

**City of Seattle
Public Utilities
Notice of Rule Revision**

Under the authority of the Seattle Municipal Code (SMC) 3.32.020 and 21.04.465, Seattle Public Utilities proposes to amend Director's Rule FIN-220.3, Water Quality Laboratory Analysis Charges. We invite the public's review and comments.

FIN-220.3 sets fees for Water Quality Laboratory services performed for other water districts, wholesale customers (outside of contract) and others as determined by the Drinking Water Quality Division Director.

We propose to add two tests and associated charges and adjust multiple charges based on review of prevailing actual costs.

Copies of the proposed charges are posted at:

Print copies available on request.
