#	RESPONSES	DATE
1	Me gustaron, pero me encantó la de los escalones gracias.	12/23/2020 9:10 PM
2	We need to build community in this space . Make it youth children friendly . We need more open spaces with green infrastructure - rain gardens , etc	12/2/2020 12:59 PM
3	I would like to see more trees on the eastern edge of the park along the walkway.	11/1/2020 11:03 PM
4	Concerned about safety of play area near Dallas with the heightened traffic through South Park until the West Seattle bridge is repaired	10/5/2020 2:35 PM
5	This design should include affordable housing.	10/1/2020 4:26 PM
6	This park is missing something crucial for the community - affordable housing!	9/30/2020 8:35 AM
7	Lighting and safety concerns	9/30/2020 1:01 AM
8	I like the large amount of grass and open space	9/29/2020 2:04 PM
9	While I like the open space, I'd like to see more trees be a part of this.	9/29/2020 1:21 PM
10	Market and event space should be larger.	9/29/2020 12:54 PM
11	Performance space or amphitheater and bike parking should be included	9/29/2020 12:00 PM
12	The Cesar Chavez Park on Cloverdale is an amphitheater design and it never gets any use.	9/29/2020 10:59 AM
13	It would be nice if it stays as is and not all vandalized	9/29/2020 10:58 AM
14	Pupusa truck has to stay!!	9/29/2020 9:07 AM
15	boring not enough features to draw people in	9/28/2020 7:23 PM
16	Hi There. I like that this area is being thought of for a park - a very great idea for the community. The lawn is a great idea for open space but find that big open spaces without any specific program tend to not be used. It would be great to have an area for food trucks to inhabit the outskirts of the space (like they currently operate now). The couple of food trucks in the area are popular, and it'd be great for food trucks to visit here regularly and create a culture around food similar to that of Portland or Austin. Given the isolation we're bound to be in for awhile it'd be great to pair this with some areas of coverage so that the space can be utilized more throughout the year. It would be amazing if the coverage could design could integrate with the open space (think Millennium Park in Chicago, but small scale). If food trucks aren't in the program a similar approach could be taken with a sports program like a mini soccer field or basketball court, although I don't think this would activate the space like a food truck area will. Given this area is the gateway into the neighborhood it will be important that the space is active and inviting; South Park is seen as a dangerous neighborhood so it will be incredibly important to activate this space as much as possible so it doesn't give off the vibe of being empty and isolated (similar vibes can be seen of the skate park off of W Marginal Way S and S Cloverdale St, great amenity but it feels unsafe at night). The yard programmed as-is is a great starting point, but as of now misses an opportunity to activate the space. Also, South Park is seeing a lot more traffic with the closure of the West Seattle Bridge. I frequent the rain gardens on the other side of 14th often and feel unsafe crossing 14th Ave S as well as Dallas Ave S. It would be great if Seattle Parks worked with SDOT to create a pedestrian friendly pathway across 14th Ave S on the north side of the Street as well as across Dallas Ave S (or better yet a 4 way pedestrian crosswalk). Right now you're left dodging traffic across 14th and hoping cars turning onto Dallas will see you. Lastly, we have a couple of festivals during the year with the parking lot south of the park gets utilized. I know this most likely isn't public	9/27/2020 3:01 PM

South Park Plaza Survey #2 (English/Español/Tiếng Việt)

property but think it'd be worthwhile to reach out to the owners of the property and try and engage them to respond and create a further pedestrian activated space (between this park and the Curiosity Shop).

17	the best by far	9/26/2020 9:13 PM
18	Not great design	9/26/2020 7:48 PM
19	INCLUIR VIVIENDAS ACEQUIBLES SERIA GRANDIOSO Y DE MUCHO BENEFICIO PARA NUESTRAS FAMILIAS DE SP	9/26/2020 2:26 PM
20	Too much lawn space.	9/23/2020 4:04 PM
21	Lots of great lawn space that South Park needs!	9/22/2020 12:35 PM
22	I would like to see more seating.	9/21/2020 7:56 PM
23	Please add affordable housing to the design of this park.	9/21/2020 6:39 AM
24	seems like this is mostly geared toward events. Will there really be that many events? can some of the space be given over to other amenities?	9/20/2020 2:31 PM
25	The lawn is too big, we already have a big lawn in South Park. The features are unappealing -- steps??	9/20/2020 8:53 AM
26	Are those trees or little shrubs? Prefer trees.	9/20/2020 8:26 AM
27	South Park community leaders have repeatedly shared the need for affordable housing in South Park which is rapidly gentrifying. This park needs to include affordable housing, a multi-use community building, and other services. Please act in accordance with the demands of the Duwamish Valley Affordable Housing Coalition.	9/19/2020 3:15 PM
28	Would like more space for events	9/18/2020 7:27 PM
29	O	9/18/2020 11:16 AM
30	There is nothing here that addresses the housing need in South Park and if this park is built without addressing the low income housing need then all the City is doing is pushing low-income families out of their own neighborhood and they'll be receiving the message that this park isn't being built for them or their children.	9/18/2020 9:40 AM
31	I really like the oval design. There should be outward, explicit commitment to maintain El Buen Sabor, food vendor, at the park. There also needs to be sidewalks on both sides of the park for people to access the trails.	9/17/2020 7:25 PM
32	I love all the green space that this model brings. I with this I also want to recognize that South Park has no playfields. The South Park CC will be in remodeling stage but will be privately owned by a private school. Meaning that our youth and families will not have access to it as wished.	9/17/2020 2:50 PM
33	Like to see affordable housing here too	9/17/2020 10:32 AM
34	Parking?? Can food trucks and other trucks drive on the brick and other areas? Not enough room for event tents on pavement, like for farmers market or such.	9/16/2020 11:40 PM
35	Out of the 4 designs this one is by far my least favorite.	9/16/2020 8:22 PM
36	The oval design is the only design that I really dislike.	9/16/2020 8:19 PM
37	These plans don't include any affordable housing options which is what the neighborhood is needing. Also a multi purpose building for local businesses, community based organizations and other services is of great need to our community.	9/16/2020 2:03 PM
38	We need more affordable housing options in SP. This space needs to be used for affordable housing and a muli use building for the community.	9/16/2020 1:47 PM
39	Kind of boring and doesn't feel like it would draw anyone further into the park	9/16/2020 11:50 AM
40	Will like park to include children park, water fountain and picnic area	9/15/2020 9:31 PM
41	Frankly, we already have an underutilized park without enough circulation. Since you all are not amenable to placing a dog park or something that will draw people, perhaps a large activities	9/15/2020 9:08 AM

South Park Plaza Survey #2 (English/Español/Tiếng Việt)

area would be better. Right now, it's a great place to dump your poorly constructed bandshell or used needles. Also, the play area should be closer to the river instead of near Dallas. Too much traffic and exhaust on that side. It took 15 years for us to recognize that deficiency in the Community Center grounds; why repeat it here?

