Q1 What do you like about the existing play equipment and its arrangement? Check all that apply.

ANSWER CHOICES	RESPON	ISES
Many different types of play opportunities for walking/running, climbing, sliding, upper body exercising, spinning, etc.	66.48%	117
Many access points with different levels of challenge and many play routes.	51.70%	91
Provides activity for all age groups up to 12.	38.07%	67
The current flow of the play equipment and structures.	21.02%	37
Other (please specify)	18.18%	32
Total Respondents: 176		

#	OTHER (PLEASE SPECIFY)	DATE
1	Swings	10/31/2023 5:44 PM
2	A climbing park similar to the Teton Boulder Park in Jackson, WY	10/31/2023 12:39 PM
3	Trees right around site.	10/25/2023 1:51 PM
4	We love how the arrangement encourages the community to interact, especially at the merrigoround. This has been a wonderful place for kids to coordinate together and adjust speeds based on needs. The only equipment that it not useful is the zipline as it does not work very well.	10/25/2023 10:18 AM
5	Trees-kids love the trees. Don't remove any more. This month 2 more were removed. In past 10 years, over 10 mature trees have been removed from this park. Please replace them!	10/24/2023 3:23 PM
6	Not permitting dogs	10/24/2023 2:05 PM
7	slope, proximity to climbing trees	10/24/2023 9:52 AM
8	Good for little kids	10/24/2023 9:44 AM

9	The swings are cool for all ages and at the height and area they currently are. It's fun to swing and be above the whole park.	10/22/2023 10:24 AM
10	the size is perfect for small children. there are too many playgrounds that are unsafe for 2-6 year olds. this one is perfect for that age range.	10/21/2023 11:52 AM
11	Attractive lookingadds to the park	10/19/2023 9:51 AM
12	I like that it's mostly younger children here with older children at View Ridge. It allows younger children to play without worrying about injury or trying to mimic more dangerous behavior	10/14/2023 12:47 PM
13	Green space around it	10/12/2023 5:07 PM
14	It is paid for.	10/12/2023 3:29 PM
15	Pickle ball courts too?	10/11/2023 5:49 PM
16	I like the slides and the plastic spinning tic-tac-toe. I do not understand how to use the firepole with the spiral around it and neither does my 3 year old. These poles with a spiral confuse me.	10/10/2023 11:29 PM
17	It is an open park layout	10/10/2023 2:24 PM
18	spots for parents/caregivers to sit at various vantage points	10/10/2023 1:09 PM
19	Na	10/9/2023 9:48 AM
20	The merry go round is great! Don't replace it with a high friction one like at maple leaf	10/8/2023 4:07 PM
21	Not much to like	10/7/2023 7:40 PM
22	Don't really like it at all!	10/7/2023 7:34 PM
23	Shade/tree cover near playground	10/7/2023 3:35 PM
24	Monkey bars and slides	10/6/2023 11:03 PM
25	My kids don't currently like the play structure. It doesn't provide much for them to do	10/6/2023 10:59 PM
26	we love the merry go round (I don't see it? Did it get taken out?)	10/6/2023 8:39 PM
27	Don't currently use the playground. My kiddo is 11 months old.	10/6/2023 7:00 PM
28	I like the trees, path for scooters, basketball hoops and grass field area	10/6/2023 6:52 PM
29	Good for young kids	10/6/2023 6:26 PM
30	I like having an area for toddlers and another area for bigger kids	10/6/2023 6:05 PM
31	It's nothing special	10/6/2023 3:52 PM
32	Being able to climb real rocks	10/5/2023 6:06 PM

Q2 What play equipment style would you like for the play area? Please choose one.

ANSWER CHOICES	RESPONSES	
No preference	8.59%	14
Traditional look (current style)	18.40%	30
Modern look	9.82%	16
Natural look	46.63%	76
Pipe System	11.66%	19
Other (please specify)	4.91%	8
Total Respondents: 163		

#	OTHER (PLEASE SPECIFY)	DATE
1	use natural materials - Earthscape makes nice structures	10/25/2023 8:33 PM
2	All of these are fine as long as they meet the same play opportunites as the existing structures. Our kids would be pretty disappointed if the play structures were smaller than the existing.	10/25/2023 10:24 AM
3	Needs to be durable and attractive over the long term	10/19/2023 9:54 AM
4	Cool rope tower. Like at the Seattle Center playground	10/18/2023 8:18 PM
5	Wooden like at st Edwards or natural	10/18/2023 7:12 PM

6	A dog park would be better	10/13/2023 5:34 PM
7	There are more dogs than kids in this neighborhood. Add an off leash area.	10/13/2023 5:34 PM
8	I'd like the existing equipment to remain as-is.	10/12/2023 3:31 PM

Q3 Please select your top six most desired types of play equipment, or suggest your own.

ANSWER CHOICES	RESPONSES	
Slides	87.73%	143
Swings	87.73%	143
Spring Toys	16.56%	27
Bouncing	28.22%	46

22	Accessible roller slides (like this: https://littletikescommercial.com/product/roller-slide/)	10/4/2023 10:44 PM
23	Zip line	10/4/2023 3:02 PM

Q4 Additional Comments: Feel free to write additional comments about the playground and the park.

