N 34TH ST MOBILITY IMPROVEMENTS

Enhancing safety and mobility in Fremont

PROJECT OVERVIEW

Over the last few years, we've worked with the Fremont community to improve transportation in the neighborhood. This project aligns with both the freight and bicycle master plans by enhancing bicycle safety for all ages and abilities while preserving freight access on N 34th St.

DESIGN CONCEPT

On N 34th St from Fremont Ave N to Stone Way N, we're proposing upgrading the existing bike lanes to protected, paint-and-plastic-post bike lanes. The proposal maintains the existing parking on the north side of the street.

This fall, we'll continue to gather feedback to inform the final design. Construction is scheduled to be completed in 2020.

Please let us know if you have questions or would like to request a briefing. Sign up for email updates and review the concept design on our website, www.seattle.gov/transportation/N34Mobility.htm.

DROP-IN SESSION

Tell us what you think

Tuesday, December 11

4:30 – 6:00 PM

Fremont Brewing (1050 N 34th St)

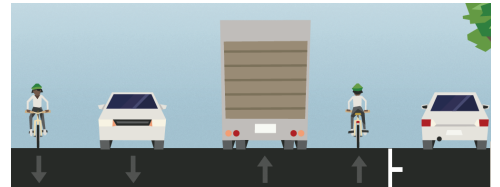

Learn more about the N 34th St Mobility Project, share your experiences, and discuss ideas for improving safety and keeping people and goods moving.

This location is wheelchair accessible.

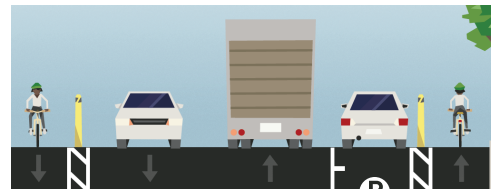

Existing design:

Standard bike lanes with parking

Design concept:

Protected bike lanes with parking

Cross sections are looking west.