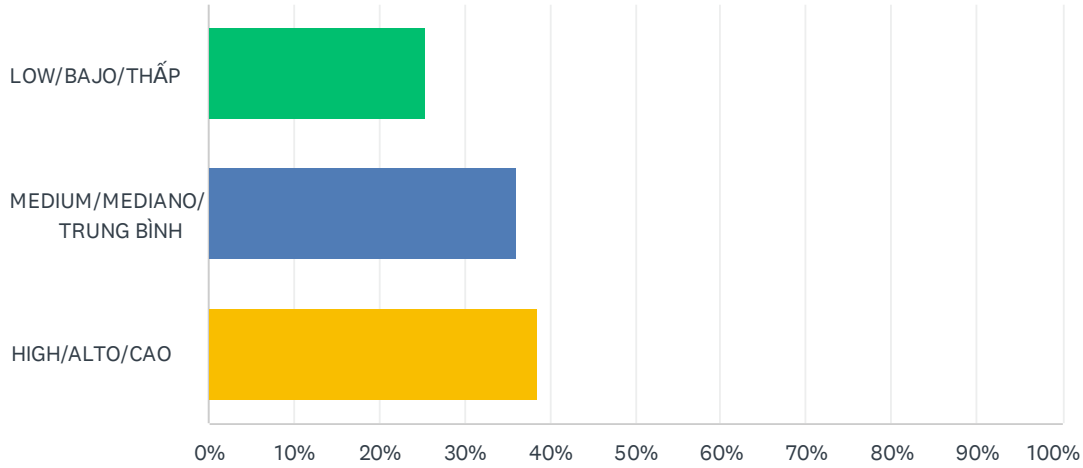

42	I prefer round option, but I'm going to spend time here regardless of which park option is chosen.	9/13/2020 6:59 PM
43	I like that it keeps the play area far away from the bridge - cleaner and quieter for kids. I don't like that it's not a good setup for vendors at events. The open field is an invitation to dog mess.	9/13/2020 5:18 PM
44	Not my preference. The large grass lawn is nice but will be a lot of upkeep for the foot traffic. It would be nice to have a footpath for markets and gatherings that was less maintenance than grass.	9/13/2020 4:59 PM
45	It would be nice to have a walking track and measure the progress.	9/13/2020 8:37 AM
46	This option does not include indoor community amenity space. This option does not consider including affordable housing which would make this rapidly gentrifying community more inclusive to neighbors. It would be great to coordinate with Duwamish Valley Affordable Housing coalition and some of their design options on the site. www.dvahc.org	9/12/2020 2:28 PM
47	too much open lawn	9/12/2020 12:19 PM
48	I like the big open space	9/12/2020 11:18 AM
49	I like that the play area looks bigger than the other designs. More play space, please!	9/12/2020 10:59 AM
50	Build low income housing here.	9/12/2020 10:41 AM
51	While the corner provides a welcoming entry point from the neighborhood, the lawn seems to focus more on the road without a buffer from the sidewalk	9/11/2020 5:39 PM
52	I like the activity along Dallas, but I think the edge along the bridge or Orr is as well addressed well. I don't think this kind of plaza needs to be dominated by lawn.	9/11/2020 2:42 PM
53	We have lawn at the community center, Concord, the Duwamish Waterway park. This design with the biggest lawn is not as needed as much as the other amenities. I definitely want some open green space, but maybe not this much.	9/11/2020 2:15 PM
54	Too much lawn space, needs more functional space.	9/11/2020 2:00 PM
55	It's too open and not enough shade	9/11/2020 11:16 AM
56	Large, lit open space is best to discourage illegal activity from taking place in hidden areas.	9/11/2020 9:29 AM
57	More nature. For indigenous critters	9/11/2020 8:18 AM
58	This is not a very good survey. We should be able to look at all options and then comment on our favorite.	9/11/2020 7:18 AM
59	We should be prioritizing affordable housing on this location and working to ensure residences are maintained on Orr St.	9/10/2020 7:59 PM
60	Too much grass	9/10/2020 7:39 PM
61	Too much focus on grass. While this could nice for nearby takeout food, we already have a play field at the community center.	9/10/2020 7:18 PM
62	Not my favorite	9/10/2020 6:52 PM
63	more of a park than a multi use plaza	9/10/2020 6:16 PM
64	I like the oval, if the wall surround is tall enough to sit.	9/10/2020 9:24 AM
65	N/a	9/10/2020 6:55 AM
66	Add a Disc golf area in the grassy area	9/10/2020 6:53 AM
67	We need a park that is appealing to the eye and have some Boeing features like a plane monument	9/10/2020 12:10 AM

South Park Plaza Survey #2 (English/Español/Tiếng Việt)

68	good job	9/9/2020 7:35 PM
69	The oval design is fair, but I believe any design needs to incorporate trees along 14th Avenue to block view of the traffic - a park is supposed to feel like it's not the city, right? - and to prevent distracted drivers trying to look at activities in the park while approaching an already dangerous intersection.	9/9/2020 6:50 PM
70	I think it creates unusable spaces.	9/9/2020 6:39 PM
71	Weather not nice enough for large field	9/9/2020 5:32 PM
72	It's missing low-income housing	9/9/2020 5:27 PM
73	It would be nice to have a a community garden and community kitchen.	9/9/2020 4:33 PM
74	Unsure of how the food trucks would be able to remain with this layout, but like the dominant greenspace.	9/9/2020 3:41 PM
75	Hi guys! I love the idea of the plaza. One concern I have with the design that includes turf or grass, while I love the green, is whether we will be able to host markets or concerts at the plaza? If so, then grass is great. Also, we need play elements. This neighborhood has the most children per sq footage in Seattle. I don't see any child focused design elements	9/9/2020 3:23 PM
76	The parks department does a very bad job maintaining the grass in the fields that currently exist. A lot of the grass in the other parks in the area gets really over grown. I am weary of having a big field for this reason.	9/9/2020 1:55 PM
77	Engaging concentration of activities on Dallas. Too modest landscaping buffer from bridge. Little protection from northern winds.	9/8/2020 8:31 PM
78	Na	8/30/2020 5:16 PM
79	I feel that this design focuses too much on the lawn and not enough on space for activities, markets, shows, etc	8/26/2020 11:14 AM
80	I like an option with more cement for market stands	8/25/2020 4:21 PM

#	RESPONSES	DATE
1	I like the extra space given to the brick/event space. It allows for a greater community gathering. I worry that a sunken green space may just have stagnant water during heavy or constant rain.	11/1/2020 11:05 PM
2	Like the tree line between the grass/play areas and the bridge to reduce noise and air pollution	10/5/2020 2:38 PM
3	I like that the meandering path mirrors the path on the other side of the bridge	10/2/2020 3:19 PM
4	This design should include affordable housing.	10/1/2020 4:27 PM
5	Again, housing is a priority for the community. It needs to be included	9/30/2020 8:35 AM
6	In my opinion, too much space is given to paved event spaces	9/29/2020 2:07 PM
7	The area(s) for events feels like they would all be too clustered together.	9/29/2020 1:25 PM
8	Love the amphitheater, wonder if the corner is the best place for a stage. A stage on the building side (rather than the bridge side) would allow people to stand on bridge and see stage	9/29/2020 12:02 PM
9	This design feels dynamic, like there are multiple ways for people to engage. I like the trail that kids and people can you to walk or bike.	9/29/2020 11:01 AM
10	Pupusa truck has to stay!!	9/29/2020 9:08 AM
11	like the curvy path and oxbow shape	9/28/2020 7:26 PM
12	I like that this scheme addresses more varieties of program. The functions though don't appear to be well integrated; the park open space seems cut off from the event spaces since the open space is sunken. The event space is cut up into thirds which will address scale; but visually cuts space up in a way that suggests the market will stay in its zone, the tents will stay in its zone, the concert will stay in its zone. There is a lot of planting and organic shapes along 14th which is nice, but the concept cuts itself off abruptly at the warehouse as if it were an afterthought. It seems as if the concept should continue in a more organic way similar to the approach along 14th St. On the whole it feels like the concept needs to rotate 90 degrees if there is enough space to do so, or have more north / south geometry to suggest that you can move through the space more seamlessly since that's how people will most likely walk through it (and it would connect to the rain gardens better).	9/27/2020 3:14 PM
13	feels too separate. not intragrated well. not great design. I like the name of the oxbow from the history angle	9/26/2020 7:56 PM
14	The trees as a buffer between the road and park is a essential feature. I'm worried that a "sunken" grass area will not be conducive to the type of lawn activities SP folks like, can be play soccer? Idea of a small market is nice.	9/24/2020 7:30 AM
15	still too much lawn	9/23/2020 4:05 PM
16	Great balance of open lawn & functional space!	9/22/2020 12:35 PM
17	Please add affordable housing to the design of this park.	9/21/2020 6:40 AM
18	I like the events space ability to open up to street closure. The photo of the sunken lawn seems like an extreme slope. Is there really that much of a slope? This design also seems heavily geared to event space. Could there be more space given over to other amenities (fountains, artwork, playspace, etc)? especially since there is event space that opens up to a street closure	9/20/2020 2:37 PM

South Park Plaza Survey #2 (English/Español/Tiếng Việt)

