

## LAND USE APPLICATION FEE REQUIREMENTS

(Effective January 2017)

### Fee Structure for Land Use Fees / Paying Fees

**Hourly Fee:** The Hourly fee for Land Use review is \$315.00. An hourly rate of \$315.00 shall be charged for each hour of review time in excess of the hours included in the minimum review fee. Pre-submittal Conferences have a minimum initial fee of \$630.00 (for 2 hours of meeting and review time). Additional pre-submittal hours will be billed at the hourly rate.

Master Use Permit applications are reviewed on an hourly basis. The minimum fee paid at application covers basic review of the proposal. Some proposals, due to complexity, quality of submittal material, or public controversy, may require **additional hours**. This time will be billed at the hourly rate. Some charges, such as general processing, are not billed hourly and are part of your initial payment. Additional explanation regarding what activities are associated with hourly charges is discussed further in this document.

The most common application types are found in the table on page 3. For Land Use Application types not listed, please review the **2017 Fee Subtitle Chapter 22.900C**, "Fees for Land Use Review".

- Land Use Intake Fee:** This fee applies to intake appointments for land use reviews and for each appointment.
- **Public Notice Fees:** Notice Fees are collected at the land use intake appointment. Please refer to the table on the attached sheet and Director's Rule 2-2013 for applicable notice fees based on application type.
- Minimum Land Use Review Fee:** For **most** application types, the minimum land use review fee is \$3,150.00 for 10 hours of review time. **The Land Use Minimum Review Fee, Public Notice Fee, Land Use Intake fee and outstanding hourly fees that may apply are all due at intake.**

### Master Use Permit Activities Associated With Hourly Charges

For your information, below is a list of tasks for which your land use reviewer will charge an hourly fee. Please talk with your Land Use Planner if you have questions about fees for your project.

- Site visits
- Research
- Zoning review
- Pre-submittal assistance
- Review of file application materials in preparation for written analysis and decision
- Corrected plan review (time and number dependent on quality and completeness of application materials)
- Land Use review on Building Permits
  
- Phone calls with neighbors
- Phone calls with project contact person, owner, and architect
  
- Meetings with neighbors
- Meetings with applicant, contact person, owner, architect
  
- Coordination and/or meeting with other City departments (Seattle Transportation, City Light, DON, SPU, etc.)
- Coordination and/or meeting with State agencies (DOE, Fish & Wildlife, etc.)
- Coordination and/or meeting with other SDCI reviewers (Geotech, wetlands, etc.)

- Presentation/discussion of project issues at team meetings, code interpretation meetings
- Design review public meetings
- Preparation of Design Guidelines and Recommendations
- Work with in-house Design team
  
- Drafting land use decisions
- Review of decision by supervisor
- Edits of decision for publication
  
- Reviewing project after published decision to assure conditions are met and plans reflect final design (for projects subject to Design Review)
  
- Preparation for appeal hearings
- Appeal hearings
  
- Demolition, TRAO coordination
- Final review of MUP issuance
