

Lowell-Meany Greenway & School Safety Project Construction starts as soon as mid-January

PROJECT OVERVIEW

We're making safety improvements as part of our [Safe Routes to School \(SRTS\)](#) program to make it safer and easier for kids to walk and bike to Lowell Elementary and Meany Middle School. These improvements will create a new neighborhood greenway linking the two schools.

WORK AT 19TH AVE E AND E REPUBLICAN ST

As soon as mid-January, we will install accessible curb ramps, a new Rapid Flashing Beacon, and make pavement repairs on the east side of the intersection. We will also trim vegetation if necessary. To complete this work safely and efficiently, E Republican St will have temporary closures on the east side of the intersection (see map at right). Once we have completed work on the east side, we will transition to the west side of the intersection.

Thank you in advance for your patience during this work!

CONSTRUCTION SCHEDULE

Construction is anticipated to start as soon as mid-January and last approximately 6 weeks. This schedule is weather dependent and subject to change.

WHAT'S NEXT

We will be at 15th Ave E/E Harrison St to conduct underground surveys for watermain replacement work at this intersection. You may see us on-site for 1-2 weeks with construction work following shortly after "No Park" signs go up. We will notify residents and businesses before work begins. Please check the project webpage for updates and more schedule details.

WHAT TO EXPECT

We will minimize construction impacts as much as possible. During construction, please expect:

- Typical weekday work hours of 7 AM – 5 PM, Monday through Friday
- Noise, vibrations, dust during work hours
- Temporary closure to through traffic of E Republican St and 19th Ave E (see below)
- Signs and flaggers to direct people around the work zone, including temporary detours
- "No Parking" signs placed in work area 72 hours in advance of work starting
- Equipment and materials in the work area

Map of work area including anticipated temporary detours and road closures.