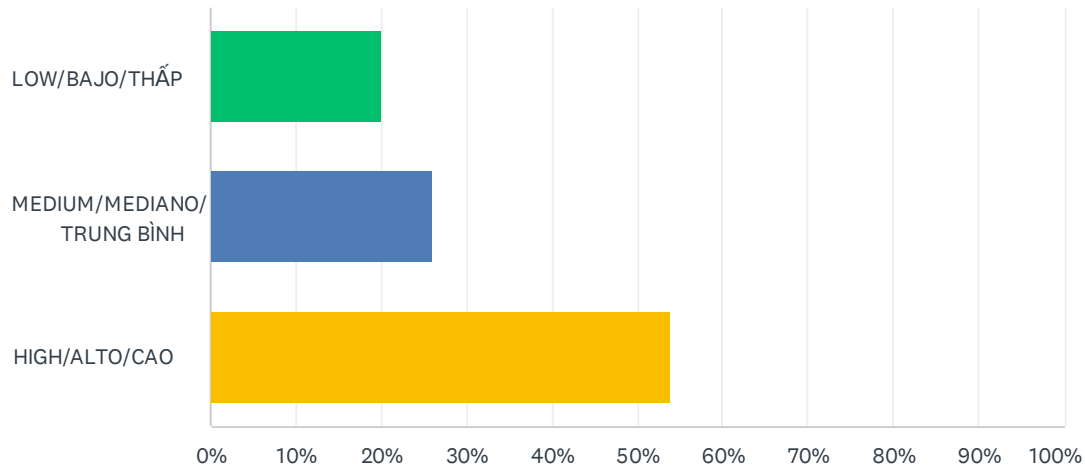

19	The trees to protect you from the sound and air pollution from the bridge is important, but they don't protect you when you're on the walking path.	9/20/2020 8:55 AM
20	It looks disconnected	9/20/2020 8:28 AM
21	South Park community leaders have repeatedly shared the need for affordable housing in South Park which is rapidly gentrifying. This park needs to include affordable housing, a multi-use community building, and other services. Please act in accordance with the demands of the Duwamish Valley Affordable Housing Coalition.	9/19/2020 3:15 PM
22	I think having the market area serve as a buffer from the grass lawn is the best layout.	9/18/2020 6:14 PM
23	O	9/18/2020 11:17 AM
24	Please see previous comments about the gentrifying nature of this design and the ignoring of the need to integrate low income housing into the design.	9/18/2020 9:42 AM
25	I like the covered space idea! That is a major appeal since we live in rainy Seattle.	9/17/2020 7:25 PM
26	The design again is nice. I think our community is in high need of more family spaces. We need a play ground. I like the spaces for plants but I feel like this will only be benefited to those that are into gardening. Not too family oriented.	9/17/2020 2:51 PM
27	Again, affordable housing here would be best	9/17/2020 10:33 AM
28	Limited paved event spaces. Where is the stage for outdoor concerts and such? Parking??	9/16/2020 11:41 PM
29	We need more affordable housing options in SP. This space needs to be used for affordable housing and a muli use building for the community.	9/16/2020 1:49 PM
30	I like the space for amenities and that the play area is on the opposite side, gives a feeling of action on both sides of the park	9/16/2020 11:51 AM
31	All of the event spaces are great except that you people make utilizing them rather difficult. How many events have you hosted since putting up the banner inviting them? Not so many! The play area is better situated near Orr. I'd like to see more baked-in activities instead of designated areas with little guarantee of actual activity. We have a lot of antisocial activity in the neighborhood that discourages use of public areas. We also had too much traffic over the bridge before the West Seattle Bridge closed, and now we have numbskulls running over cats on every residential street. Your design should put some speed bumps on Orr and Dallas or you needn't bother with any play areas. Consider how we use the "gears" near that Curiosity Shop. It's a gathering place for public inebriates. What will introduce other uses into a space primed for the scattering of used needles?	9/15/2020 9:14 AM
32	I like the smaller lawn and more area for event space, and how the event spaces meet up with 13th	9/14/2020 6:26 PM
33	I prefer round option.	9/13/2020 7:00 PM
34	Worst of all designs. Safety concerns between bridge and treeline. Play area is too far out of public sightlines. Event space is right at the noisiest spot.	9/13/2020 5:21 PM
35	Its a dynamic setting for a variety of uses.	9/13/2020 5:00 PM
36	This option does not include indoor community amenity space. This option does not consider including affordable housing which would make this rapidly gentrifying community more inclusive to neighbors. It would be great to coordinate with Duwamish Valley Affordable Housing coalition and some of their design options on the site. www.dvahc.org	9/12/2020 2:29 PM
37	Honors the history of the land while serving the needs of the community.	9/12/2020 12:26 PM
38	I like this, because it seems like you could have a small farmers market and host some of the various events. Wish it still had a picnic area.	9/12/2020 11:21 AM
39	I think I the sunken portion will be under utilized	9/12/2020 11:01 AM
40	Safety/crime concerns: The play area is too far out of sight. The space path along the bridge side is too concealed.	9/12/2020 11:00 AM
41	Build affordable housing here	9/12/2020 10:42 AM
42	This space setup is looks awesome and flexible	9/11/2020 5:31 PM

South Park Plaza Survey #2 (English/Español/Tiếng Việt)

43	This arraignment of program seems a little better than option 1. I like the active spaces along Dallas with the play area off Orr. The meandering path along the bridge edge feels like a good use of that space and goes well with the previous improvements on the east edge of the bridge. The amphitheater concept seems promising for the kind of events that may take place here. Is the old bandshell being considered? I like the hardscape closer to the intersection with 14th and the softscape closer to Orr.	9/11/2020 2:42 PM
44	Nice design.	9/11/2020 2:06 PM
45	I love that this shape reflects the history of the Duwamish and has more variety of plants and shady areas	9/11/2020 11:17 AM
46	Sunken space is hidden from street and not a good idea in a flood plane adjacent to river.	9/11/2020 9:31 AM
47	Too linear.	9/11/2020 8:19 AM
48	I like the amphitheater. I want a place for live music.	9/11/2020 7:19 AM
49	Seems like the grassy area would be prone to flooding	9/10/2020 7:40 PM
50	This layout is just too busy and doesn't seem to have a focus.	9/10/2020 7:19 PM
51	Least attractive option. The trees on the east side would end up with houseless encampments.	9/10/2020 6:54 PM
52	The event space is nice!	9/10/2020 10:46 AM
53	Concept is not very clear.	9/10/2020 9:25 AM
54	even better	9/9/2020 7:36 PM
55	I appreciate the blocked view of 14th Ave and the elimination of any parking. Any parking for this park is an invitation for RVs and other derelict Vehicles to camp.	9/9/2020 6:52 PM
56	It better utilize the space but is not great.	9/9/2020 6:40 PM
57	I like that the active space (market, brick) is separate from the open green space. I would like a larger play area though	9/9/2020 6:32 PM
58	Missing low income housing	9/9/2020 5:31 PM
59	Love the event space! I think this is prefect for south park	9/9/2020 5:13 PM
60	Too market focused	9/9/2020 4:34 PM
61	Addition of farmers market, while keeping greenspace and food truck area is most appealing! Having LOCAL vendors for weekly/bi-weekly markets would be a HUGE addition!	9/9/2020 3:42 PM
62	I like that it has play elements and room for events And markets	9/9/2020 3:24 PM
63	I like the idea of having an amphitheater	9/9/2020 1:59 PM
64	Great space for gatherings and festivals that is lacking in South Park.	9/9/2020 1:00 PM
65	Good variety of experiences. Sunken green areas always a challenge in Seattle. Could the "festival tents" be actual designed items rather characterless party tents?	9/8/2020 8:37 PM
66	NA	8/30/2020 5:17 PM
67	Somos residentes de South Park y no tuvimos la oportunidad de participar en la reunión inicial para ideas para el proyecto de este importante parque. Soy integrante de una organización comunitaria denominada Duwamish Sustainability Association. Tenemos algunas ideas que quisiéramos compartir con el grupo encargado del diseño. De ser así, nos podría contactar al siguiente e-mail: info@duwamishvalleysustainability.org	8/30/2020 3:20 PM
68	I like the layout of the lawn and activity space better than the prior design but it still feels a little bit sporadic and like it's 2 different parks shoved onto one lot.	8/26/2020 11:15 AM

Q9 (English): The arrangement of this plaza park is appealing.

