RULES FOR THE PIONEER SQUARE PRESERVATION DISTRICT

III. GENERAL GUIDELINES FOR REHABILITATION AND NEW CONSTRUCTION

Rehabilitation is defined as the act or process of making possible a compatible use for a property through repair, alterations, and additions while preserving those portions or features which convey its historical, cultural, or architectural values. (7/99) In considering rehabilitation projects, what is critical is the stabilization of significant historical detailing, respect for the original architectural style, and compatibility of scale and materials.

Secretary of Interior's Standards

9. New additions, exterior alterations or related new construction will not destroy historic materials, features and spatial relationships that characterize the property. The new work will be differentiated from the old and will be compatible with the historic materials, features, size, scale and proportion, and massing to protect the integrity of the property and its environment.

10. New additions and adjacent or related new construction will be taken in such a manner that, if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.
