

THE SEATTLE MUNICIPAL ARCHIVES PRESENTS

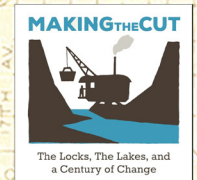

LIFE ON THE CUT

In celebration of the Lake Washington Ship Canal Centennial, the Seattle Municipal Archives, with support from 4Culture, presents *Life on the Cut*—an online photo exhibit of life along the Canal from 1974 through 1980. This exhibit links to 600+ additional historic photos cataloged by the Archives for this project. Go to seattle.gov/cityarchives to see this and our other exhibits, or scan the QR code to go directly to the exhibit on your phone or tablet.

Go to www.makingthecut100.org to learn more about local celebrations for this landscape-changing event.

This project is supported by a grant from 4Culture.