#	RESPONSES	DATE
1	Me gustó más de los escalones gracias	12/23/2020 9:12 PM
2	I am very intrigued by the bandshell made from car hoods. I wish that this specific detail was made more clear in the information provided - I only know about it through word of mouth in the neighborhood. I'm not 100% sure, but I'll bet there is nothing else like it in the entire Pacific Northwest. It would be a landmark and an additional draw to this already intriguing neighborhood. Thank you.	11/13/2020 7:20 PM
3	This layout seems really lovely as it radiates outward. With the steady slope it should allow people to see the majority of the park.	11/1/2020 11:07 PM
4	Love this design, the stage, the amphitheater and the options for festival tents for farmers markets, etc. Far and away the best design.	10/30/2020 11:13 AM
5	Concerned about safety of play area off of Dallas with increased traffic through South Park until the West Seattle bridge is repaired	10/5/2020 2:40 PM
6	Needs affordable housing.	10/1/2020 4:27 PM
7	Please include housing!	9/30/2020 8:36 AM
8	I really like the stage / bandshell, I just wish the plaza and the rest of the area in front of it were all grass. I want this park to accommodate live music and I think this design comes the closest to achieving that. I also like the sloping walkway on the bridge side.	9/29/2020 2:09 PM
9	The stage seems like a nice addition for community events and celebrations. There are a lot of talented youth and residents who I could see using that space. I wish there was a walking path or loop for folks to use as a circuit.	9/29/2020 1:54 PM
10	V COOL	9/29/2020 12:03 PM
11	Pupusa truck has to stay!!	9/29/2020 9:08 AM
12	by far the best design with lots of interesting features and variety of activities available	9/28/2020 7:28 PM
13	I love the "car hood" stage cover	9/28/2020 5:17 PM
14	This is the best scheme so far. I like that it treats the warehouse as the back of the stage area and articulates itself out towards 14th St. The market could have more planting and organic matter between it and the warehouse as well. The working spine is great and works with the flow of how people use the space. The amphitheater and precedent imagery are a bit out of scale for the park. It seems as if the amphitheater geometry could scale down and lend itself to smaller and more articulated organic moves similar to scheme 2. Also, the notes about the crosswalk from scheme 1 would be applicable here as well. It'd be great to have overhead coverage built as well and make sure the park has power capabilities for concerts and food trucks. Great design overall.	9/27/2020 3:22 PM
15	do not divide the park in half, terrible plan.	9/26/2020 9:14 PM
16	Nice design, uses the hood theatre thing, the layout feels more versatile. Nice flow. Even classy looking since it's the first thing you see as you come across the bridge and see SP.	9/26/2020 7:57 PM
17	Please use part of the plaza space to build affordable housing, childcare, and community recreation space.	9/24/2020 9:06 PM
18	No vegetation to buffer the road. No focal point like a gazebo. Stage that is not at the center of	9/24/2020 7:33 AM

South Park Plaza Survey #2 (English/Español/Tiếng Việt)

the park is very Western concept (people performing in the corner and everyone watching). A stage in the center is more participatory, circular, and fitting to the vibe I'd like to see there.

19	Me gusta el anfiteatro.	9/23/2020 4:06 PM
20	More lawn space is needed, although all the functional space is a good idea!	9/22/2020 12:36 PM
21	There is not enough parking on the side street to support an amphitheater and the noise level from the bridge would be too high.	9/21/2020 8:01 PM
22	Please add affordable housing to the design of this park.	9/21/2020 6:40 AM
23	The geometric design is nice. But is just doesn't seem like an amphitheater would be a good use for such a large area. for instance, a temporary stage could be set up for event instead of having a permanent structure that doesn't get use on a daily/weekly/monthly basis	9/20/2020 2:44 PM
24	The terraced greenspace is not functional- there are too many sectioned off places, not enough	9/20/2020 9:14 AM
25	Not a fan of the "bandshell stage" that people want to reuse. Otherwise this design isn't awful.	9/20/2020 8:30 AM
26	South Park community leaders have repeatedly shared the need for affordable housing in South Park which is rapidly gentrifying. This park needs to include affordable housing, a multi-use community building, and other services. Please act in accordance with the demands of the Duwamish Valley Affordable Housing Coalition.	9/19/2020 3:15 PM
27	Feel this really unitlizes the space and gives a great location to the community for events. Come on SP Farmers Market!!	9/18/2020 7:28 PM
28	I like this design but don't know how often the amphitheater would be used.	9/18/2020 6:16 PM
29	O	9/18/2020 11:18 AM
30	Please see previous comments about the gentrifying nature of this design and the ignoring of the need to integrate low income housing into the design.	9/18/2020 9:43 AM
31	No to parking. We need more green space, not car storage. However, I'm in love with the aisle of red brick. Too bad it's not enough space	9/17/2020 7:29 PM
32	Yes we do need space for events and play area.	9/17/2020 2:52 PM
33	Provide for street parallel parking also on Dallas! Vehicles for set up need to be able to drive on pathways... bricks.	9/16/2020 11:44 PM
34	This one makes the most sense and has the best balance of the designs.	9/16/2020 8:26 PM
35	The play area should be smaller	9/16/2020 8:25 PM
36	We need more affordable housing options in SP. This space needs to be used for affordable housing and a muli use building for the community. There is enough room at the plaza for green space and affordable housing.	9/16/2020 1:50 PM
37	My favorite option. I like the architectural structure, the areas each have purpose. This design would be great to encourage outdoor events, moreso than the other designs.	9/16/2020 11:53 AM
38	The play area should be adjacent to S. Orr. The Ampitheater looks great on paper. There's a park on the East River in lower Manhattan that has a cool open air theater that is a wasteland because it never hosts any events. What will make this Ampitheater different?	9/15/2020 9:16 AM
39	My second choice	9/14/2020 8:39 PM
40	I think this is obviously more centered on the space having events, so as long as there is programming, I really like it. I do feel that the stage would need to be engaged a lot in order for the park to feel like it was being used.	9/14/2020 6:29 PM
41	The round design is the one I prefer.	9/13/2020 7:00 PM
42	Best design by far! Play area is far from the bridge. Stage area is a big plus. Great setup for events with performance and vendors. Best for the widest range of uses.	9/13/2020 5:22 PM
43	The path down the middle is very useful for markets and foot trucks. The grass is well laid out for gatherings. It is a design with great utility and fits the style of the people that live here	9/13/2020 5:01 PM

South Park Plaza Survey #2 (English/Español/Tiếng Việt)

