

Help Design Your New Park!

PUBLIC DESIGN MEETING #2 *for* **1125 HARVARD AVE E**

Seattle Parks and Recreation invites the community to review the design concept and proposed elements for the new park at 1125 Harvard Ave. E. This is an opportunity for the community to learn about the project, provide input on design options and learn about the next steps for the project.

Thank you to everyone who has participated to date. Together with our design team from Karen Kiest Landscape Architects we have incorporated your feedback from the online survey and from the Open House/Meet-n-Greet into a design concept and proposed elements for the future park.

In 1972, Stimson and Kay Bullitt generously gave the 1.6 acre property to the City of Seattle for a future park. Seattle Parks and Recreation is in the process of working with the community on design options for this site. We currently do not have funding for the park development.
