

City of Seattle
2018 State Legislative Bulletin

February 19, 2018

Number 6

The City of Seattle is committed to being a safe, vibrant, interconnected, and affordable city for all.

Week Overview

Week six of the 2018 legislative session saw the house of origin cutoff (February 14th) and the beginning of the second round of policy committee hearings. After the House of Origin Cutoff there are 554 bills still alive (not counting bills that are deemed NTIB). While this is a big drop from the peak of over 4,000 bills being alive, having over 550 bills alive and in play at this point in a short session is still a significant number. Bills that were passed out of their House of Origin now have the opportunity to be heard in the opposite house's policy and fiscal committees. Both chambers have just over week before they face their next cutoff, opposite house policy cutoff on February 23rd. Despite these important cutoff deadlines, bills considered "necessary to implement the budget" (NTIB) are exempt from these deadlines. So, though a bill may not have met its deadline, no bill is truly dead until session concludes. Please see the primer on NTIB bills below.

A Primer on Necessary to Implement the Budget (NTIB)

The term Necessary to Implement the Budget or "NTIB" is frequently used in Olympia, so we thought it would be helpful to provide a brief overview on what the term means. There is not an actual list where you can see what bills are NTIB, but it typically includes bills with spending allotments as well as those that have finance and revenue changes. Any bill deemed NTIB is exempt from cutoffs and therefore can be passed at any time during the legislative session. Whether a bill is considered NTIB is a matter of opinion by leadership and there can be quite a bit of discretion with this designation.

February Revenue Forecast

On February 15th, the Economic and Revenue Forecast Council ("ERFC") released its quarterly revenue forecast. The General Fund-State ("GF-S") revenue for the 2017-19 biennium has increased by \$647 million, and revenue for the 2019-21 biennium has increased by \$671 million. Forecasted revenue for the 2017-19 biennium is now \$44.213 billion, 15.4% more than that of the 2015-17 biennium. Forecasted GF-S revenue for the 2019-21 biennium is now \$48.253 billion, 9.1% higher than expected 2017-19 biennial revenue.

Officials have stated that this is the largest quarterly increase for the state since before the 2008 recession. [Steve Lerch](#), the revenue council's executive director, said that several things were at play in this forecast. "I think it's due to consumer confidence, that employment has been growing, the state's economy has been doing very well," he said. "The federal tax changes would be a second piece because

that does increase after-tax income. We assume that a chunk of that will be spent on things that are subject to the sales tax.”

Legislators are now working to decide how to best use this revenue. House Majority Leader Sullivan (D-Covington) stated House Democrats would release a plan to lower property tax rates. [Senate Ways & Means Chair Rolfes](#) stated that “[t]he extraordinary revenue growth will allow [them] to meet our legal and moral obligation to our public schools and to mental health care. It also will allow [them] to reduce the property tax burden imposed by Senate Republicans last year.”

Proposed Budgets

With the revenue forecast now out, the House and the Senate will begin to release their proposed budgets. Below is a roll up of when the anticipated various proposed supplemental budgets will be released. The release dates have not been officially announced and are always subject to change.

Operating Budget: Senate is expected to release on Monday; House is expected to release on Tuesday. Both the Senate Ways and Means Committee and the House Appropriations Committee will hold a public hearing on their respective operating budgets on Tuesday, February 20th.

Transportation Budget: Both chambers are expected to release on Tuesday. The Senate and House Transportation committees have scheduled hearings on their respective transportation budgets on Tuesday, February 20th.

Capital Budget: The Senate is expected to release on Monday and the House will release after. The Senate Ways & Means committee has scheduled a hearing on their capital budget on Monday, February 19th, and the House Capital Budget committee has scheduled a hearing on their capital budget on Thursday, February 22nd.

One of the biggest questions out there in the broader budget landscape is whether the proposed operating budgets will include funding to bring the state into compliance with the *McCleary* ruling. As a reminder, the Legislature has largely met the *McCleary* Orders, but the Washington Supreme Court did rule last fall that they have failed to provide the funding for salary increases in time to meet the 2018 school year deadline. To meet this deadline, the Legislature would need to appropriate an additional \$950 million in the 2018 supplemental budget.

Council Lobby Day

OIR would like to extend a big thanks to Council President Harrell and Councilmember Herbold for traveling to Olympia on February 15th to meet with legislators on City priorities.