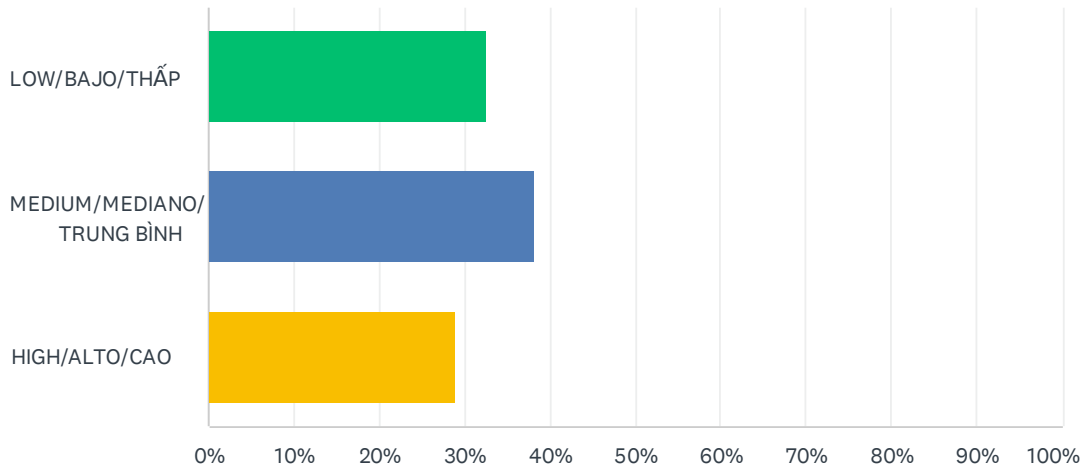

44	Of all the options, this includes amenity space that is more flexible for the racially/ethnically diverse neighborhood. This option does not include indoor community amenity space. This option does not consider including affordable housing which would make this rapidly gentrifying community more inclusive to neighbors. It would be great to coordinate with Duwamish Valley Affordable Housing coalition and some of their design options on the site. www.dvahc.org	9/12/2020 2:30 PM
45	nice balance of space	9/12/2020 12:34 PM
46	This one is my favorite design. I love the stage and amphitheatre! I could see a lot of cool community events and concerts happening here!	9/12/2020 11:23 AM
47	Positives: best fit for community gatherings - stage, amphitheater seating. Safety = no concealed nooks, play space is open and visible. Best design for events with vendors.	9/12/2020 11:03 AM
48	Build affordable housing here, increase density, use the vacant lot across the street next to the river for green space/dog run. South Park has many parks. We need more affordable housing	9/12/2020 10:44 AM
49	Love the design and the stage activity area. I wonder if switching the play area with the event / market might achieve two things.... bringing the play area closer to the picnic area adjacent while moving the event area closer towards the commercial area of the neighborhood. Others events and markets have taken place directly across Dallas Ave e in the big too curiosity shop parking area. This would connect the two.	9/11/2020 5:45 PM
50	I like the spine concept for the market/festival type events and the connection between Dallas and Orr, but I think the program arrangement of the play spaces off Orr is better (swap with market space). I also wonder if the space is large enough to be broken into pieces along the middle...maybe a spine that is shifted?	9/11/2020 2:43 PM
51	I do love the stage	9/11/2020 2:17 PM
52	Do not love the stage. Would only be used a few times a year and would otherwise be dead space. Don't like the amphitheater greenery is broken up.	9/11/2020 2:06 PM
53	This reminds me of a stadium. Feels like a place to be on the sidelines but not very welcoming altogether	9/11/2020 11:18 AM
54	If slope hides park from the street it's a bad idea. Otherwise I like it.	9/11/2020 9:33 AM
55	I like the multi layer design. 3d with trees, trees , and trees which we need for better air here	9/11/2020 8:21 AM
56	I like the amphitheater for live music	9/11/2020 7:21 AM
57	I like how different areas are used differently at different events. I like the idea of a stage set up.	9/10/2020 7:41 PM
58	This design and SPINE, are my favorites. I like the use of the unique band shell available to us. I like that the band shell is directed out towards the street which, I think, will create a more festive vibe. I also think still having a sloped lawn gives it a similar feels as the music area set-up at the Olympic Sculpture Park. The only draw back for me is the idea of event tents along wouldn't this void the purpose of the lawn. Otherwise, I like the multi use.	9/10/2020 7:26 PM
59	By far the best design offered. It is the most conducive to community events.	9/10/2020 6:56 PM
60	seems to have good flow through the Plaza and very flexible layout	9/10/2020 6:18 PM
61	The shape seems odd for the space.	9/10/2020 10:47 AM
62	I like the multiple tiers of seating in the amphitheater design	9/10/2020 9:26 AM
63	It looks ok	9/10/2020 12:11 AM
64	Mi esperanza es tener construidas casas asequibles, con áreas verdes,	9/9/2020 8:29 PM
65	this is even better	9/9/2020 7:36 PM
66	campable design	9/9/2020 7:32 PM
67	I like the other designs as well, but I very much want the bandshell! It is very unique.	9/9/2020 6:46 PM
68	I love that a stage is focal to this design. We need a stage.	9/9/2020 6:42 PM
69	I like the larger play area, and the brick spine through the middle makes the layout seem	9/9/2020 6:32 PM

South Park Plaza Survey #2 (English/Español/Tiếng Việt)

	useful for all types of events.	
70	Best one	9/9/2020 5:38 PM
71	Missing low income housing	9/9/2020 5:32 PM
72	The stage and amphitheater setting are amazing! I also like how the brick walkway bisects it.	9/9/2020 5:16 PM
73	Love the idea!	9/9/2020 5:14 PM
74	El diseno redondo aprovecha mejor la distribucion de las areas verdes y se ve mas creativo.	9/9/2020 5:12 PM
75	This feels like a more well rounded design. Offering a pretty equal amount of options for everyone. It would be nice to allow unpermitted vending so that people can setup and trade their goods whenever they would like.	9/9/2020 4:39 PM
76	Not a fan of the large amphitheater - too much unnecessary concrete!	9/9/2020 3:44 PM
77	I like the idea of having a stage area and larger event space	9/9/2020 2:02 PM
78	Great for summer concerts or theater in the parks.	9/9/2020 1:03 PM
79	the play area should not next to dallas ave.	9/9/2020 11:31 AM
80	Good incorporation of theatrical stage. Stage and amphitheater overwhelm the space leaving little room for alternate activities. Could have more spaces to invite staying rather than moving through.	9/8/2020 8:43 PM
81	Love it	8/30/2020 5:18 PM
82	Love the brick walkway that carries you through the park	8/29/2020 2:09 PM
83	I LOVE this design! I really like the incorporation of a stage for events, live music, etc. I also think the brick walkway connects the park to the river better than any other design. The grass amphitheater also seems like a great way to maximize use cases and I think makes the park very inviting when coming from either neighborhood streets or off the bridge. This is by far my favorite design.	8/26/2020 11:16 AM
84	This is my favorite! So many uses, and when not in use, still appealing and useful.	8/25/2020 4:23 PM

#	RESPONSES	DATE
1	I believe this park design is too compartmentalized. But still nice nonetheless. Of all the options, this is my least favorite.	11/1/2020 11:21 PM
2	Really like the multiple areas and options that South Park would get.	10/18/2020 7:06 PM
3	Needs affordable housing!	10/1/2020 4:28 PM
4	This needs housing!	9/30/2020 8:36 AM
5	I love the event space for community events or festivals and amphitheater for outdoor movie nights or social physical activities for seniors. It would be really great if the design can accommodate older adults and people with disabilities, not just family friendly. I also like the picnic area with picnic table/chairs and (bbq area with shelter will be great!). Public restrooms would be great as well!	9/30/2020 1:18 AM
6	If this plan were to move forward, a fountain as the focal point would make more sense to me than a gazebo.	9/29/2020 2:11 PM
7	This design doesn't look as creative in its design. It seems like section off spaces that independently serve a purpose but aren't integrated.	9/29/2020 1:56 PM
8	Yes, trees, central plaza, and amphitheater.	9/29/2020 1:30 PM
9	Too much lawn	9/29/2020 12:03 PM
10	Pupusa truck has to stay!!	9/29/2020 9:09 AM
11	like the trees throughout and a large gazebo in middle for rain and shade	9/28/2020 7:30 PM
12	This scheme takes cues from some good north south circulation but isn't as successful as scheme 3 the round design. It feels as if the park was split into quadrants with the circulation and the program was an afterthought (sloping lawn doesn't make sense for the southwest corner, the market space feels better in the north where it can be tucked away for slower moving traffic ad Dallas Ave is more of a thoroughfare, the play area is next to 14th which isn't desirable for visibility and daylight).	9/27/2020 3:28 PM
13	put the play ground on dalls ave/. this plan is a wino's delight!~ plenty of places to drink and smoke weed in private.	9/26/2020 9:16 PM
14	Its ok. But the round is kickass.	9/26/2020 7:58 PM
15	Please build affordable housing, childcare, and community space in the plaza as well as the park.	9/24/2020 9:08 PM
16	Only thing I like about this design is the gazebo. Reminds me of an old pueblito plaza in Mexico where community comes together every weekend.	9/24/2020 11:52 AM
17	The best feature is the centrally-positioned gazebo. If you go to Latin America, you see plaza areas with a central elevated gazebo-like area. In the evenings, local civic groups use those spaces to gather, practice and create community. When I was in Costa Rica last, in a single week I saw the gazebo in the neighborhood turned into a space for a local marching band, zumba, capoeira and senior citizen meeting group. Need some sort of lawn for kids to play and place for sports. Great that there is an area for festival tents.	9/24/2020 7:39 AM
18	Se siente muy dividido. No es un diseño fluido.	9/23/2020 4:08 PM
19	The picnic and play area need to switch places	9/21/2020 8:08 PM

