2023 Work Plan

2023 Priority Action Areas:

1. Advise City on tree and urban forest protection ordinance update	4. Climate change issues and impacts
2. Incorporate RSJI principles into UFC work	5. Support Comprehensive Plan update and Tree Canopy Equity and Resilience Plan development
3. Urban Forestry-related Statements of Legislative Intent	6. Community Engagement/education

The Urban Forestry Commission's work for 2023 is organized in five focus areas; tree-related City regulations and policies, urban forestry funding, outreach and engagement, city planning efforts, and internal operations. The following five worksheets contain the topics and actions, and their related tracking information, for each of these focus areas. The topic areas are arranged in order according to priority. Then within each topic area, actions are prioritized from 1 to 3, using criteria including urgency/timeliness and topic importance. All work of the Commission is conducted with the lenses of the impacts to and importance of environmental justice and climate change.