Priority Areas

Homelessness and Housing

Affordable Housing Development: [SHB 1797](#), sponsored by Rep. McBride, allows cities to apply for a one-time remittance of 4.37 percent of the state sales and use tax on public purchases for affordable housing development or public infrastructure to support such development, allows the governing body of a county with a population over 1.5 million and the cities within such county to authorize the existing 0.1 percent local sales and use tax used for mental health services and affordable housing, and allows revenue from the local real estate excise tax to be used for affordable housing development through 2022, so long as other local capital projects have adequate funding. The bill did not pass before the house of origin cutoff, but is considered NTIB.

Affordable Housing Investments: [SHB 2437](#), sponsored by Rep. Robinson, authorizes counties to use the state sales tax revenue for affordable housing or to back bonds dedicated to affordable housing. A rough estimate by House Democratic Caucus staff indicates the credit would generate \$15 million per year in King County allowing for a \$210 million bond issue. The bill was pulled from the Rules Committee on February 8th and awaits floor action. The bill is considered NTIB.

Facilities Financing: [HB 2364/SB 6371](#), sponsored by Rep. Ryu and Sen. Mullet, concerns facilities financing by the housing finance commission (HFC). The bill increases the Housing Finance Commission's debt limit from \$6 billion to \$8 billion and expands the organizations eligible for lower-cost financing through the HFC's Nonprofit Facilities Program. SHB 2864 did not pass out of the House cutoff. SSB 6473 passed off the Senate floor on February 12th with a 39 – 8 vote count. The bill is scheduled for executive session in the Senate Committee on Human Services & Corrections on February 19th. ESSB 5143, passed out of the Senate on January 24th with a 41 – 8 vote count. SHB 2597 passed out of the House on February 14th with a 96-2 vote count and has been scheduled for a public hearing in Senate Committee on Local Government on February 20th. SSB 6314 did not pass out of the house of origin before cutoff.

[SSB 6361](#), sponsored by Sen. Billig, allows the governing authority of certain cities to adopt a local property tax exemption program, under which qualifying new construction is exempt from local property tax for ten years. SSB 6361 passed out of the Senate on February 12th with a 35-12 vote count. The bill is scheduled for a public hearing in the House Committee on Local Government on February 21st and executive session on February 22nd.

Homeless Housing Surcharge: [E2SHB 1570](#), sponsored by Rep. Macri, makes the temporary \$40 local homeless housing and assistance surcharge permanent, allows counties to charge and retain an additional surcharge for homeless housing and assistance, allows additional homeless housing and assistance surcharges imposed by a county to be used to pay off general obligation bonds issued by the county for homeless housing and assistance, and creates new and updated reporting requirements and studies for certain homeless assistance programs. The bill was voted off the House floor February 7th with a 51 – 47 vote count and has been scheduled for a public hearing in the Senate Committee on Human Services and Corrections on February 19th.

The bill is scheduled for a public hearing in the House Committee on Local Government on February 21st and executive session on February 22nd. HB 2674 did not pass out of the house of origin before cutoff.

Source of Income: [E2SSB 5407](#), sponsored by Sen. Frockt, prohibits landlords from refusing to rent property, expel tenants, discriminate, or discourage a rental to a tenant based on their source of income, creates a landlord mitigation program in the Department of Commerce (Commerce) allowing landlords to seek reimbursement for repairs of documented damages to qualifying rental units, and authorizes a \$3 increase to a surcharge on document recording fees with a portion of the new surcharge deposited into the Landlord Mitigation Account. E2SSB 5407 was voted off the Senate floor on February 9th with a 33 – 14 vote count and has been referred to House Judiciary.

[2SHB 2578](#), sponsored by Rep. Riccelli, while not a companion to SB 5407, also prohibits discrimination based on a tenant's source of income, creates the Landlord Mitigation Program and Account, and increase the affordable housing surcharge to \$13 from \$10 with 40% of the additional \$3 to go to the Account. The bill was voted off the House floor on February 9th with a 61 – 37 vote count. The bill received a public hearing in the Senate Committee on Financial Institutions and Insurance on February 15th and is scheduled for executive action on February 20th. Both E2SSB 5407 and 2SHB 2578 are identical in content at this point in time.

The bill was passed of the House floor on February 9th with a 53 - 45 vote count and has been referred to the Senate Committee on Human Services & Corrections. It is scheduled for a public hearing in the Senate Committee on Human Services & Corrections on February 20th.

