---

**CERTIFICATION:**

OIG has reviewed the Expedited Investigation for Case Number 2022OPA-0185. The investigation is certified as timely, thorough, and objective.

**Note:** On July 14, 2022, OPA shared with SCAO a Classification template Letter addressed to a community member. The language used in that template letter stated that OIG had reviewed OPA initial investigation. We want to note that the OIG review, of this case, did not start until August 4, 2022.

Respectfully,