Answered: 64 Skipped: 112

#	RESPONSES	DATE
1	More trees!	10/31/2023 5:47 PM
2	I would enjoy more running paths through the park, and also outdoor ping pong and pickleball courts would be very fun!	10/31/2023 4:51 PM
3	I like the overall layout as it is today	10/31/2023 12:43 PM
4	The pine and aspen trees around the current playground are gorgeous and give it a hidden, forested feel, even for such a small, urban park. I'd love to retain those trees, if possible, and I think the natural playground style would help bring out that feeling. While maybe not in the scope of this survey, I want to emphasize how desperately we need more traffic calming measures around the NE 65th St & 40th Ave NE intersection right next to the park. That intersection doesn't even have traffic lights, the road is insanely noisy and busy, and not all sides of it have adequate curb ramps, so it's a nightmare to navigate with a stroller. There isn't much point in creating a beautiful place for kids if it's dangerous to take your kids there!	10/31/2023 8:31 AM
5	The swings should be away from the rest of the play area so that running children will not accidentally run into a moving swing.	10/30/2023 8:26 AM
6	Please upgrade the ADA curb ramps at the intersection of NE 65th St & 40th Ave NE. This intersection has very high foot traffic ramps, but the current ramps aren't up to code, and make it hard to access for strollers, wheel chairs and toddler bikes.	10/29/2023 9:23 PM
7	Incorporate nature (eg, animal statue, water, rainbows, etc.) in the playground.	10/26/2023 6:04 PM
8	My number 1 suggestion is to Include spray water feature(s). Kids love water play especially during summer months. No wading or swimming.	10/26/2023 1:29 PM
9	unstructured climbing play that also functions as art/object. less 'single use' structures	10/25/2023 8:33 PM
10	We love the existing swings. We've had many wonderful moments to connect with our tween here as both adults and kids can swing.	10/25/2023 10:24 AM
11	The current playground is pretty small. It's probably smaller than all the other ones in the area. If there's an opportunity to expand that'd be great. The current set up is fine for young toddlers up to 2 years old, but not great for older children.	10/25/2023 9:46 AM
12	The current playground is not nearly big enough for a 100+ kids to play on it at once. There also is not a lot to do for older kids.	10/25/2023 6:43 AM
13	accessibility, varying levels of play opportunities. Metal structures get too hot or too slippery.	10/24/2023 7:09 PM
14	Current swings need oil. Pathway is too steep for wheelchairs and drainage seeps onto walkway making slipping hazard, especially when it ices over -pls add storm water garden. Also, 5+ trees were removed near existing playground, then in SW corner another 5+ and then in SE corner another 5+. 3/4 of the cloned redwoods to replace all the mature trees SPR cut down died in the first year bc water wasn't provided. This month 2 more trees have been felled. Please replace them. Leave configuration as is to preserve current trees.	10/24/2023 4:16 PM
15	The field area has some large holes that could be filled to prevent injury	10/24/2023 2:06 PM
16	Please add a bathroom. Keep the excellent climbing trees. Sand box for young kids near baby swings so that parents can swing one kid and watch a toddler in the sandbox at the same time. Minimize overlapping construction with other parks like Burke-Gilman, View Ridge, and Ravenna - all the construction is really limiting our current options for our young kids (though we appreciate it). Thank you.	10/24/2023 9:57 AM
17	Would be great to have a clean bathroom at the park.	10/24/2023 9:45 AM

