

# SPU Dumpster Staging Requirements

Compacted 2-3yd detached dumpsters at an angle on private property

Note: The angle at which dumpsters are set out for collection depends upon the width of the alley, container dimensions, and other site-specific conditions. Trucks must be able to directly access and lift each container 24' OH and place the dumpster back down without blocking access to another dumpster.

**Note:** See dumpster dimensions [here](#).

Dumpster Dimension Chart			
Size	Length	Depth	Height
2yd	78"	44"	48"
3yd	80"	43"	Rear: 57" Front: 48"