South Park Plaza Survey #2 (English/Español/Tiếng Việt)

20	Please add affordable housing in the design of this park.	9/21/2020 6:40 AM
21	love the addition of a focal point. the lawn seems more appropriate for multiple uses. I like that the event space opens to a street closure option	9/20/2020 2:47 PM
22	This is Hikima I live down the street. I like this design because there can be a pool at the sloping lawn. If you can't do that please make a beautiful waterfountain in the middle. There could be lots of parties and a really big playground at this park. Lots of kids will enjoy it so please pick this.	9/20/2020 9:28 AM
23	I like this one but please no more industrial "art". We have enough to remind us of our poor air quality. Something recognizing our farming history, that this is a neighborhood would be preferred.	9/20/2020 8:33 AM
24	South Park community leaders have repeatedly shared the need for affordable housing in South Park which is rapidly gentrifying. This park needs to include affordable housing, a multi-use community building, and other services. Please act in accordance with the demands of the Duwamish Valley Affordable Housing Coalition.	9/19/2020 3:15 PM
25	Feels too broken up	9/18/2020 7:28 PM
26	0	9/18/2020 11:19 AM
27	Please see previous comments about the gentrifying nature of this design and the ignoring of the need to integrate low income housing into the design.	9/18/2020 9:44 AM
28	Art/fountain is a great idea for a park.	9/17/2020 7:30 PM
29	My favorite. Has more of the things are community does not have and need. We see the playground for children, we see the space for events for community organization to have a space to host events that are of resourcefull to community. We see	9/17/2020 2:55 PM
30	No stage? Needs a stage! Need parking along Dallas!	9/16/2020 11:46 PM
31	Kind of boring. I worry the focal point art will be kind of crappy or meaningless.	9/16/2020 11:54 AM
32	I would like to see half the space be a multipurpose building and affordable housing per DVAHC ideas. Please see the DVAHC petition: https://docs.google.com/forms/d/e/1FAIpQLSeqeLkz8pMt5IWSP64NDtmmaAMLWJKInXK-Lvd-0qHw-hrkIg/viewform	9/16/2020 8:42 AM
33	This design could be great if the centerpiece is interactive fountain, like the Seattle Center fountain which beckons kids to PARTICIPATE and INTERACT	9/15/2020 11:06 AM
34	Switch the placement of the picnic and play areas. You're dumping a bunch of diesel exhaust on it. You must know about the terrible the air quality around bridge.	9/15/2020 9:18 AM
35	My pick	9/14/2020 8:40 PM
36	I like the use of space better in the other plans, two separate lawns seem redundant, and I like the more permanent feel of an amphitheater of the other designs	9/14/2020 6:32 PM
37	I prefer the round option.	9/13/2020 7:01 PM
38	Least flexible design Too many different spaces, all too small Loud, dirty play area next to bridge, out of public lines of sight	9/13/2020 5:23 PM
39	It's a dynamic design with utility and play.	9/13/2020 5:02 PM
40	too chopped up	9/12/2020 4:16 PM
41	This option does not include indoor community amenity space. The flexible program space does allow for culturally varying ways to use public space. This option does not consider including affordable housing which would make this rapidly gentrifying community more inclusive to neighbors. It would be great to coordinate with Duwamish Valley Affordable Housing coalition and some of their design options on the site. www.dvahc.org	9/12/2020 2:31 PM
42	Art focal point is nice idea. Fountain nice idea but in reality maintenace would be key.	9/12/2020 12:39 PM
43	This design makes each section seem siloed instead of all the sections flowing into one another. It's not my favorite.	9/12/2020 11:25 AM

South Park Plaza Survey #2 (English/Español/Tiếng Việt)

44	hello, we really like this one. Because it has all the options even. Thank you!	9/12/2020 11:16 AM
45	Worst for community gatherings. Play area right next to bridge is unhealthy.	9/12/2020 11:03 AM
46	Why are we building a park? Without more affordable housing who will use this huge park?	9/12/2020 10:45 AM
47	The play area and picnic area is too close to the busy street	9/11/2020 5:46 PM
48	I like the focal point and the buffer along the RAM property, but unsure about the lawn and play area along the bridge edge.	9/11/2020 2:43 PM
49	Enjoy the central gazebo - ala traditional Mexican plazas. Like the picnic areas and potential for space to host outdoor movies.	9/11/2020 2:06 PM
50	This is pretty cool, I still like the Oxbow one better though	9/11/2020 11:19 AM
51	No gazebos please! They will just become homeless shelters. Does slope obstruct visibility?	9/11/2020 9:35 AM
52	Not real imaginative	9/11/2020 8:22 AM
53	The amphitheater is cool for live music	9/11/2020 7:21 AM
54	Seems like a lot of space (35'x95') devoted to merchant activities space, but South Park would probably like having it.	9/10/2020 7:43 PM
55	This design and ROUND are my favorites. I like the European feel of a town plaza. It feels festive. If you could build some of those Spanish Buildings, as seen in the proposal, this would definitely be my favorite ;) My concern is if there was a sculpture or fountain instead of a gazebo. I just don't see those not becoming a target for graffiti. Plus, a gazebo lends itself to being a performance spot as well as a spot just to sit.	9/10/2020 7:35 PM
56	Second best option. Ideal for a farmers market, which is badly needed in the South Park/Georgetown neighborhoods.	9/10/2020 6:58 PM
57	Este diseño es el mejor.	9/10/2020 2:44 PM
58	looking at the the design for the sloping lawn, will the area have to be made upward or will it be sunk in making the top level with the street?	9/10/2020 12:52 PM
59	It does not seem inviting.	9/10/2020 10:48 AM
60	This is probably the best format for use, as a pass through park not one for dwelling, since it's so close to the road.	9/10/2020 9:27 AM
61	Don't like this design	9/10/2020 12:12 AM
62	parking is good. I miss the stage.	9/9/2020 7:38 PM
63	Too much going on making it not much good for anything much, in my opinion.	9/9/2020 6:54 PM
64	I do not think this addresses the needs of the community.	9/9/2020 6:44 PM
65	2nd best	9/9/2020 5:39 PM
66	Missing low income housing	9/9/2020 5:33 PM
67	This one is awful. Why have two lawns?	9/9/2020 5:16 PM
68	I think it need an events stage	9/9/2020 5:14 PM
69	Seems to bit a bit heavily focused on festivals and markets and the lawn. I never really see people using lawn spaces as much as other spaces because most of the year you can't sit in the grass because it's wet and the ground is muddy. For all of designs I think there should be a community garden, community kitchen, allow for unpermitted vendors, and have a space for the houseless to wash and hydrate.	9/9/2020 4:42 PM
70	This is my second choice. Would accomodate farmers markets AND has greenspace AND fits a few food trucks.	9/9/2020 3:45 PM
71	No amphitheater but still pretty great	9/9/2020 3:25 PM
72	Focal point nicely invites gathering. More buffering from bridge needed. Parking can be accommodated on streets. Paver to grass ratio rather high.	9/8/2020 8:53 PM

South Park Plaza Survey #2 (English/Español/Tiếng Việt)

73	None	8/30/2020 5:19 PM
74	This one seems completely random and the park doesn't have any character or continuity. I like the idea of an art/gazebo focal point but don't feel it offers nearly as much potential use for the neighborhood as a stage could.	8/26/2020 11:17 AM

Q17 (English): Considering the current limited budget, is there a South Park cultural element that can be incorporated into the final design?
(Español): Teniendo en cuenta el presupuesto actual limitado, ¿hay algún elemento cultural de South Park que se pueda incorporar en el diseño final?
(Tiếng Việt): Cân nhắc đến ngân sách hạn chế hiện tại, có yếu tố văn hóa nào của South Park có thể được lồng ghép trong thiết kế cuối cùng không?