18	I really like the Laurelhurst and Wallingford Park Playgrounds as points of comparison for activities and the types of equipment. Given this is in full Sun I'd really prefer no metal.	10/20/2023 2:48 PM
19	My two kiddos are asking for a slide made of rolling tubes! Hope that makes sense. They and their friends love playing on those types of slides.	10/20/2023 12:50 PM
20	Adding bathrooms to the park would be great. Also, adding lights to the tennis courts we be wonderful.	10/19/2023 8:11 PM
21	As an older adult, it is a joy to see the children with their parents enjoying the park resources	10/19/2023 9:54 AM
22	Any possibilities for bathroom?	10/19/2023 9:11 AM
23	The park doesn't serve 1-3 years old very well. Would like to see that improvement, a splash pad or water feature would be so great for the summers too. We love the park at Yesler and 20th, the firehouse park by Cherry hills, and the zip line at the maple leaf park.	10/18/2023 8:55 PM
24	We'd prefer to spend the money on a bathroom at the park. The play equipment is aging but it's still in pretty good condition, kids need the toilet more than new playground things. Please don't forget early walkers / crawlers in the design. Some sand surfaces instead of wood chips would help.	10/18/2023 8:18 PM
25	Thank you for renovating this playground	10/18/2023 5:05 PM
26	More trees please!	10/17/2023 7:07 PM
27	It would be fantastic to see a tot lot included for the very young - including a wide slide that toddlers are less likely to end up with leg injuries	10/17/2023 1:54 PM
28	The current equipment is fine, spending over a million dollars on new playground equipment is unnecessary. If you're using it for anything, why not at least provide bathrooms at the park?	10/13/2023 5:34 PM
29	Surely these funds can be put to use better, elsewhere in the City. For example: Rainier Beach, Othello.	10/12/2023 3:31 PM
30	It seems like music and talk tubes in playgrounds don't stand the test of time. These are often worn out or don't work properly at other playgrounds so they don't seem like the best investment. Some spinning stuff can be dangerous for little/younger kids who can't hold on or balance well.	10/10/2023 11:34 PM
31	Would love it if the swings and the playground area were in the same area. Makes it easier to watch multiple kiddos.	10/10/2023 7:49 PM
32	We love Bryant Park - we love that their is a tennis court, swings, big trees (please keep all the trees!), playground and big grassy area- fun for all ages!	10/10/2023 6:15 PM
33	Are there options for covered play spaces in case of rain?	10/10/2023 3:37 PM
34	Safety is my number one concern regarding the park/playground, which is located within many NE Seattle neighborhoods. There have been visual displays of sleeping at the park by homeless people, including discarded chairs and other property. The park should both physically be designed in a way to ensure visability for safety but also Seattle Parks and Recreation must ensure proper enforcement so that the park is clean and safe for Seattle residents and taxpaying neighbors. Thanks.	10/10/2023 2:33 PM
35	Why are there no restrooms in the plan?	10/10/2023 1:14 PM
36	Love playgrounds that offer a under 5 area and older area. Also covered area, and benches for parents!	10/9/2023 10:57 PM
37	The rockery on the north side of the playground is a fun and important part of the place. It's important to keep it and integrate it with the renovation.	10/8/2023 10:01 PM
38	Please add a bathroom so we don't have to walk to PCC! Thanks!	10/8/2023 9:04 PM
39	It would be nice to have a restroom here. The playground equipment seems in good enough shape, it would be great to have an upgrade but I'd rather spend money on a restroom (PCC lets you use theirs but at the park would be better)	10/8/2023 1:09 PM
40	PLEASE add a bathroom at the new park. With little kids, it is not convenient not to have a public bathroom when needed. That would be my #1 suggestion!!! Thank you!	10/8/2023 9:00 AM

41	A toddler section with lower to the ground equipment would be great!	10/7/2023 10:44 PM
42	Keep the shade!	10/7/2023 3:44 PM
43	I like the idea of moving the swings to be closer to the rest of the equipment. Right now it makes it hard to watch more than one kid because the swings are so far from the play structure	10/7/2023 1:38 PM
44	DO NOT UNDER ANY CIRCUMSTANCES CUT DOWN THE TREES!!!!	10/7/2023 9:45 AM
45	From my four-year-old: It would be neat if it had a pirate ship or dinosaur theme. What if the slide looked like a dinosaur? From me (the adult): I love the trees and picnic tables. We often to go to PCC and then the park for picnic.	10/7/2023 8:33 AM
46	My artist name is Dozfy and we made the Bruce Lee mural in the ID area. Is there an opportunity to create a community mural?	10/7/2023 7:41 AM
47	Would be great if the natural slope of the park could be leveraged for some cool slides!	10/7/2023 6:27 AM
48	We also like zip line.	10/6/2023 11:06 PM
49	The current playground is infested with rats that hide in the rocks surrounding the play structures. It would be nice to minimize places where the rats can hide. Would be great to expand the play area and have more options — currently it feels sparse and not enough options for younger kids or imaginative play.	10/6/2023 10:26 PM
50	Bathrooms would be great	10/6/2023 9:58 PM
51	Lots of kids love playing in the rocks and trees around the play structures - also love that the way it is surrounded with rocks and retaining wall makes it easier to allow young children the independence to explore while still being contained.	10/6/2023 9:01 PM
52	We prefer more challenging for kids to better work their vestibular systems and learn better balance and limits (higher slides, further apart monkey bars, etc). Too short and easy stunts development	10/6/2023 8:41 PM
53	Soft foam-like rubber ground cover preferred over wood chips and sand	10/6/2023 7:15 PM
54	Pickle ball courts and Paths for scooter riding	10/6/2023 6:58 PM
55	I'd love for the swings to be closer to the rest of the play area	10/6/2023 6:50 PM
56	All kids love the monkey bars	10/6/2023 6:27 PM
57	Skate park or paved area for roller skates and skateboard and small bikes	10/6/2023 6:08 PM
58	I don't like the rockery that is currently there. Little kids try to copy the big kids and climb it and it's too unsafe. I wish the swings were closer to the main play ground.	10/6/2023 6:08 PM
59	My kids get bored easily on the current play structure. It just doesn't offer a lot.	10/6/2023 3:54 PM
60	Please include some tall bars for hanging/pullups, parallel bars, and other calisthenics items for adults! Also really appreciate climbing/hanging stuff in the play structure for people of all ages. Consider adding a porta potty as well.	10/5/2023 7:53 PM
61	Please avoid noise making items like bells and drums An adult calisthenics area near the playground would be a huge asset to the community because there are no such facilities nearby	10/5/2023 7:35 PM
62	The playground can get pretty wet because of the slopes so any improvements to that would be appreciated.	10/5/2023 6:16 PM
63	Please avoid random open spots where kids can fall	10/5/2023 12:08 PM
64	* Preferably for slightly older kids since Viewridge satisfies the preschool age group * Covered shelter and bathroom increase usage, at least some picnic tables * Bike loop possibility (like Maple Leaf) since nothing like that is at Lauralhurst/Viewridge, so would provide a unique addition * Some areas in shade for sunny weather days * I just want to emphasize that I really love roller slides * For some ideas, this park in MN has some great ideas in it: https://www.bciburke.com/design-ideas/featured-playgrounds/thompson-county-park . particularly of note: cool theme (bugs and pollinators), beautiful music toys (flower themed),	10/4/2023 10:44 PM