Safety Net and Civil Rights

Ban the Box/Fair Chance Act: The Washington Fair Chance Act, [SSB 6110](#) and [2SHB 1298](#), sponsored by Sen. Saldaña and Rep. Ortiz-Self, prohibits an employer from, among other things, including any question on an application or inquiring into an applicant's criminal background until after the employer initially determines that the applicant is otherwise qualified for the position, exempts certain employers from the prohibition, and authorizes the Attorney General to enforce the provisions and impose penalties. SSB 6110 did not pass the house of origin before cutoff. 2SHB 1298 was voted off the House floor February 7th with a 52 – 46 vote count and is scheduled for a public hearing in the Senate Committee on Labor and Commerce on February 19th and executive session on February 21st. SSB 6110 is still in the Senate Rules Committee.

SSB 5996 passed unanimously by the Senate on February 8th. ESSB 6002 creates a state voting rights act to protect the equal opportunity for minority groups to participate in local elections and elect candidates of choice, creates a cause of action and authorizes courts to order appropriate remedies for a violation of the voting rights act, including redistricting within a political subdivision, and authorizes local governments to change their election systems to remedy potential violations of the act. The bill was voted off the Senate floor on January 19th with a 29 – 19 vote count. It has moved to the House for consideration where it has received a public hearing in the House Committee on State Government, Elections and Information Technology on January 26th. Inactive

I-200 Repeal: [SB 6406](#), sponsored by Sen. Chase, repeals the 1998 Initiative 200 (I-200) language regarding discrimination and preferential treatment in the operation of public employment, education, or contracting. The bill did not pass out of the senate before the house of origin cutoff.

Keep Washington Working Act: [2SSB 5689](#), sponsored by Sen. Wellman, establishes a statewide policy supporting Washington state's economy and immigrants' role in the workplace. The bill enacts the Keep Washington Working Act, establishes a Keep Washington Working Statewide Steering Committee to: develop strategies; conduct research; support various organizations; and make recommendations. It also requires the Attorney General to publish model policies for limiting immigration enforcement to the fullest extent possible consistent with the law, restricts the use of state resources to assist in unconstitutional or illegal registration or surveillance programs or any other unconstitutional or illegal laws, rules, or policies targeting Washington residents on the basis of race, religion, immigration, or citizenship status, or national or ethnic origin and restricts agencies and other departments from using their resources or transferring or detaining an individual to federal immigration authorities absent a proper warrant. The bill did not pass out of the Senate before the house of origin cutoff.

Health Care

Opioid Treatment and Prevention: The House version of Governor Inslee's proposal for addressing the opioid crisis, [HB 2489](#), continues to advance with strong bipartisan support after passing unanimously off the House floor earlier this month. Among other things, the proposal would implement a "hub and spoke" system that would allow every community access to medical expertise on the issue, establish statewide access to treatment, and would make medication-assisted treatment more available in the state. The bill had a hearing in Senate Health & Long Term Care last week. It has not yet been scheduled for executive session.

Substance Disorder Treatment: [2SHB 2572](#), sponsored by Rep. Cody, prohibits state health plans, private insurance plans, and behavioral health organizations from establishing prior authorization requirements for substance use disorder treatment and mandates coverage for up to 24 hours of acute treatment and clinical stabilization services for substance use disorders. The bill passed unanimously off the House floor on February 13th and is schedule for a public hearing in Senate Committee on Human Services and Corrections on February 22nd.

Market Stabilization: Insurance Commissioner Mike Kreisler's market stability proposal on reinsurance, [HB 2355](#), or Senate, [SB 6062](#), continues to have uncertainty on its path forward. While the House (HB 2355) or Senate (SB 6062) proposals moved quickly through committee early in session and both are in their respective Rules committees, neither bill had any activity last week. The apparent deadline for passing the proposal in time to meet the timeline for the federal 1332 waiver has lapsed. The federal waiver would have drawn down some federal funds to help implement the program. Even though the time has passed for the 1332 waiver, there is still interest from some stakeholders in establishing a reinsurance program, though the discussions about potential different approaches that could be taken remain private at this point. Both bills are currently still on second reading.

Conversion Therapy: [SB 5722](#), sponsored by Sen. Liias, restricts the practice of conversion therapy and makes it unprofessional conduct for a licensed health care provider to perform conversion therapy on a patient under the age of 18. SB 5722 passed out of the Senate on January 19th with a 32 – 16 vote count. Now in the House, it received a public hearing in the House Committee on Health Care and Wellness on February 7th and passed out of committee on February 16th.

Preventive Services Coverage: [HB 1523](#), sponsored by Rep June Robinson, is one of the State backstops being considered for the Affordable Care Act and would require health plans to cover, with no cost sharing, all preventive services required to be covered under federal law as of December 31, 2016. HB 1523 passed out of the House on January 31st with a 56-38 vote count and received a public hearing in the Senate Committee on Health Care & Long Term Care on February 15th.

