## Notes:

## 2023 Adopted

## 2024 Propose

The 2024 proposed financial plan includes \$700K in the Waterfront Maintenance (Seattle Center, line of business to reflect the one time appropriation of unspent funding for maintenance of the waterfront per the transition agreement between SPR, Seattle Center, and Office of the Waterfront and Civic Projects. The technical carry forward of that funding was approved in Ordinance 126725, and MPD Resolution 59. The underspend is from Cycle 1 which included a small annual allocation of waterfront maintenance funding that was not fully utilized based on the timing of the waterfront project.

The 2024 financial plan includes reserves starting in 2024 to cover anticipated expenditures from 2024-2028 for both the Seattle Park District Fund and the Park and Recreation Fund (10200). Anticipated retrospective expenditures for 2023 for this fund are accounted for in a planning reserve in the Park and Recreation Fund (19710) financial plan.

The 2024 revised budget includes several budget neutral changes across lines of business directly tied to proposed change requests and a correction to a 2023 error in an operating line of business reporting structure.

<sup>\*</sup> At the end of Cycle 1, the Smith Cove Phase 1 Project had \$2.6M in appropriation that was to be backed by Cycle 2 resources (unspent Cycle 1 resources for this project were reallocated to respond to the COVID pandemic). The 2023 Adopted Budget right sizes this project in 2023 and provided additional resources to complete the project in Cycle 2. NOTE: While this revenue rightsizing was not reflected in conversation with the BPRC, funding to complete Smith Cove Phase 1 was considered a pre-commitment.
