

Seattle Public Utilities

Young Leaders Wanted!

Join Seattle's Customer Review Panel

Seattle Public Utilities (SPU) is looking for **young adults aged 18–29** to join our **Customer Review Panel (CRP)**.

The panel helps SPU decide how to invest in clean water, protect the environment, and keep services affordable. You don't need any experience, just your ideas and perspective.

Members meet a few times a year to share feedback that helps shape SPU's work for 1.6 million people in Seattle.

You'll receive a **stipend**, learn how city decisions are made, and help improve services such as water, drainage, recycling, and composting. Apply to share your feedback and make an impact.

Apply by November 19, 2025.
