

BPRC Subcommittee 3, Meeting #1
April 2, 2022
Notes

Meeting Location: Webex

Members: Sophia Faller, Deepa Sivarajan, Davon Thomas, Sean Watts (absent); **BPRC Co-Chair:** Marlon Herrera

SPR Staff: Brian Judd, David Takami

Subject Matter Experts (SMEs): Kim Baldwin, Ruth Blaw, Justin Cutler, Michele Finnegan, Joey Furuto, Andy Sheffer

Next Meeting: Sunday, April 10th 1 – 2:30 p.m.

Homework for Next Meeting: Please review and prioritize each proposal against the Guiding Principles. Be prepared to discuss \$ allocations and rationales.

SUBCOMM	STRATEGY	PROPOSALS	STAFF	NOTES
#3 Investing for the Future <i>Facilitator:</i> <i>Brian</i>	<i>Responding to Climate Change</i>	Climate Conscious Buildings (<i>Capital</i>)	Kim	Q (Deepa) Is water heating included as part of this plan. A (Kim): Converting pools complicated issue; our plan is to install heat recovery system at pools, reducing fossil fuel input, preparing for reducing electricity Q (Deepa) Do you have a sense of the level of greenhouse gas burning? A (Kim): Pools are one of major consumers; we need to find best way to address Q (Deepa) on cooling side, how many ccs have cooling? What ones targeted? A (Carson): Currently only handful have cooling and some only in a couple of rooms. Magnuson b\Brig, RBCC has capacity through deep water heat pumps. Northgate CC multipurpose room. Cooling in more centers and in more rooms is key priority Q (Deepa): Is updating air filtration part of plan?

				<p>A (Andy): Filtration is integral to upgrades. We are Increasing filtration at every facility possible, we will continue to do so. Magnuson improvements under way now. During smoke events, designated community centers had filtration. South Park will also include cooling.</p> <p>Q (Deepa): If it's easy to share documentation on the emissions burden from pools and the current working on heat recovery with me, that would be great.</p> <p>This question needs answering</p>