Mental Health Field Response Team: [HB 2892](#), sponsored by Rep. Lovick, creates the mental health field response team grant program (program), administered by the Washington Association of Sheriffs and Police Chiefs and requires the Washington State Institute for Public Policy to conduct a study on whether the program improves outcomes of interactions with persons experiencing behavioral health crises. The bill passed unanimously out of the House on February 8th. The bill is scheduled for executive session in the Senate Committee on Human Services & Corrections on February 9th, a public hearing in the Senate Committee on Law & Justice on February 20th and executive session on February 22nd.

[2SSB 5970](#) sponsored by Sen. Frockt, creates a new grant-funded program based on local partnerships between law enforcement agencies and mental health providers, subject to appropriation, designate the Washington Association of Sheriffs and Police Chiefs (WASPC) as the program's implementing agency, and direct WASPC to consult with the Department of Social Health and Services' (DSHS) Research and Data Analysis office (RDA), Behavioral Health Organizations (BHOs), and Fully Integrated Managed Care Organizations to develop the program and grants must be awarded by October 1, 2018. 2SSB 5970 passed unanimously out of the Senate on February 12th. The bill is scheduled for a public hearing in the House Committee on Public Safety on February 19th and executive session on February 22nd.

Youth Mental Health: [2SHB 2779](#), sponsored by Rep. Senn, is an omnibus bill that would reestablish the Children's Mental Health Work Group through the year 2020, allow provider reimbursement for supervision and partial hospitalization and intensive outpatient treatment programs, direct the Health Care Authority and the Department of Children, Youth, and Families to develop strategies for expanding home visiting, direct an advisory group to make recommendations regarding parent initiated treatment, and require the delivery of mental health instruction in two high school pilot sites. The bill was amended in House Appropriations to remove two sections of the original bill: 1) the child psychiatric residency at UW; and 2) a requirement focused on infant mental health for the department to contract with infant nurse consultants to work with child care providers caring for infants. The bill has been placed on second reading and has a proposed floor amendment that would add the UW residency position back in. 2SHB 2779 passed out of the House on February 12th with an 84-14 vote count. The bill is scheduled for public hearing in the Senate Committee on Human Services & Corrections on February 20th.

Outpatient Behavioral Health Facilities: [SSB 6491](#), sponsored by Sen. O'Ban, expands assisted outpatient mental health treatment (AOMHT) after April 1, 2018, to include substance use disorder treatment and renames it assisted outpatient behavioral health treatment (AOBHT), reduces eligibility

criteria for AOBHT and extends and simplifies AOBHT filing processes, allows revocation to inpatient treatment for a person receiving less restrictive alternative treatment if the criteria for inpatient detention are met, allows a family member, guardian, or conservator of a person who files a court petition for review of a decision to not detain the person for involuntary treatment and to request that the court require the filing of an AOBHT petition. SSB 6491 passed out of the Senate on February 19th with a 46-1 vote count. The bill is scheduled for public hearing in the House Committee on Judiciary on February 20th and executive session February 22nd.

Essential Coverage: [SB 6084](#), sponsored by Sen. Cleveland, is another State backstop being considered for the Affordable Care Act. The bill originally aimed to require maintenance of minimum essential health care coverage. In other words, this bill would have established an individual mandate at the state level. The bill was first amended in the Senate Health & Long Term Care committee by adding on a task force to explore individual mandate enforcement mechanisms and the feasibility of other options to incentivize the maintenance of minimum essential coverage, and requires the task force to report on its findings to the legislature by December 1, 2018. The bill was further amended when it was brought to the Senate floor for debate and vote. The floor amendment that was adopted removed the individual mandate. So at this point the bill no longer establishes an individual mandate. Instead it is a task force to look into individual mandate enforcement mechanisms. The amended bill passed off the Senate floor 25-23, along party lines. The bill is scheduled for a hearing in House Health Care & Wellness on Wednesday February 21st.

Individual Market Access: [ESHB 2408](#), sponsored by Rep Cody, would require a health carrier to offer qualified health plans in counties where it offers a health plan approved by the School Employees' Benefits Board (SEBB) and also reduces the premiums for enrollees in the Washington Health Insurance Pool in counties where there is no other individual market coverage available, passed off the House floor with a unanimous vote last week. The bill was amended on the floor to hook onto the Public Employees' Benefits Board (PEBB) in addition to SEBB; it removed the premium reductions for enrollees in the WA State Health Insurance Pool (WSHIP) in bare counties; allows people to who live in bare counties to purchase, for the 2019 plan year, in other counties that are in the same geographic rating area where they reside; requires OIC to take telemedicine services into consideration when evaluating network adequacy; and makes an individual who is eligible to buy in other counties ineligible for coverage by WSHIP. The bill is scheduled for a hearing in Senate Health & Long Term Care on February 19th.

