Early Design Concept

We want your feedback on our early design concept, which includes new public space, crossing improvements, and a left-turn restriction at 15th Ave S and S Oregon St.

Come to this drop-in session to learn more and tell us what you like about the project, or share your concerns. We'll be prepared to talk with you about traffic circulation in the neighborhood and alternatives to the S Oregon St northbound access onto 15th Ave S where a restricted left turn is being proposed.