and many wheelchair accessible things like a rocking see-saw platform. A stand-out park design!

Q5 Site Plan - Option AUse the comment box to describe what you like and do not like about this site plan.

Answered: 59 Skipped: 117

#	RESPONSES	DATE
1	It doesn't seem like a great use of space. Not much can be done in the sloped lawn. Activities which my family enjoys typically require flat ground	10/31/2023 4:55 PM
2	Having the swings right next to the path might leave them a little exposed to sunlight, as opposed to the shade that Option B provides, I suppose. I like the idea of having the swings connected to the main area to keep play uninterrupted and to even nudge my preschooler to go to the playground if he's been on the swings for a long time. Out of site, out of mind sometimes. Yet he loves the swings, and I think part of that has to do with those amazing territorial views of the whole park. Having the two areas separated also gives older kids a quieter place to swing and socialize with friends without feeling like they're in the rowdier little kid area. I love the size of the current swing area and that it can so easily accommodate preteens and other bigger kids.	10/31/2023 8:47 AM
3	I like the separation of ages. The swings are too close to the play area because running children could run into them. And please don't get rid of the big tree!	10/30/2023 8:36 AM
4	Option A leaves little room for free play in a level area. The sloped lawn will be hard to utilize - it's a waste of space. The playground area will become crowded.	10/29/2023 9:38 PM
5	Dislike that Sitting space not located near playground	10/29/2023 1:16 PM
6	Locates play equip in one general area for easier supervision of all groups. Dont like reducing swing area.	10/26/2023 1:39 PM
7	Swings are not good down there, too cluttered and when the park floods it'll be even more dangerous.	10/25/2023 3:49 PM
8	I like where the swings are now. Proposed area is very swampy, impact on trees-hopefully they can stay.	10/25/2023 1:58 PM
9	Swings should be kept as is in current location, they are fun to use as they lift off from the hillside, making it a fun experience for kids and adults. Love the option for new dining area that is centrally located for events/birthdays. It would be so nice if shelter could be incorporated here as well. New trees on south side seem problematic with free play/frisbee area. Could they be moved closer to the north/south path so that a large clearing can be maintained here?	10/25/2023 10:34 AM
10	I like the ramp access and having playground equipment in one area as designated age group play areas.	10/24/2023 7:16 PM
11	Access is not improved from the bus stop-only via to cul de sac. The swings are used all the time and by teens too. Leave them where they are and oil them. Add more sitting areas-there aren't enough benches for parents as is.	10/24/2023 4:24 PM
12	swings close to the 2-5 area is good, but the swings on the hill is so cool	10/24/2023 9:59 AM
13	Is there anything we else we could do with the swing area rather than decommissioning it? Could we keep those swings and have two swing locations maybe with baby swings below and big kid swings on the current hilltop?	10/20/2023 2:50 PM
14	Please reject this option. It's dangerous to have swinging kids close to other, potentially smaller, children playing. We also like having play areas spread out so kids can have freedom to roam safely.	10/20/2023 12:55 PM
15	Let's add more swings, not decrease the size. Why not leave the original swings and also add news ones? Or turn the old swing area into a play area for 0-3? I like that it is all located in the same area.	10/18/2023 8:55 PM

