

# North Transfer Station Odor Evaluation Project

## YOU'RE INVITED!

Seattle Public Utilities (SPU) invites our North Transfer Station neighbors to attend an open house.

We are hosting an open house to share what we've learned and the steps we plan to take to minimize odors originating at the transfer station.

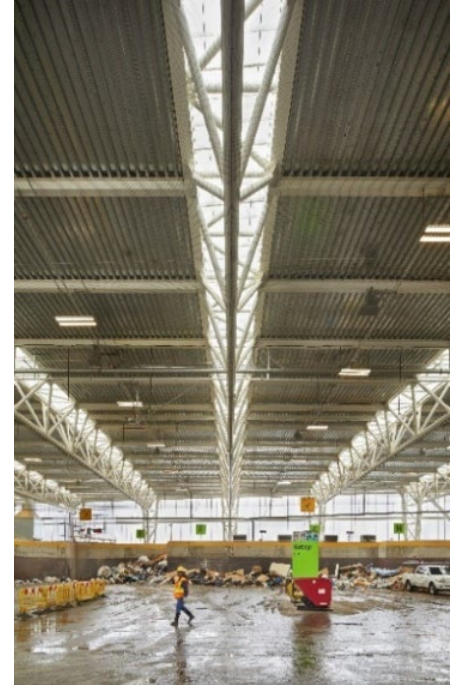

**Date:** Tuesday, September 17, 2024

**Time:** 5:30 to 6:30 PM

**Join in-person:** North Transfer Station Conference Room, 1350 N 34th St, Seattle

**Space is limited for in-person attendance and will be on a first-come, first-serve basis. [RSVP required.](#)**

**Join virtually:** via [Webex](#)

## PROJECT BACKGROUND

SPU operates the North Transfer Station, located in Wallingford. SPU strives to be a good neighbor and maintain air quality standards, including controlling odors.

Since Spring 2023, our team has completed the following:

- Collected warm weather seasonal odor sample in June 2023
- Evaluated new odor complaints, weather data, and current operating conditions, to identify possible improvements
- Modeled site-specific odor patterns and impacts of possible improvements using warm weather odor data, terrain data, discharge velocity, and direct weather observations
- Evaluated select operational improvement solutions for cost and feasibility of implementation based on modeling results

**To report an odor near the North Transfer Station:**

[SPU\\_North\\_Transfer\\_Station\\_Hotline@seattle.gov](mailto:SPU_North_Transfer_Station_Hotline@seattle.gov) | (206) 684-8555

Please include date and time of odor, approximate street address where odor was noticed, and a general description of the odor.
