan. If this Plan is secondary, it will not be required to pay an amount in excess of its maximum benefit plus any accrued savings.

- D. **“Allowable Expense”** is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any plan covering the person. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense that is not covered by any plan covering the person is not an allowable expense.

The following are examples of expenses that are not Allowable Expenses:

(1) If a person is covered by two or more plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement method, or other similar reimbursement method, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.

(2) If a person is covered by two or more plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.

- E. **“Closed Panel Plan”** is a plan that provides dental benefits to covered persons in the form of services through a panel of Dentists who are primarily employed by the Plan, and that excludes coverage for services provided by other Dentists, except in cases of emergency or referral by a panel member.
- F. **“Custodial Parent”** is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one-half of the calendar year excluding any temporary visitation.

Order of Benefit Determination Rules: When a person is covered by two or more plans, the rules for determining the order of benefit payments are as follows:

- A. The primary plan pays or provides its benefits as if the secondary plan or plans does not exist.
- B. (1) Except as provided in subsection (2), a plan that does not contain a coordination of benefits provision that is consistent with applicable regulation is always primary unless the provisions of both plans state that the complying plan is primary.
(2) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage is excess to any other parts of the plan provided by the contract holder.
- C. A plan may consider the benefits paid or provided by another plan in calculating payment of its benefits only when it is secondary to that other plan.
- D. Each plan determines its order of benefits using the first of the following rules that apply:
 - (1) **“Non-Dependent or Dependent:”** The plan that covers the person other than as a Dependent, for example as an employee, member, policyholder, subscriber or retiree is the primary plan and the plan that covers the person as a Dependent is the secondary plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering the person as a Dependent, and primary to the plan covering the person as other than a Dependent (e.g., a retired employee), then the order of benefits between the two plans is reversed so that the plan covering the person as an employee, member, policyholder, subscriber or retiree is the secondary plan and the other plan is the primary plan.
 - (2) **“Dependent Child Covered Under More Than One Plan:”** Unless there is a court decree stating otherwise, when a Dependent child is covered by more than one plan the order of benefits is determined as follows:
 - (a) For a Dependent child whose parents are married or are living together, whether or not they have ever been married:
 - (i) The plan of the parent whose birthday falls earlier in the calendar year is the primary plan; or
 - (ii) If both parents have the same birthday, the plan that has covered the parent the longest is the primary plan.
 - (b) For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
 - (i) If a court decree states that one of the parents is responsible for the Dependent child's dental expenses or dental coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. This rule applies to claim determination periods commencing after the plan is given notice of the court decree;
 - (ii) If a court decree states one parent is to assume primary financial responsibility for the Dependent child but does not mention responsibility for dental expenses, the plan of the parent assuming financial responsibility is primary;
 - (iii) If a court decree states that both parents are responsible for the Dependent child's dental expenses or dental coverage, the provisions of D.2.(a) above (*For a Dependent child whose parents are married or are living together*) determine the order of benefits;
 - (iv) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the dental expenses or dental coverage of the Dependent child, the provisions of

D.2.(a) above (*For a Dependent child whose parents are married or are living together*) determine the order of benefits; or

- (v) If there is no court decree allocating responsibility for the Dependent child's dental expenses or dental coverage, the order of benefits for the child is as follows:

- (a) The plan covering the Custodial Parent, first;
- (b) The plan covering the spouse of the Custodial Parent, second;
- (c) The plan covering the noncustodial parent, third; and then
- (d) The plan covering the spouse of the noncustodial parent, last

- (c) For a Dependent child covered under more than one plan of individuals who are not the parents of the child, the provisions above (D.2.(a) *For a Dependent child whose parents are married or are living together* or D.2.(b) *For a Dependent child whose parents are divorced or separated or not living together*) determine the order of benefits as if those individuals were the parents of the child.

(3) **“Active Employee or Retired or Laid-off Employee:”** The plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the primary plan. The plan covering that same person as a retired or laid-off employee is the secondary plan. The same would hold true if a person is a Dependent of an active employee and that same person is a Dependent of a retired or laid-off employee. If the other plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule under the *Non-Dependent or Dependent* provision above can determine the order of benefits.

(4) **“COBRA or State Continuation Coverage:”** If a person whose coverage is provided under COBRA or under a right of continuation provided by state or other federal law is covered under another plan, the plan covering the person as an employee, member, subscriber or retiree or covering the person as a Dependent of an employee, member, subscriber or retiree is the primary plan and the COBRA or state or other federal continuation coverage is the secondary plan. If the other plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule under the *Non-Dependent or Dependent* provision above can determine the order of benefits.

(5) **“Longer or Shorter Length of Coverage:”** The plan that covered the person as an employee, member, policyholder, subscriber or retiree longer is the primary plan and the plan that covered the person the shorter period of time is the secondary plan.

- E. If the preceding rules do not determine the order of benefits, the Allowable Expenses must be shared equally between the plans meeting the definition of plan. In addition, this Plan will not pay more than it would have paid had it been the primary plan.

Effect on the Benefits of This Plan

When this Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all plans during a claim determination period are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the secondary plan must make payment in an amount so that, when combined with the amount paid by the primary plan, the total benefits paid or provided by all plans for the claim equal 100 percent of the total Allowable Expense for that claim. Total Allowable Expense is the highest Allowable Expense of the primary plan or the secondary plan. In addition, the secondary plan must credit to its Plan Deductible any amounts it would have credited to its Deductible in the absence of other dental coverage.

Right to Receive and Release Needed Information

Certain facts about dental coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other plans. DDWA may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under this Plan and other plans covering the person claiming benefits. DDWA need not tell, or get the consent of, any person to do this. To claim benefits under this Plan you or your Dependents must give DDWA any facts it needs to apply those rules and determine benefits payable.

Facility of Payment

If payments that should have been made under this Plan are made by another plan, DDWA has the right, at its discretion, to remit to the other plan the amount DDWA determines appropriate to satisfy the intent of this provision. The amounts paid to the other plan are considered benefits paid under this Plan. To the extent of such payments, DDWA is fully discharged from liability under this Plan.

Right of Recovery

DDWA has the right to recover excess payment whenever it has paid Allowable Expenses in excess of the maximum amount of payment necessary to satisfy the intent of this provision. DDWA may recover excess payment from any person to whom or for whom payment was made or any other company or plans.

Subrogation

If we pay benefits under this Plan, and you are paid by someone else for the same procedures we pay for, we have the right to recover what we paid from the excess received by you, after full compensation for your loss is received. Any legal fees for recovery will be pro-rated between the parties based on the percentage of the recovery received. You have to sign and deliver to us any documents relating to the recovery that we reasonably request.