16	I like having everything together, it makes it easier to watch multiple kids. I don't like that there's no sand play for crawlers/ early walkers. Pls make sure to keep the good climbing tree	10/18/2023 8:18 PM
4.7	next to the play area. Think about baby swings low and big kid swings on the hill.	40/47/0000 0 55 57
17	I like the swings being closer to the rest of the playground.	10/17/2023 8:38 PM
18	Like the free play sloped lawn, but would prefer not to lose swing space	10/17/2023 4:34 PM
19	Don't like decommissioning the current swing area	10/14/2023 12:40 PM
20	Is "DECOMMITIONED" supposed to be "DECOMMISSIONED"? That isn't a word.	10/12/2023 3:35 PM
21	I like having the play areas all together. I never use the picnic tables, they are too far away to be useful.	10/11/2023 12:01 PM
22	I have never liked how the swings are in a separate area, so I love that the swings are closer to the main play area. I also like that there is only one new ramp going in. The picnic plaza seems too much in the middle of the path and in the center of the action, compared to option B. I prefer option B	10/10/2023 11:49 PM
23	love the idea of a swimming area	10/10/2023 7:53 PM
24	We don't need more sloped lawn space - can that former swing area be planted with more trees/local plants instead?	10/10/2023 3:41 PM
25	Swings, like location of tables too	10/9/2023 10:59 PM
26	Separate area for little kids, swings are near	10/9/2023 10:27 PM
27	Like swings on hill	10/8/2023 9:40 PM
28	I like that the swing set is further away from the road.	10/8/2023 1:56 PM
29	I like how the swings are with the rest of the play equipment. I can then swing my toddler while my older kids are nearby at the playground and not down the hill (as it is presently laid out, causing safety concerns). Please, please add a bathroom somewhere for my kids to be able to use!	10/8/2023 9:03 AM
30	A toddler play area as separate zone	10/7/2023 10:47 PM
31	I like that the swings are closer to the playground.	10/7/2023 7:39 PM
32	Likes: like that swings are moved to be closer to the play equipment Dislikes: don't like that the swing are size would be smaller	10/7/2023 1:44 PM
33	Swings near other equipment is nice to watch multiple children	10/7/2023 1:21 PM
34	Don't like the swings being moved or any trees being removed	10/7/2023 9:49 AM
35	This seems the least disruptive and I like that all of the play equipment is together. Easier for families.	10/7/2023 8:37 AM
36	Pros - swings in proximity to the rest of the play area Cons - smaller swing area	10/7/2023 8:31 AM
37	I like the proximity of the swings to the play area. The space adjacent to 65th street is underutilized today- I don't think this helps that. 65th is an arterial and, similar to option B, the removal of the swings creates a huge new space but it leaves unaddressed how to generate safe space for the kids to play but stay well away from 65th and 40th.	10/7/2023 2:05 AM
38	This is my least favorite of the options. I like the current swing area being separated from the other playground	10/6/2023 11:46 PM
39	I like the separation of the little and older kid areas	10/6/2023 11:18 PM
40	Good. Can you make the swing area bigger? What about the bike rack? Can you put picnic tables next to swings and 5-12 yr old play area, so that when we sit at the tables, we can see the whole play area?	10/6/2023 11:18 PM
41	I like that the swing is now incorporated with the other play structures (it's tough when you have multiple kids in the play area and have to go back and forth between the swings and play area). However, maybe the former swing area can be used in a more interesting way. There are	10/6/2023 10:51 PM

already endless lawns all around this park. Can this be a sandbox or a splash pad. It would be shame to lose that nice view point.

	sname to lose that flice view point.	
42	Dislike: majority of picnic tables look too far away so parents couldn't sit at those tables while their kids play.	10/6/2023 10:00 PM
43	Seems crowded	10/6/2023 9:18 PM
44	I like having swing closer to rest of playground equipment. Plaza and picnic area to the north of the playground is a good location.	10/6/2023 9:08 PM
45	I like that this protects the play area more from the road.	10/6/2023 8:43 PM
46	Picnic tables have shade and tree cover, all play areas together, needs a bathroom, would like a slide in the slope area	10/6/2023 7:20 PM
47	Like having all the play elements together. Don't like reducing swing size.	10/6/2023 6:50 PM
48	Don't really need more empty free play space especially if it is sloped (hard to play field sports in a sloped free area anyway)	10/6/2023 6:15 PM
49	Like the swings closer to the rest of the playground equipment. And the picnic tables closer to the tennis courts.	10/6/2023 6:09 PM
50	Nice to not have to leave playground to go to swings. Especially if you're watching 2+ kids	10/6/2023 6:02 PM
51	I like this because the swings are now with the other equipment	10/6/2023 6:02 PM
52	Like that it is all together	10/6/2023 6:00 PM
53	Park lighting, considerations around visibility from street should be a priority to deter crime off hours as much as possible using all available design data while preserving community entrance and exit points. Too many cons; site C preferred.	10/6/2023 9:45 AM
54	Don't like that the play area seems too crowded.	10/6/2023 7:30 AM
55	I prefer the swings in the high spot above the park where they are currently, but I like the plaza idea.	10/5/2023 8:00 PM
56	I like having the swings where they are currently. It allows for better views while swinging. And also prevents crowding with little kids are running. Did you just do this thing yesterday? Your input	10/5/2023 7:42 PM
57	Like the swings by the play equipment and the new picnic area	10/5/2023 6:23 PM
58	Con: Tables a bit far from play area, so harder to supervise (during events with food).	10/4/2023 11:01 PM
	Picnic area has more shaded area	10/4/2023 2:09 PM

Q6 Site Plan - Option BUse the comment box to describe what you like and do not like about this site plan.

