Seattle Department of Neighborhoods

Q12 Meeting Themes / What we heard: Record some of what you heard at the event. Be clear about whether the theme is an individual point of view or an observation / summary from a group. Limit this to 5-7 themes. For more guidance, check out these tips on how to summarize.

- Concerns about access from the neighborhood to Midtown and Westlake stations, especially for those with any disabilities or mobility needs
- Want to see plans and ideas that are responsive to the growth that is happening in First Hill
- Want to see excellent integration between other modes of public transit (how are the buses, BRT, etc...getting people through and from the neighborhood to light rail
- First Hill is not just a place to go through, but rather a destination for residents and folks who use services there. Acknowledge the neighborhood and community in plans and designs.
- Concerns about micro-transitions up and down hills for folks who need help getting around.
- Regret that there is no station planned for First Hill
- Sound Transit answered other questions
