Dear Councilmember Strauss,

Thank you for contacting the Seattle Transit Advisory Board (TAB) on Resolution 32097 (Industrial and Maritime Transportation Resolution).

As you know, the TAB is the modal board that watches over all things transit, so if there any instances where a Major Truck Street, which may be used by freight and transit, is impacted by a reduction in the number or width of lanes running on it, we would appreciate knowing about that.

We fully support the City of Seattle's Vision Zero effort, and agree that we do not want safety to be compromised in any way, for any mode of transportation in Seattle, whether transit or freight mobility between the Port of Seattle and highways.

Best wishes for a successful passage of your Resolution, and please reach out to us if we can be of further assistance.

Sincerely yours,

The Seattle Transit Advisory Board (TAB)