Answered: 57 Skipped: 119

#	RESPONSES	DATE
1	I like the picnic area idea, it would be nice to be able to host barbecues here with neighbors. However, the sloped lawn doesn't offer many possibilities for activities	10/31/2023 4:55 PM
2	If the swings need to move, I'd prefer if they're near the path (Option A) instead of in this nook behind the 5-12 year-old play area (Option B). That nook between the pine and birch trees is perfect for playing with sticks and for games of tag. My four-year-old gravitates to that spot for outdoor play with kids. It's a peaceful place.	10/31/2023 8:47 AM
3	The free play/ frisbee area is muddy much of the year because it doesn't drain. Swings need to be farther away from free play and other areas where children run. Need to keep the big tree!	10/30/2023 8:36 AM
4	The cons are similar to option A: trading good level area for free play for less useful sloped area. Crowded playground.	10/29/2023 9:38 PM
5	Love that swing, play areas and plaza are close together	10/29/2023 1:16 PM
6	Same comments as Option A	10/26/2023 1:39 PM
7	This is somewhat better swing placement but is too cluttered.	10/25/2023 3:49 PM
8	Trees? Hopefully they stay. Hard to replace.	10/25/2023 1:58 PM
9	Swings should be kept as is in current location, they are fun to use as they lift off from the hillside, making it a fun experience for kids and adults. Plaza with picnic tables and swing locations seem problematic with balls and frisbees being thrown around in the large field.	10/25/2023 10:34 AM
10	this seems very similar to plan A. I like the additional plaza/picnic table area with pathway.	10/24/2023 7:16 PM
11	The SE field is active with free running on the flat field. There aren't enough sitting areas as isdon't remove any. This doesn't address drainage.	10/24/2023 4:24 PM
12	We could use some picnic tables.	10/24/2023 9:59 AM
13	I like the picnic tables relocated near the playground	10/20/2023 2:50 PM
14	Please reject this plan. The same issue with kids swinging near play areas and tables exists. Also there is no room to spread out and the rest of the park is not used to its best potential.	10/20/2023 12:55 PM
15	Same comments as above. Hope for some shade in the picnic area. Would hate to see fewer swings. Probably like this one better than option 1 due to the location of the plaza. Can't the old swings area be left as is or turned into an open play space of some kind?	10/18/2023 8:55 PM
16	Same as A	10/18/2023 8:18 PM
17	Nice to have everything together. This gives better visibility from the seating area to the whole playground than Option A.	10/18/2023 5:07 PM
18	I like the additional plaza area.	10/17/2023 8:38 PM
19	Like the free play sloped lawn, but would prefer not to lose swing space. Appreciate the additional play route, but worry about younger children running in front of the swings.	10/17/2023 4:34 PM
20	love this plan best but wish there was a longer path around the play area for kids to bike/scooter on. Also desperately need bathrooms here!! Especially for playgrounds in the 2-5 age group - they can't hold it and they're often still potty training or learning how to ask to go to the bathroom with more than 30 seconds of notice. Also parents need to go too! Then you have to pack up your kids, walk back to the car/bike and go back home in order to access a bathroom!	10/16/2023 9:52 AM

21	Don't like decommissioning the current swing area	10/14/2023 12:40 PM
22	I do not like that the courts continue to exist. Do you expect me to be able to make a judgement as if I was an architect? I can't visualize any of these circular blobs.	10/12/2023 3:35 PM
23	Like all play area togeher.	10/11/2023 12:01 PM
24	This is my favorite option. The plaza lends itself to more use of the free play area. That lawn in underutilized and with the plaza there, I believe it will create a whole new zone and flow of traffic. This is the best use of space, when there are lots of kids playing, there will be more options in terms of places to be.	10/10/2023 11:49 PM
25	love the idea of a swimming area	10/10/2023 7:53 PM
26	like activating the SE corner and having continuous play	10/10/2023 3:41 PM
27	Picnic tables close to play structures. Separate area for little kids, swings are near	10/9/2023 10:27 PM
28	Like swings on hill	10/8/2023 9:40 PM
29	I like how the swings are with the rest of the play equipment. I can then swing my toddler while my older kids are nearby at the playground and not down the hill (as it is presently laid out, causing safety concerns). Please, please add a bathroom somewhere for my kids to be able to use!	10/8/2023 9:03 AM
30	This is ideal. Swings closer to the playground and love the plaza with picnic tables really close too!	10/7/2023 7:39 PM
31	I like the broader plaza! Provides a better view onto the whole park and play area	10/7/2023 4:49 PM
32	Likes: like that swings are moved to be closer to the play equipment Like plaza location, allows for parents to see all play structure, swings and free play area Dislikes: don't like that the swing are size would be smaller	10/7/2023 1:44 PM
33	Swings are great there	10/7/2023 1:21 PM
34	Don't like the swings being moved or any trees being removed	10/7/2023 9:49 AM
35	Better line of site	10/7/2023 7:42 AM
36	Like that this is more compact than option A, so everyone can be close / within eyesight	10/7/2023 6:33 AM
37	Love the proposed plaza with picnic table location - central, close to picnic tables and tennis courts entry. Also love proximity of swings to the climbers.	10/7/2023 2:05 AM
38	Slightly better with the added plaza than option a	10/6/2023 11:46 PM
39	Good.	10/6/2023 11:18 PM
40	I love that the play area now has swings and picnic tables — it feels nice and cohesive. Still feels that the old swing area is now wasted as a space. Can something more fun be done there (splash pad, sandbox, zip line)	10/6/2023 10:51 PM
41	Seems crowded.	10/6/2023 9:18 PM
42	Nice to have swings near other play equipment.	10/6/2023 9:08 PM
43	I like having the swings near the playground. I like having picnic tables and plaza near the playground as well	10/6/2023 9:02 PM
44	this makes the play area too small, I don't think the lawn will get used much.	10/6/2023 8:43 PM
45	Needs bathroom, play located altogether, no tree cover for picnic tables	10/6/2023 7:20 PM
46	Like having all the play elements together. Don't like reducing swing size.	10/6/2023 6:50 PM
47	Takes up flat free space area	10/6/2023 6:15 PM
48	Same to me as A	10/6/2023 6:02 PM
49	I like having the picnic tables nearby	10/6/2023 6:02 PM
50	Tables by play equipment is even better	10/6/2023 6:00 PM

