

North Aurora

Community Planning

About the Project

The Aurora Ave N corridor runs through several neighborhoods that are home to culturally diverse communities with commercial areas that serve local and regional needs.

Communities along the corridor have advocated for a holistic vision that improves livability and shapes growth and investment in their neighborhoods.

This community planning process includes areas in the Aurora Licton Springs Urban Village, Bitter Lake Urban Village, and areas north of NW 85th St along Aurora Ave N where people gather, shop, seek services, and recreate. An exact project scope and planning area is being determined through the initial engagement process.

Approximate Study Area

Project Phases

WE ARE HERE

Outcomes

This community planning project will create a shared vision and Community Action Plan for neighborhoods along the corridor and action plan that identifies priority issues and opportunities and aligns City investments to achieve the vision.

Get Involved!

Community members will be involved in every step of the project, developing a vision, identifying strategies, and taking action. Check out the website and sign up for the mailing list to get project updates!