#	RESPONSES	DATE
1	Plants	12/12/2020 4:45 PM
2	Make sure to not displace the food truck currently operating there. Add lighting and power connection for DJ's and food trucks.	11/17/2020 2:28 PM
3	A gazebo in the plaza would be nice.	11/1/2020 11:38 PM
4	Something referencing its history as its own city in the early 1900s.	10/30/2020 11:13 AM
5	A better balance of all cultures in South Park. I appreciate the Latinx references in relation to the majority population but the reality is there are many cultures that make up South Park and as a Cambodian American who has lived here for more than 30 years, it is easy to feel overlooked or ostracized when so many neighborhood institutions leave you out of the narrative.	10/19/2020 1:08 PM
6	Like to see latinx culture, working class and youth incorporated	10/18/2020 7:07 PM
7	Industry and / or something celebrating indigenous people or agricultural history	10/10/2020 1:52 PM
8	Incorporate the names of South Park residents or words from the different languages representing our diversity in the brick/concrete work	10/5/2020 2:45 PM
9	Try a mural - high impact & low cost.	10/1/2020 4:28 PM
10	More affordable housing is critical! Please work that into the plans	9/30/2020 8:37 AM
11	Yes! The designs need to reflect multicultural aspects that represent local South Park residents, not just for English and Spanish speaking residents who have lived in this neighborhood.	9/30/2020 1:23 AM
12	HOUSING	9/29/2020 3:57 PM
13	South Park has a proud hispanic heritage and it would be nice to see that reflected in the design of the park.	9/29/2020 2:12 PM
14	Elements that honor the neighborhoods history are super important (Duwamish River Tribal Histories and Immigrant community stories).	9/29/2020 1:59 PM
15	Not sure what that would be, but could be embossing on wall or benches, or carvings the depict images from Latino, and indigenous cultures.	9/29/2020 1:33 PM
16	Please celebrate diversity and community. This is why I love South Park. I love how we have come together to help one another through the pandemic. Unfortunately I have started to feel more political and racial tension in the neighborhood. We need to celebrate the fact that we are one of the most diverse neighborhoods in the city and thank our neighbors or pat ourselves on the back for coming together in 2020	9/29/2020 12:06 PM
17	Honor to the Duwamish and Coast Salish people	9/29/2020 10:55 AM

South Park Plaza Survey #2 (English/Español/Tiếng Việt)

18	duwamish iconography in sidewalks to tell stories like the sidewalk at alki beach	9/28/2020 7:31 PM
19	Central focus point	9/27/2020 3:43 PM
20	Overhead coverage over some area of the park. Hookup for food trucks and concerts.	9/27/2020 3:29 PM
21	i think that you should allow food trucks and vendors galor and create a super cool market that has it's home in the new park. have a cultural walk or plaques that commemorate the tribal lands and the history of the the duwamish tribe.	9/26/2020 9:20 PM
22	I'm not sure what you are asking.	9/26/2020 7:59 PM
23	Put more efforts to partner with other organizations and see what could serve more our neighborhood and communities	9/26/2020 2:29 PM
24	Work with a non-profit affordable housing developer to build affordable housing.	9/24/2020 9:08 PM
25	Just like the Gateway Sign design on the other end of 14th. I like how both indigenous and immigrant aspects were incorporated into the design. South Park has a long history of immigrants and also being the heart of the Duwamish valley. Please try to keep these in mind for the plaza design.	9/24/2020 11:54 AM
26	The central gazebo	9/24/2020 7:39 AM
27	Quizás agregando un jardín comunitario o elementos sustentables de permacultura.	9/23/2020 4:09 PM
28	Let neighborhood children & artists paint what they can once the structures are built!	9/22/2020 12:37 PM
29	Something about the farmers Japanese and Italian. I would like to see something other than Latino. South Park has recognized Latino community through Cesar Chavez Park and Murals.	9/21/2020 8:10 PM
30	The cultural element that can be added is affordable housing with space for cultural creative spaces like art studios, dance studios, childcare, community rooms, and healing spaces.	9/21/2020 6:42 AM
31	An art element that represents the community is appropriate. or maybe a dedicated space for a rotating temporary art installation. Lighting should also be considered	9/20/2020 2:50 PM
32	Please only hire local BIPOC artists from the community to do the work. In my house we have Hawaiian, Ghanian, Jewish and Muslim heritage. Gathering spaces, places to eat and cook/grill food is important and can meet many cultures' needs for the space.	9/20/2020 9:38 AM
33	Our farming history. And we need more trees. Shrubs don't cut it.	9/20/2020 8:33 AM
34	South Park community leaders have repeatedly shared the need for affordable housing in South Park which is rapidly gentrifying. This park needs to include affordable housing, a multi-use community building, and other services. Please act in accordance with the demands of the Duwamish Valley Affordable Housing Coalition.	9/19/2020 3:15 PM
35	Student painted murals?	9/18/2020 7:36 PM
36	?	9/18/2020 11:20 AM
37	Low income housing as well as art from local artist celebrating the Latinx community of South Park. Build a park with integrated housing and not for white gentrifiers pushing out the people of our community.	9/18/2020 9:45 AM
38	No such thing as a 'limited budget' as we see when it comes to funding the police. This aside, we could very well incorporate Latino, Black, and Indigenous/Native American/Indian cultural elements in the park considering they all have made this area their home. I don't believe we have to necessarily choose one or the other.	9/17/2020 7:32 PM
39	Due to a high number of immigrant families I would highly suggest a plaza. This architecture aspect is something you will see in every town or village in Mexico. It makes it feel like home.	9/17/2020 2:56 PM
40	Something to incorporate the River! South Park's Farming history! Maritime also. More about the history of the land.	9/16/2020 11:50 PM
41	I would like to see a cultural element that celebrates the Duwamish Tribe.	9/16/2020 8:29 PM
42	micro futbol 5v5 cement field; between 35 to 40 meters long; 16 to 20 meters width. with metal goals and nets and basketball hops to be use as basketball court as well. between 35 to 40 meters long; 16 to 20 meters width.	9/16/2020 7:30 PM

South Park Plaza Survey #2 (English/Español/Tiếng Việt)

43	South park is a lot of people, and it's changing like all neighborhoods. This kind of question makes me feel like this neighborhood is supposed to fit into a box. Just make a pretty park, useful for all, inclusive of all.	9/16/2020 11:56 AM
44	family life	9/15/2020 11:06 AM
45	Yes, a dog park or something else that will draw people. You have all this versatile space but nothing much to draw the public. It's a park under heavily trafficked thoroughfare between three highways. Why would a family picnic there or bring their children to play? They will go to Concord or the Community Center. Maybe if you manage weekday food trucks, there will be some discouragement/minimization of our ample supply of activities that are not child-safe. Really, though, you ought to put in a dog park. I know you guys are hostile to placing a dog park near the river, but it's a Superfund site on one side of the bridge and you "activated" the other nearby park with the arsenic poisoning under the bench honoring some EPA worker. You are kidding yourself with the notion that you are creating greenspace along the river. If that's what you think, go look at the wetlands area on the river directly under the bridge. Homeless folk camp there--not a lot of affordable housing in this town--and leave their waste there because what can they do? A regularly emptied array of garbage receptacles will do a bit to make the area greener. All of the public garbage and "recycling" cans in the neighborhood are poorly maintained. If you can't do better in the plaza, you might as well spend your money rebuilding the County Line.	9/15/2020 9:27 AM
46	Not sure what type of cultural element you are asking about...a statue? Plaques? Maybe the design of the lighting or picnic tables or the amphitheater could embed some cultural elements	9/14/2020 6:34 PM
47	idk	9/14/2020 2:12 PM
48	A small statue or sculpture representing the diversity of South Park.	9/13/2020 7:03 PM
49	Native symbols and words embedded in the concrete or paving, like at the South Park community center.	9/13/2020 5:25 PM
50	I do not have a strong opinion.	9/13/2020 5:03 PM
51	In coordinating with an affordable housing developer, there would be greater resources for cultural and outdoor amenities. "Grow the pie" of uses on the site and there will be a richer use for everyone.	9/12/2020 2:33 PM
52	South Park has such a wonderful mix of cultures it would be difficult to say what any one cultural element would be. Perhaps the art feature would speak to something that reflects embracing all cultures...OR an element that honors the land and the Duwamish river we all live on.	9/12/2020 12:46 PM
53	.mural on bridge.Perhaps one part of it seasonally changes with new artists Elements in sidewalk like community center Perhaps built in hopscotch or dance footsteps like on Broadway in capital bill but with culturally diverse dances on walk ways	9/12/2020 11:14 AM
54	Native artwork - stone or wood, incorporated into the play space, or the amphitheater stage	9/12/2020 11:05 AM
55	Affordable housing.	9/12/2020 10:46 AM
56	A mix of the current Hispanic community, the agricultural heritage and current industrial environment might work best.	9/11/2020 6:35 PM
57	I like that this plaza can be a focal point for community celebration, along with a very visible front door to the neighborhood. There could be a cultural element(s) that speaks to that, large for the car driving by and small for the people sitting in the park.	9/11/2020 2:43 PM
58	I feel like the final design should have a latinx/Hispanic element to it since that was the majority of the people in South Park in the beginning before it was what it is now and to give something like a tribute to them for living through all the hardships	9/11/2020 2:35 PM
59	Resource/community board to post informational flyers, resources, events etc. Put in a neighborhood food pantry. Central folk art piece. Totem pole?	9/11/2020 2:10 PM
60	Please try to use native and "easy-care" plantings.	9/11/2020 1:36 PM
61	Something that honors the original peoples and the river and the spirit of cooperation and community between current residents	9/11/2020 11:20 AM