51	Too many cons, site c preferred.	10/6/2023 9:45 AM
52	Play area is still seems crowded.	10/6/2023 7:30 AM
53	No preference between this and option A.	10/5/2023 8:00 PM
54	I don't understand the purpose of the plaza with picnic tables. How is this different than the picnic tables higher up on the hill?	10/5/2023 7:42 PM
55	Like having swings by the play equipment and away from the main path	10/5/2023 6:23 PM
56	Pro: Good close table area, so easy to supervise kids of different ages at all activites.	10/4/2023 11:01 PM
57	Picnic area is closer to the play area	10/4/2023 2:09 PM

Q7 Site Plan - Option CUse the comment box to describe what you like and do not like about this site plan.

Answered: 70 Skipped: 106

#	RESPONSES	DATE
1	This feels like the best of all worlds. Keep the swings where they are, add more walking paths, add picnic tables. I think this seems like the most effective use of space.	10/31/2023 4:55 PM
2	The separate swings were really hard when I had 2 young kids wanting to be separate places at the same time!	10/31/2023 2:56 PM
3	I only dislike that my son sometimes gets so caught up in the swings that he forgets the main playground is there, just since it's so far away. I think adding the new accessible route would help making them feel connected, though.	10/31/2023 8:47 AM
4	The trail from 40th is often muddy, the trail from 65th has parts that are sometimes muddy. That needs to be fixed. Same with the constant mud in the free play/frisbee area.	10/30/2023 8:36 AM
5	Option C is my preference. Best use of space: preserving most of the free play area. The new accessible route looks useful and fun to explore. Would be good to truly level the slope of the free play area.	10/29/2023 9:38 PM
6	Dislike additional grade and that the play areas are split across two levels.	10/29/2023 1:16 PM
7	Very little improvement over current park. I don't feel either option is leading to new thinking in park design and features. I support more creative and natural play options for kids.	10/26/2023 1:39 PM
8	The new accessible route provides a great 'loop' for kids to move/ride around. Swings being separated can help prevent accidents from kids walking into swing area. Free Play area on south could use drainage work as it is frequently wet/shaded.	10/25/2023 8:35 PM
9	This is good because the swings are already in a great spot.	10/25/2023 3:49 PM
10	This is the most pleasing, hopefully drainage issues around the park are well addressed.	10/25/2023 1:58 PM
11	Love this one but would move plaza with picnic table to area shown in Option A so that they are in a central location. New trees shown on south side should be relocated so that they do not negatively impact the free play/frisbee area.	10/25/2023 10:34 AM
12	Preferred option. But what is the impact to the trees? and how does this address current drainage problems?	10/24/2023 4:24 PM
13	This is sweet.	10/24/2023 9:59 AM
14	The swings deserve to be on the hill. You can overlook the park and feel a sense of freedom.	10/22/2023 10:27 AM
15	I like the picnic tables located by the playground	10/20/2023 2:50 PM
16	This is great! Please do this option. Swings are separate for safety, and groups can use different areas at different times.	10/20/2023 12:55 PM
17	A bathroom would make this more accessible for families visiting the park.	10/19/2023 9:13 AM
18	Is there still only room for 4 swings?	10/18/2023 8:55 PM
19	Now that my kids are bigger I actually like the swings on the hill. But it's easier for parents of very young kids to have them all together. Have you considered big kid swings on the hill and baby swings down low?	10/18/2023 8:18 PM
20	I prefer our existing swings that are hung up higher than some newer swing sets	10/18/2023 7:16 PM
21	I don't like how the swings are separate from the rest of the playground. It's hard to manage multiple kids doing different activities.	10/18/2023 5:07 PM

