The Seattle Department of Transportation (SDOT) invites you to help improve Banner Way NE between Roosevelt Way NE and NE 80th St. We're launching this collaborative process to review conditions along this roadway in March 2016. As safety is our number one priority, we are committed to improving safety for all users of the transportation system by reducing collisions on our streets. Join us at this public meeting to review data and share your experiences on Banner Way NE with the project team. Together we will determine the future of Banner Way NE.

Approved by voters in 2015, the 9-year, \$930 million Levy to Move Seattle provides funding to improve safety for all travelers, maintain our streets and bridges, and invest in reliable, affordable travel options for a growing city.
