TIME(s): Varied between 8am - Midnight

IMPACT TO NEIGHBORHOOD

- 20x20ft stage; sound equipment, LED screen
- Beer garden fenced by bike rack, bar top, tables and chairs, signs with QR codes

WHO: Hometeam

CONTACT: jeanie chunn 206-255-4562

Provide a description of the project:

Hometeam is requesting approval for a 20 x 20ft stage to be placed on Occidental Mall for six weeks in the months of June and July. There will be an LED screen on stage and sound equipment.

Hometeam will air matches throughout the six weeks of the World Cup and provide supplementary entertainment and cultural activations. There will be tables and chairs in front of the stage on non Seattle match days.

There will be a 20X40ft beer garden. There will be standing tables in addition to the bar. QR codes will direct people to nearby establishments where they can preorder food for pick up.

Provide product sheets or photos labeled with colors or materials of any fencing, railing or other boundary markers of the beer garden. Add the same for any beer vending kiosk set up. We will have bike rack as the perimeter of the beer garden. Rented tables will function as bars. There will be standing cocktail tables for patrons. See photos below If with the new regulations, beer would be purchased elsewhere and brought to this location by customers clarify that. Hometeam is extending our liquor permit to the mall. This has been approved by LCB. There will a bar within the beer garden.

You provided a photo of the stage, if there will be any other ancillary installations such as other sound equipment, or seating that will remain the entire time add that to the site plan and include the product information. Because the site drawing that you provided doesn't include existing items such as trees and light poles, it is unclear if the stage and the beer garden fit with in that space. [Please see the updated map. Note on days with matches in Seattle, there will be no tables and chairs.](#)
