

Our Vision, Mission, Values, & Goals

Seattle is a thriving equitable community powered by dependable transportation. We're on a mission to deliver a transportation system that provides safe and affordable access to places and opportunities.

Purpose

Today we will be providing a refresher on SDOT Director's Rule 10-2015 and an update on the Street Use focus for the past few years.

Presentation Outline

- What is a Director's Rule
- Director's Rule 10-2015
 - Requirements
 - Exemptions
- Enforcement Process
- What have we been working on?
- What's Next?
- Q&A

What is a Director's Rule

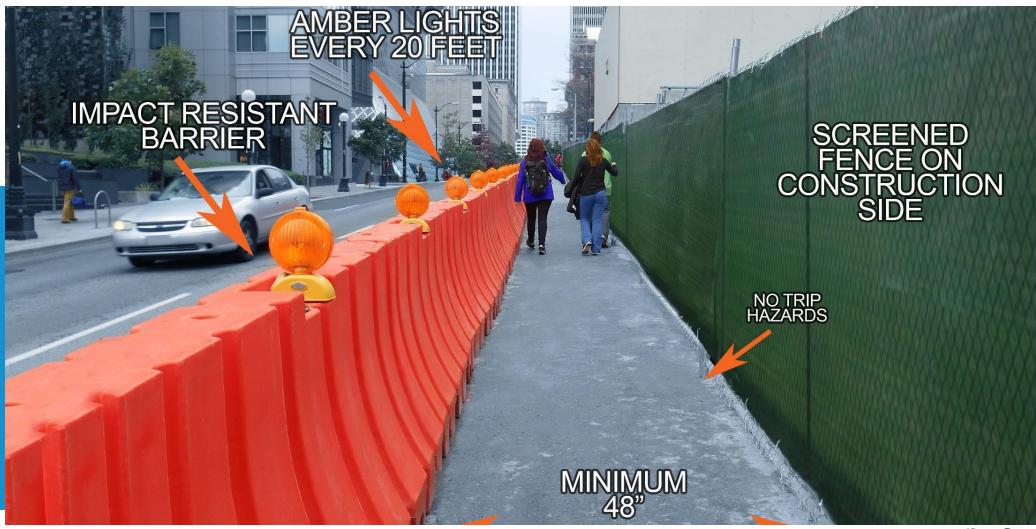

DRs are the strongest policy documents the City has that aren't adopted by City Code

What does DR 10-2015 do?

- Emphasize closures as last resort
- Establish clear standards for materials
 & placement
- Apply to all work in ROW
- Clarify considerations for permitting types of access and closures

Requirements

Before and After Example

Exemptions

- Project needs to close the ROW for repair, installation or restoration
- Work poses a hazard to the public
- Project needs to control the adjoining ROW for export, import or deliveries

- Terrain
- Proposed reroute/detour will not impact adjacent properties and businesses
- Cost of maintaining an open sidewalk exceeds 20% of total construction budget

Enforcement Process

First Violation

Second Violation Third Violation

Fourth Fifth Violation

Provide Clear Verbal Direction

Issue \$250 civil

Issue \$500 civil

Schedule a meeting with SU Division Director, Mtc Operations Division Director, Dept.

Issue Inspection Report

Schedule follow up inspection within 24 hours

Schedule a meeting to develop an action plan (supervisor level) Schedule a meeting to develop an action plan (management level)

Emergency Order

Law Department notifies contractor of potential Notice of Violation Law files claim for \$500 per day (NOV) Injunction to cease and desist

Director

Schedule follow up inspection within 24

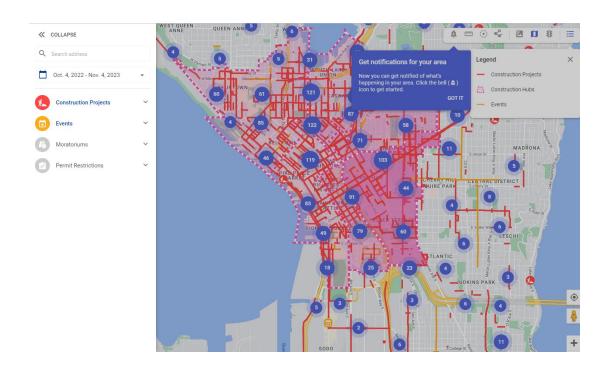

What have we been working on?

- Public Facing Construction
 Impact Map
- Safe Start Permitting
- Accela Permitting System Implementation
- Hub Evaluation
- Snow and Ice Removal
 Sidewalk Emphasis
- Updated Use Fee Model

What's next?

- Develop reporting metrics within the new permitting system
- Transition from pandemic business support to a sustainable business permitting model
- Monitor pedestrian and traffic patterns as businesses return to the business core
- Evaluate staffing levels to support review and enforcement