South Park Plaza Survey #2 (English/Español/Tiếng Việt)

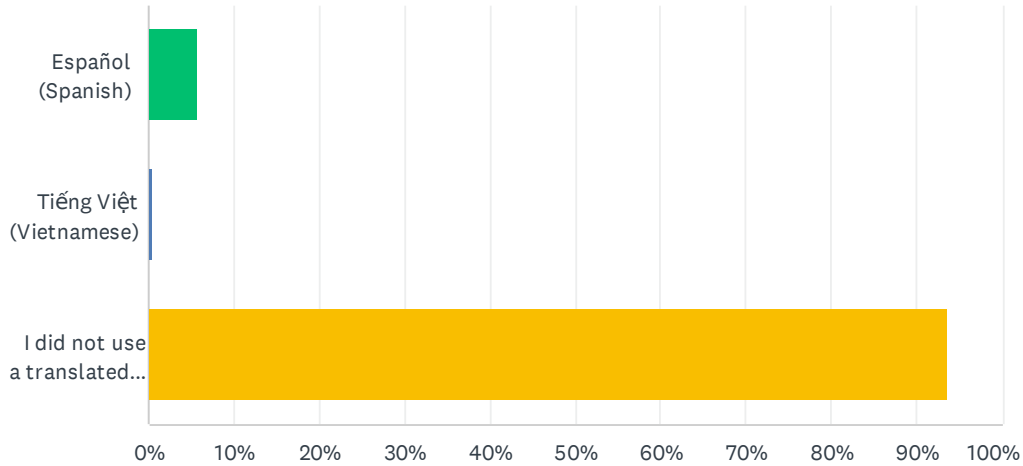

62	A fountain that kids could play in would be nice.	9/11/2020 10:38 AM
63	The more cultural and economic activity the better otherwise it will be taken over by vagrants. How about daily food carts and/or food markets? Tai chi for seniors. Playtime for children. Music.	9/11/2020 9:39 AM
64	Less concrete, more nature and salmon support	9/11/2020 8:23 AM
65	Live music and a kids play area	9/11/2020 7:22 AM
66	Art that displays the diverse that exists in South Park, like murals or painting on the ground and maybe on poles, tables etc.	9/10/2020 9:34 PM
67	Indigenous culture	9/10/2020 9:26 PM
68	I don't know	9/10/2020 7:43 PM
69	I have no idea.	9/10/2020 7:35 PM
70	Something regarding salmon and the Native American who once fished the area.	9/10/2020 6:59 PM
71	perhaps the native Americans that were here first?	9/10/2020 6:35 PM
72	Artwork by local artist	9/10/2020 3:51 PM
73	A Latinx american vibe should be considered as we're in a historically dominated latinx neighborhood. Similar to many plazas in Latin America.	9/10/2020 3:00 PM
74	i think having a mural with history of southpark neighborhood on the blank wall of the bridge would add a nice touch to the park.	9/10/2020 12:54 PM
75	South Park is multi cultural, so artwork that reflects a general sense of peace or unity amid diversity would be fitting.	9/10/2020 10:49 AM
76	BLM monument of some sort?	9/10/2020 10:11 AM
77	I would have signage that includes Spanish and Vietnamese.	9/10/2020 10:07 AM
78	There is a lot of Latinx representation in South Park (crosswalks, etc), so it would be nice to have a Vietnamese or Cambodian cultural element and for them to be engaged in the design.	9/10/2020 9:28 AM
79	Have a Boeing featuring planes or people that live in this are like	9/10/2020 12:13 AM
80	Graffiti wall, stacking rocks, projector screen wall for cultural movies in the park	9/9/2020 11:04 PM
81	Murals by local latinx artists	9/9/2020 9:58 PM
82	Our youth do incredible mural work, so this could be an option. Also, affordable housing would be a good option for part of this park.	9/9/2020 9:53 PM
83	Water, Native American, Hispanic/Latino	9/9/2020 9:19 PM
84	something to do with the Duwamish right there	9/9/2020 7:39 PM
85	absolutely. south park has great murals. incorporating a large mural on the wall adjacent would be a fantastic look coming over the south park bridge. with so much traffic rerouted it is a prime spot and would overlook the park, setting the mood for passersby and residents alike.	9/9/2020 7:33 PM
86	Something that recognizes the land is the historical land of the Duwamish people's. Would be great if tribe historians/leaders were consulted (and paid for their time!)	9/9/2020 7:32 PM
87	Mexican American theme considering the location and those who reside here.	9/9/2020 7:31 PM
88	South Park is far too diverse of a community to have one or even a few cultural elements. I suggest featuring the words "South Park" prominently.	9/9/2020 6:57 PM
89	Low income housing. Residents are being pushed out by gentrification. Park projects like this contribute to gentrification. You're contributing to pushing people out of the neighborhood and not providing assistance to the folks who will be displaced by this	9/9/2020 5:35 PM
90	Alguna figura o pintura que represente la diversidad de este barrio.	9/9/2020 5:14 PM
91	Latinx for neighborhood, and/or indigenous for area and proximity to duwamish river	9/9/2020 4:57 PM

South Park Plaza Survey #2 (English/Español/Tiếng Việt)

92	Community garden, community kitchen, wash room and hydration stations for the unhoused, and allowance for unpermitted vendors.	9/9/2020 4:44 PM
93	Seattle Parks & Recreation should consult with the local owners and long-time residents. THEIR input should be heard...Let me know if I can help robert@utilitysquared.org	9/9/2020 3:46 PM
94	Most importantly, have signage in English, Spanish and Vietnamese. It'd be great to see a mural done by a south park artist displaying the cultural diversity in South Park.	9/9/2020 3:42 PM
95	The pergola in the middle of the last design was very nice. The play elements are of high priority as well as as picnic and gathering spots like the lawn	9/9/2020 3:26 PM
96	The native duwamish people	9/9/2020 2:05 PM
97	How about a mural celebrating the multiple ethnic backgrounds of South Park	9/9/2020 1:45 PM
98	a mural of Chief Sealth and MLK to show the diversity of the neighborhood.	9/9/2020 1:07 PM
99	An element alluding to South Park's farming, milling and brickyard heritage.	9/8/2020 9:07 PM
100	Murals by local artists	8/30/2020 5:19 PM
101	Creemos que es necesario que este parque tenga un centro de entrenamiento sostenible para incentivar a nuestros jóvenes en especialidades relacionadas a energía limpia. medioambiente, green jobs, etc. Tenemos algunas ideas las cuales nos gustaría poder intercambiar con el equipo encargado del diseño. Nuestro e-mail es : info@duwamishvalleysustainability.org	8/30/2020 3:25 PM
102	Something about the connection to the river and/or the agricultural past of South Park would be cool. Maybe the brick walkway has a more meandering design to imitate the formerly meandering Duwamish river, before it was dredged and straightened. I think the connection to the river should be a feature.	8/26/2020 11:19 AM
