

# ALKI POINT HEALTHY STREET

## Examples of traffic calming tools

A mix of design elements will be used to help calm traffic on the Alki Point Healthy Street. These will also help create an inviting experience for all users – especially those who are using mobility aids, walking, biking, using foot scooters or resting while they enjoy our shared public space.

**STREET CLOSED**

**SAFETY FOR ALL USERS**

**INTERSECTION DESIGN**

**CONNECTING TO PARK SPACE**

**City of Seattle**
