CERTIFICATION:

OIG has reviewed the additional information provided by OPA for Case Number 2020OPA-0691. I appreciate the Investigator taking the time to respond to the OIG and to make corrections to the report. The investigation is certified as timely, thorough, and objective.

For the record, several concerns were expressed with this investigation, including the failure to ask the Named Employee direct questions about their use of force based on the what had been alleged, the delays to the investigation, and not addressing additional statements pertaining to professionalism. As a general reminder, these are areas that OIG will continue to focus on as robust and thorough investigations remain integral to public trust.

Respectfully,

Lynn Erickson
