WHAT'S HAPPENING

The Beacon Ave S and 15th Ave S Safety Project is making safety improvements to your neighborhood in response to community feedback. We heard from community members who want busy streets to become more people-oriented and easier to cross safely. This construction improves safety for everyone walking, biking, rolling, and driving in this area by slowing traffic and improving visibility at pedestrian and bike crossings.

WHAT WE'RE DOING

- Repairing pavement along 15th Ave
- Installing paint and post curb bulbs at the east intersections of 15th Ave S & S Massachusetts St, S Plum St, and S Hill St
- Formalizing existing parking on S Atlantic St, S State St, S Grand St, S Holgate St, and S Hill St
- Installing a rapid-flashing beacon on 15th Ave S & 14th Ave S intersection
- Installing 5 speed cushions on 15th Ave S between Golf Dr S and S Walker St
- Installing speed cushions on 14th Ave S near Beacon Hill Elementary School in collaboration with the Beacon Ave S & 14th Ave S Safe Routes to School Project

Thank you for your patience as we work to complete these improvements in your neighborhood!
