

## **Cascade People Center RFP**

Due, January 10, 2023, at 3:00PM

### Questions and Answers

1. My reading of the RFP is that no more than 75% of the fair market value rent can be offset by public benefit. Is that accurate? Trying to make sure we accurately complete the rent balance paid in cash portion of the public benefit summary because we are proposing to provide more than 75% of the value in public benefit.

This is our starting point not a firm requirement, rather a goal. We are open to other proposals.

2. Does the 10-page limit include the cover page and signature page?

No, the 10-page limit does not include the cover page or the signature page.

3. Does the CITY OF SEATTLE COVID-19 VACCINATION REQUIREMENTS CONTRACTOR ATTESTATION need to be completed as a part of the RFP?

Yes, the signed Vaccine Attestation Form is due with the RFP Proposals.

4. Can letters of support be included?

You are welcome to include them, but they are not scored and will not factor into the overall proposal.
