

Denny Way Paving Project

Nighttime work on Denny Way August 7 and August 8.

WHAT'S GOING ON

Our team will pave the road surface along Denny Way between Stewart St and Westlake Ave, and on Yale Ave between Stewart St and Howell St.

WHEN

Thursday, August 7 and Friday, August 8. Work is weather dependent and subject to change.

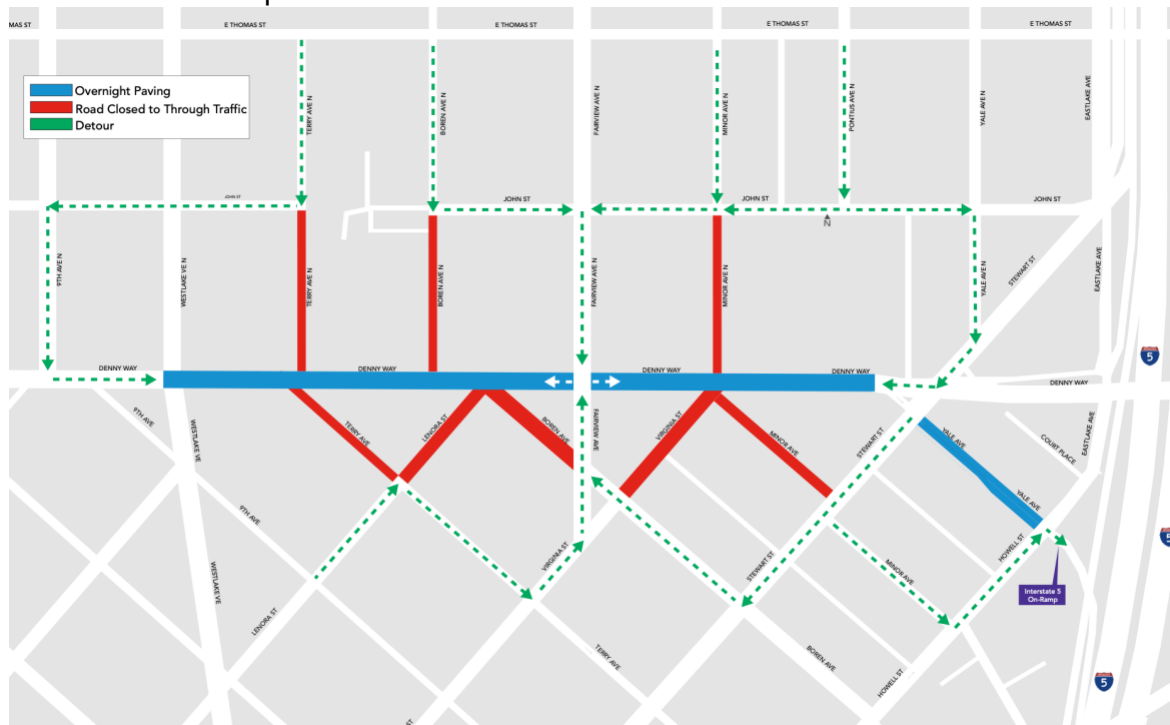

HERE'S WHAT YOU NEED TO KNOW

Work hours will be from 7 PM to 5 AM.

- On Thursday, August 7, crews will pave the south side of Denny Way and the south side of Yale Ave. Two eastbound lanes on Denny Way will close and one southbound lane on Yale Ave. Northbound intersections at Terry Ave, Lenora St, Boren Ave and Minor Ave will be closed with detours posted.
- On Friday, August 8, crews will pave the north side of Denny Way. Two westbound lanes on Denny Way will be closed and one northbound lane on Yale Ave. Southbound intersections at Terry Ave N, Boren Ave N and Minor Ave N will be closed with detours posted.
- There will be some short-term nighttime driveway closures on Denny Way.
- Roads will be reopened to traffic at 5 AM.

Example of road surface being paved.

CONSTRUCTION WILL CREATE SHORT TERM CHANGES TO YOUR AREA

During construction, you can expect:

- Noise, dust, smells, and vibrations during the work.
- Changes to your walking route while we work on sidewalks, with clear signs to guide you.
- Access to your business will always be maintained. We'll let you know in advance about work and any effects to your business in person. We'll also give you a direct contact for your questions.
- Parking and loading areas shifting near work zones, though most work happens at night to limit disruptions.
- Lane shifts along Denny Way near work areas, with signage to direct traffic.

PROJECT OVERVIEW

- We're paving almost 12 blocks of Denny Way to make using Denny Way easier and better for residents and commuters alike. Our work includes asphalt paving, sidewalk upgrades, bus stop changes, new pedestrian ramps, widened sidewalks that shorten crossing distances, new stop bars painted on the street, and new "no turn on red" signs.

STAY CONNECTED