LGBTQ Long-term Care: [SSB 5700](#), sponsored by Sen. Ranker, requires training for long-term care providers on the needs of the LGBTQ population. The bill passed off the Senate floor on February 12th with a 29-18 vote count. The bill is scheduled for public hearing in the House Committee on Health Care & Wellness on February 20th.

Employee Reproductive Choice Act: [SSB 6102](#), sponsored by Sen. Ranker, makes it an unfair practice for employers to not provide its employees with contraception coverage at no cost to the employee and makes it an unfair practice for an employer not regulated by the state due to federal preemption, to not comply with the ACA and federal rules on barrier-free access to contraceptive coverage. The substitute bill passed off the Senate floor on February 12th with a 26-21 vote count and was referred to House Judiciary where it has been scheduled for a public hearing on February 22nd.

Drug Takeback: [HB 1047](#), sponsored by Rep. Peterson, would require manufacturers that sell drugs into Washington to operate a drug take-back program to collect and dispose of prescription and over-

the-counter drugs from residential sources. The take back programs would operate on a year-round basis, and be required to offer reasonably convenient drop off sites in communities across the state. The bill is scheduled for public hearing in the Senate Committee on Health & Long Term Care on February 19th.

Tobacco 21: [HB 1054/SB 6048](#), requested by the Attorney General and the Department of Health, and sponsored by Rep Harris and Sen. Kuderer, raises the age at which a person may purchase and possess cigarettes, tobacco, and vapor products from 18- to 21-years of age and requires licensed retailers to display signs stating the age restriction for purchasing tobacco or vapor products. Though the proposal did not make it past the house of origin cutoff, it has been said to be considered NTIB by both chambers. HB 1054 is currently on the second reading calendar for the House while SB 6048 is scheduled for a hearing in Senate Ways & Means next Thursdays February 22nd.

Education

Basic Education Provisions: [2SSB 6362](#), requested by the Superintendent of Public Instruction and sponsored by Senator Wellman, is the comprehensive HB 2242 (2017) fix bill that continues to move forward this session. The bill ended up being the 5 o'clock bill in the Senate for the House of Origin cutoff. It was reported earlier that the bill had been significantly amended in the committees and most of these changes were preserved when the bill moved out of the Senate. The the biggest change in the amendments that were put forward for the bill was the full funding of educator salaries in the 2018-19 school year, as ordered in the *McCleary* Order from November. The bill passed off the Senate floor on February 14th with a 25-22 vote count. It is unclear how the House will act on this bill.

Breakfast After the Bell: [HB 1508](#), sponsored by Rep. Stonier, promotes student health and readiness through meal and nutrition programs (aka Breakfast After the Bell) passed off the Senate floor on January 31st with a strong bipartisan vote of 43 – 5 after passing off the House Floor on January 10th with an 83 – 15 vote count. The bill was amended in Senate Ways & Means to remove language that would limit the amount of added sugar to 25% by weight, which is not possible for schools to implement given current labeling requirements. Instead, language was added in requiring OSPI to develop guidance for low sugar foods. The amendment also removed language requiring school gardens to be “organic” after it was determined that this would be very difficult and cumbersome for schools to implement. The House now needs to concur on these changes before the bill heads to the Governor for signature.

[SB 6003](#), sponsored by Sen. Wellman, concerns breakfast after the bell programs in certain public schools and requires high-needs schools to offer breakfast after the bell to each student beginning in the 2019-20 school year and only in years in which funding is specifically provided in a budget. The bill was voted off the Senate floor on January 19th with a 40 – 8 vote count and has been referred to the House Committee on Education.

Evergreen Free College Act: [2SSB 6101](#), sponsored by Sen. While the Law Department testified with concerns at the hearings for the original versions of the bill, we worked to have our concerns addressed. All our recommendations were included in the version of the bill that passed out of Committee. While these bills did not advance before the cutoffs, this bill has been determined to be NTIB. We have shifted over to the city attorney's preferred approach, which is delinking failure to pay a traffic ticket from having one's license suspended. We have also worked with DOL to make some significant changes to the effective date and to bring the fiscal note down. A relatively large amount of the highway safety fund is funded through the fees people currently pay to reinstate licenses after they are suspended. So, while there is upfront savings from our approach, it does have a long-term impact on the fund because fewer people are having their licenses suspended.