22	Nice. This makes the swings easier to get to.	10/17/2023 8:38 PM
23	Accessible routes for the win!	10/17/2023 4:34 PM
24	I like all the walkways	10/14/2023 3:29 PM
25	I like swings	10/14/2023 3:29 PM
26	I like the swings with a full park view and like having two separate play areas to not feel so compressed. I also like that this is likely cheaper and money can be funneled to other projects	10/14/2023 12:49 PM
27	Like keeping the current separated swing area with a view of the entire park. Like the plaza and pickin area adjacent to the playground. Like the roundabout walkway surrounding the playground area.	10/14/2023 12:40 PM
28	Please don't move the swings. That whole area of the park is never used because it's closer to busier cross streets.	10/13/2023 5:35 PM
29	The view from the swings is so great! Please don't take it away!	10/12/2023 6:07 PM
30	Well, they need swings. You'll probably replace with something tiny and unexciting like you did at Woodland Park Zoo Playground.	10/12/2023 3:35 PM
31	I like this the best as we like to bike and scoot on the paved trails around the park.	10/11/2023 12:01 PM
32	Too much ramp! It seems unnecessary and I fear it would become a bike/scooter super highway. It is possible to leave the old swings in their current location AND add new ones like the ones in the Option B design?	10/10/2023 11:49 PM
33	Would like the swing and main play area together. Like the new accessible route, would be great for bikes	10/10/2023 7:53 PM
34	The current swings location is so enjoyable, and nice to have the separation from the playground area. Also with options A and B, a smaller swing area would be a real loss—there is often a wait to use the swings as it is.	10/10/2023 12:35 PM
35	Swings are too far	10/9/2023 10:27 PM
36	Better to keep the swings separate from the main play area to allow more room for kids to roam around.	10/8/2023 10:05 PM
37	I like how this plan spreads the park out further and feels less claustrophobic	10/8/2023 9:05 PM
38	I do not like that the swings are close to the road (65th)	10/8/2023 1:56 PM
39	I do not like this option as it is a safety issue when my toddler wants to be on the swings, my older kids are on the playground too far away. It causes safety concerns when I cannot watch or get to them quickly if needed. I also would like to see a bathroom added.	10/8/2023 9:03 AM
40	Accessible route is important	10/7/2023 10:47 PM
41	Swings are too far away. This is one reason we rarely use this park. Too hard to manage multiple kids with swings so far away.	10/7/2023 7:39 PM
42	I like that it spreads folks out and keeps the nice seating with a view onto the playground. I also like additional walking routes	10/7/2023 4:49 PM
43	Likes: plaza location, and accessable route around play area Dislikes: swing area being far away makes it hard to watch multiple kids safely	10/7/2023 1:44 PM
14	Don't like swings at current location	10/7/2023 1:21 PM
15	Don't want any trees removed	10/7/2023 9:49 AM
16	Too separated	10/7/2023 7:42 AM
47	With multiple little kids at this playground, it is hard to have the swings far away from the other area and keep track of everyone. It's like a journey to the swings	10/7/2023 6:33 AM
48	Hard to monitor kids at the play area while pushing younger children at the swings. The "full view of the park from the existing swings" is not accurate. Due to the grade and the trees it's not possible to see the play area from the swings with any real confidence as a parent.	10/7/2023 2:05 AM

49	This would be the most preferred as I like the accessibility	10/6/2023 11:46 PM
50	The accessibility impact of this layout is critical. This seems to flow best while maintaining the quality of each play area.	10/6/2023 11:18 PM
51	Don't like that play area is in 2 places. Walkway too long.	10/6/2023 11:18 PM
52	Large swing area. There's a lot of space in the park, it would be ideal to utilize as much as possible for kids play space.	10/6/2023 11:04 PM
53	I like the addition of picnic tables and it's nice that there is minimal disruption	10/6/2023 10:51 PM
54	I like the accessible ramps and keeping the size of the swing area	10/6/2023 9:18 PM
55	i like that this has the most usable space and does not waste land on decorative lawn. It feels like "more" park.	10/6/2023 8:43 PM
56	Don't know how much accessibility is needed if playground is not set up as accessible playground, swings far away from rest with wall in between	10/6/2023 7:20 PM
57	I like the idea of the new accessible route through the park, maintaining the views, and seemingly smaller site impact.	10/6/2023 7:06 PM
58	Don't like having the swing area separated. When you have two kids it makes it hard to play if they want to do two different things	10/6/2023 6:50 PM
59	I don't think the swing area should be smaller. It depends on how much each option costs between keeping in the existing place or moving or closer to other play areas	10/6/2023 6:18 PM
60	Unsure why having two play areas is a con.	10/6/2023 6:15 PM
61	So far to get to swings:(10/6/2023 6:02 PM
62	I prefer not to have the swings in current location	10/6/2023 6:02 PM
63	I don't like the swings so far away	10/6/2023 6:00 PM
64	Swings are still far away, doesn't work well when you bring more than 1 kid to the playground.	10/6/2023 3:55 PM
65	It feels more spacious with the swings in a different location and promotes more movement.	10/6/2023 7:30 AM
66	Love the accessibility and preservation of the original swings.	10/5/2023 8:00 PM
67	I like the emphasis on accessibility. I also like keeping the swings at the top of the hill.	10/5/2023 7:42 PM
68	Most impactful to the park flow	10/5/2023 6:23 PM
69	Pro: we like the path Con: harder to supervise swing area and playground at the same time.	10/4/2023 11:01 PM
70	Do not like swings at a separate area	10/4/2023 2:09 PM
