# NORTH SEATTLE SIDEWALKS PROJECT- N 117TH TO N 130TH ST

## Coming Spring 2021

We are committed to making it safer and easier for kids, families, and neighbors to walk and bike in your neighborhood. Check out **WHAT WE'VE DONE** along Greenwood Ave N and **WHAT'S HAPPENING NOW**.

## WHAT'S HAPPENING NOW

### Project Background

The segment of Greenwood between N 117th St and N 130th St in Broadview has been a longstanding priority for a new sidewalk construction- it is lined with homes, apartments, condominiums and businesses, while also being a frequently used bus route. We plan on installing new sidewalks along Greenwood Ave N between N 117th St and N 130th St. Construction is expected to start as early as spring 2021.

### Benefits

- These new sidewalks will fill critical gaps and help connect residents to frequent transit services, schools, and other neighborhood destinations.
- With this project we plan to perform spot natural drainage treatments, which will enhance water quality and drainage in this area.
- These improvements will help achieve Seattle's Vision Zero goal to end all traffic deaths and serious injuries by 2030.

### Schedule

We are continuing to work on the design and anticipate it being complete by the end of the year. Construction will start as soon as Spring 2021. ### Funding

This project is funded by the 9-year Levy to Move Seattle approved by voters in 2015. Learn more about the levy at: [www.seattle.gov/transportation/LevytoMoveSeattle.htm](http://www.seattle.gov/transportation/LevytoMoveSeattle.htm)

## WHAT WE'VE DONE

Since 2016 we've been working to install sidewalks along Greenwood Ave N between N 92nd St and N 145th St. In addition to new sidewalk, we've added curbs, planting strips, pedestrian signal improvements, new traffic signals, and Americans with Disabilities Act-compliant curb ramps.
